NOTIFICATION.

24-Parganas.

No. 5670A.R.—The 28th December 1923.—Whereas the Commissioners appointed under rule 36 (*2*) (*a*) of the Bengal Electoral Rules to inquire into the petition presented by Dr. Abdullah-al Mamun Suhrawardy against the election of Maulvi Saiyid Nasim Ali to the Bengal Legislative Council by the 24-Parganas Rural (Muhammadan) Constituency, have after due inquiry reported to the Governor that the returned candidate Maulvi Saiyid Nasim Ali had not been duly elected,

Now, therefore, in exercise of the power conferred by rule 45 (*3*) of the said rules, the Governor is pleased to declare, in accordance with the report of the Commissioners, the election of Maulvi Saiyid Nasim Ali as a member of the Bengal Legislative Council for the 24-Parganas Rural Muhammadan Constituency to be void.

His Excellency the Governor is further pleased to order that in accordance with the recommendations of the said Commissioners each party shall bear his own costs.

The following report of the said Commissioners is published in accordance with the provisions of rule 45 (*2*) of the said rules.

A. N. MOBERLY,

Chief Secretary to the Government of Bengal (offg.).

In the Court of the Commissioners appointed under rule 36 (*2*) (*a*) of the Bengal Electoral Rules at Alipore, district 24-Parganas.

PRESENT:

(1) A. J. Chotzner, ESQ., I.C.S., District and Sessions Judge, 24-Parganas, *President.*
(2) D. C. Patterson, ESQ., I.C.S., Additional District and Sessions Judge of the 24-Parganas.
(3) Rai Sarada Prosad Bakshi Bahadur, retired District and Sessions Judge.

CASE NO. 1 OF 1923.

Dr. A. Suhrawardy, *petitioner.*

versus

Saiyid Nasim Ali, *opposite party.*

Report.

WE have been appointed Commissioners to enquire into the petition presented by Dr Abdullah-al Mamun Suhrawardy against the election of Maulvi Saiyid Nasim Ali to the Bengal Legislative Council by the 24-Parganas Rural Muhammadan Constituency.

The proceedings were *ex parte* as Maulvi Saiyid Nasim Ali, the returned candidate, did not appear although notices were duly served upon him.

The facts are not in dispute.

Dr. Suhrawardy who is registered as an elector on the Electoral Roll of Calcutta North Muhammadan Constituency in Ward No. 9 and who is thereby duly qualified to stand for election from the 24-Parganas Rural Muhammadan Constituency, caused a Nomination Paper to be delivered to the Returning Officer for his election as a Member of the Bengal Legislative Council at the general election of November 1923.

Dr. Suhrawardy's proposer as stated in the Nomination Paper was Kazi Abdul Jalil, whose number in the Bengali Electoral Roll is No. 1, thana Baduria, Union No. 9, Shaistanagar. In the Electoral Roll however Kazi Abdul Jalil's name was wrongly printed as Kazi Abdul Janis, son of Kazi Mahommed Hatem, the other particulars being correct. At the time when Kazi Abdul Jalil presented the Nomination Paper he entered his name under the head of "proposer" as Kazi Abdul Janis and within brackets Kazi Abdul Jalil. He explains that the reason why he made the duplicate entry was to bring his name into conformity with the name wrongly recorded in the electoral roll. He filled up the details required as to his number, etc., and signed his correct name below in the appropriate line.

The Nomination Paper was presented to the Returning Officer on 8th October 1923. On 11th October Mr. Lodge, the Returning Officer, in his certificate of scrutiny observed that "the proposer's name is Kazi Abdul Jalil, whereas the name in the Voters List is Abdul Janis. The proposer is not present and there is nothing before me to show that Abdul Jalil and Abdul Janis are the same person." He, therefore, rejected the Nomination Paper apparently, under Regulation XXI (*1*) (*iv*). Thereupon Dr. Suhrawardy presented the present petition.

The short point for decision is whether the refusal by the Returning Officer of Dr. Suhrawardy's Nomination Paper was improper and whether as a fact the result of the election has in consequence been materially affected within the meaning of rule 44 (*i*) (*c*)

We have heard the evidence of Kazi Abdul Jalil and are quite satisfied that he is identical with the voter No. 1 of the Electoral Roll who has been wrongly printed in the Bengal Electoral Roll as Kazi Abdul Janis. He has explained that he saw the Electoral Roll for the first time on the date he signed the Nomination Paper and shortly before he signed it, and that was the reason why he entered the name given in the Electoral Roll accompanied by his true name in brackets.

We are fully satisfied that this is the true explanation.

We have also heard the evidence of Babu Shama Charan Mondal, the Collecting *Panchayat* of Union No. 9, Shaistanagar. He is acquainted with Kazi Abdul Jalil and states that there is no one in his village of the name of Abdul Janis.

We accept that statement.

He was responsible for the preparation of the Voters List of his union which he prepared from his copy of the Assessment Register and dictated it to his paik Prafulla Chakraburtty, who wrote it out (Exhibit 2). It would appear from an examination of this list that the writing of the name "Jalil" was somewhat indistinct and so no doubt at the time of printing the mistake was made. From our own inspection of the list we are of opinion that the real entry was Jalil and not Janis.

It seems to have been somewhat unfortunate that at the time of scrutiny by the Returning Officer neither Kazi Abdul Jalil nor Dr. Suhrawardy were present and the Returning Officer was therefore not in a position to hold an adequate enquiry into the matter. If he had been able to do so, he would not have rejected the Nomination Paper. It was held in the case of *Oldham (1869 1 O' M & H 153)* that if a person on the register is called by a wrong name, that will not vitiate his vote. Upon the same principle it would follow that a person incorrectly described in the Electoral Roll is not thereby debarred from acting as a proposer of a candidate.

For these reasons we think that the Nomination Paper was improperly rejected by the Returning Officer. The effect of this has been materially to affect the result of the Election and we are therefore of opinion that the returned candidate Maulvi Saiyid Nasim Ali has not been duly elected.

We have been pressed by the learned vakil for the applicant to award him his costs, but in view of the fact that the hearing has been *ex-parte* and that the mistake was one for which Maulvi Saiyid Nasim Ali could in no way be held responsible, we recommend that the petitioner do bear his own costs.

A. J. CHOTZNER,

D. C. PATTERSON,

SARODA PROSAD BAKSHI,

Commissioners.

The normal surplus which may be expected in future, *i.e.*, the difference between the average ordinary income and the average ordinary expenditure calculated on the figures in columns 13 to 15 and 17 to 19, respectively.	Remarks.
20	21
Deficit Rs. 15,800.*	* A full explanation is given in paragraph (*d*) of the explanation given in the reverse.

In addition to the details required on the reverse clear information should be given under the following heads :—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan the particular steps which the Board has taken or has agreed to take in order to make good the deficiency.	(*a*) Though according to the figures shown in columns 13 to 15 and 17 to 19 no surplus is available in future years for the payment of the proposed loan, yet as the District Board expects an increase of income from provincial rates due to revaluation now going on of at least Rs. 5,000 during the current year and of about Rs. 60,000 during 1924-25 and of about Rs. 2,00,000 from the subsequent years after the completion of the revaluation work the repayment of the instalments of the proposed loan could be easily arranged for.
(*b*) Possible means of increase in the revenue of the District Board.	(*b*) From revaluation of cesses which is going on.
(*c*) A statement of outstanding loans as well as the annual charge involved on their account.	(*c*) Nil.
(d) Any explanation in regard to expenditure to show the true financial position of the Board when such position is otherwise than the ordinary surplus would indicate.	(*d*) Though on the basis of actual calculation of the figures in columns 13 to 15 and 17 to 19 it appears that no surplus could be expected in future years as there was a deficit on an average of Rs. 15,800 during the last three years, the District Board expects that after meeting all necessary expenditure there will be a surplus of Rs. 10,000 during the next year and considerably more during the subsequent years due to expected increase of income from cess revaluation as explained in column (*a*) above.

In the matter of the Government of India Act

and

In the Matter of the Bengal Electoral Rules and Regulations, 1923

and

In the matter of the election of the Calcutta South Non-Mahomedan Constituency to the Legislative Council of the Governor of Bengal.

S. N. Haldar (full name Surendra Nath Haldar), Bar-at-law, of 20, Mullen Street, Calcutta, petitioner, and

Surendra Nath Mullick (Mallik), residing at 2, Chandra Nath Chatterjee Street (Ward 22, Bhowanipore), Calcutta, the Chairman of the Calcutta Corporation and T. Y. J. Roxburgh, Returning Officer and the Chief Presidency Magistrate, Calcutta, respondents.

TO HIS EXCELLENCY THE RIGHT HON'BLE VICTOR ALEXANDER GEORGE ROBERTS BULWER LYTTON, EARL OF LYTTON, P.C., G.C.I.E., THE GOVERNOR OF BENGAL.

The humble petition of S. N. Haldar, Bar-at-law, of 20, Mullen Street, Calcutta,

RESPECTFULLY SHEWETH—

1. Your petitioner is duly qualified to stand for election from the Calcutta South Non-Mahomedan Constituency and was a candidate for election from the said constituency.
2. The said Surendra Nath Mullick is the Chairman of the Calcutta Corporation and was the only other alleged candidate for election from the said constituency.
3. The said T. Y. J. Roxburgh is the Chief Presidency Magistrate of Calcutta and is the Returning Officer of the said constituency.
4. Your petitioner was duly proposed and seconded for nomination as a candidate for the said constituency by Mr. B. Chakravarti and Mr. Basanta Kumar Lahiri and by another two sets of proposers and seconders, all of whom were duly qualified to propose and second the nomination.
5. Your petitioner soon after 11 o'clock in the forenoon on the 8th of October 1923, the last date appointed for nomination of candidates, duly delivered to the Returning Officer the said Mr. Roxburgh at his office three sets of nomination papers completed in the form prescribed in the Schedule III and subscribed by your petitioner himself as assenting to the said nomination in the presence of the said Returning Officer and also duly

subscribed by two persons as proposer and seconder in accordance with the rules and regulations made in that behalf. A copy of the nomination paper proposed by Mr. B. Chakravarti and seconded by Mr. Basanta Kumar Lahiri is hereunto annexed and marked "A."

6. Your petitioner signed the said nomination paper in the presence of the said Returning Officer who thereupon put in the hour, the date and his own signature on the said form in the presence of your petitioner. Your petitioner on his signing the said nomination paper as aforesaid in the presence of the said Returning Officer and on the said Returning Officer himself having put in the date as aforesaid in the presence of your petitioner as aforesaid, did not think it necessary to put in the date in the subscription portion of the said nomination paper.

7. The said Returning Officer duly signed in the presence of your petitioner the certificate of delivery at the bottom of the said nomination paper stating the date on which, and the hour at which, the nomination paper had been delivered to him as aforesaid.

8. The said Returning Officer also duly informed your petitioner that he has fixed the 11th of October 1923 at 11 o'clock at his office for the scrutiny of nomination.

9. The said Returning Officer soon thereafter caused to be affixed in a conspicuous place in his said office, a notice of the said nominations of your petitioner containing descriptions similar to those contained in the said nomination paper both of your petitioner and of the said Surendra Nath Mullick and also a date, the date being the said October 8th of 1923.

10. Your petitioner on the 11th of October attended at the appointed hour as aforesaid and examined the nomination papers of the said other alleged candidate, who also examined the nomination papers of your petitioner.

11. The said Returning Officer then examined the said nomination papers and called for objections to the said nominations from the said Surendra Nath Mullick and your petitioner.

12. The said Surendra Nath Mullick thereupon objected to the said nomination paper of your petitioner on the alleged ground that no date had been put in the subscription portion of the nomination papers of your petitioner and asked the said Returning Officer to reject the said nominations on the said alleged ground. Thereupon your petitioner explained as to why the said date was not put in in the said nomination papers as aforesaid and contended on various grounds that the said objection to the nomination papers was frivolous and should be disallowed. The said Returning Officer, however, rejected the nominat on papers of your petitioner on the alleged ground that the said nomination papers we e undated, although the said nomination papers were signed by your petitioner in his presence on the said 8th of October 1923, and although he himself had put in the said date in the said nomination papers as aforesaid and although he himself held that your petitioner was qualified to stand for election, that the omission to put in date was admittedly a mere irregularity of a technical nature and that the said nomination papers were in fact signed by your petitioner in his presence on the said 8th of October 1923.

13. On the 11th of October 1923 the said Returning Officer improperly rejected the nomination papers of your petitioner as aforesaid and stated his reasons, a copy of which s hereunto annexed and marked "B".

14. The said Returning Officer had also given a certificate of scrutiny holding that your petitioner and his proposers and seconders were respectively qualified to stand for election, to propose and to second the said nomination.

A copy of the said certificate is hereunto annexed and marked "C".

15. Your petitioner submits that the filling in of date was no part of the completion of the said nomination papers and that the nomination papers delivered by your petitioner were duly completed in accordance with the rules and regulations made in that behalf. Your petitioner further submits that your petitioner had substantially complied with the rules and regulations made in that behalf and that the mere omission, if any, of putting in of the date in the form and at the place as given in the said form and in the circumstances of this case as aforesaid, is not such a non-compliance as can vitiate in any way the said nomination papers as contravening the said rules and regulations. Your petitioner further states that the said non-compliance did not at all prejudice the said Surendra Nath Mullick or any other person and was not at all material to the said nomination papers. Your petitioner further submits that the said non-compliance did not go to the root of the matter and was of a trivial nature and should have been overlooked.

16. Your petitioner was in all respects duly nominated according to the provisions of law made in that behalf and no other objection was made to the nomination papers of your petitioner by the said Returning Officer or by the said Surendra Nath Mullick or any other person.

17. In the facts and circumstances of this case, your petitioner submits that the said Returning Officer wrongfully and improperly rejected the said nomination papers of your petitioner whereas he should have accepted the said nomination papers under the provisions of the said Government of India Act and the rules and regulations made thereunder.

18. Your petitioner again on his part objected to the nomination of the said Surendra Nath Mullick, who is the Chairman of the Calcutta Corporation, on the ground that the nomination of the said Surendra Nath Mullick appeared on the face of it to be an abuse of right of nomination inasmuch as it purported to nominate an official who is disqualified for election as a member of Bengal Legislative Council, and requested the said Returning Officer to reject the said nomination. The said Returning Officer failed and neglected to decide the said objections but only noted the said objection. A copy of the said nomination paper with the said note is hereunto annexed and marked "D". The said Surendra Nath Mullick is an official and this appears conclusively from a mere perusal of the Calcutta Municipal Act.

19. The said Surendra Nath Mullick has been appointed by the Government of Bengal as the Chairman of the Calcutta Corporation and is removeable from the said office by the said Government at its discretion and he receives a salary as fixed by the said Government The said Surendra Nath Mullick as such Chairman is bound to devote his whole time to the duties of the said office and is not entitled to engage in any other profession, trade or business whatsoever, and is bound to act under the directions of the said Government.

20. In the facts and circumstances of this case your petitioner submits that the said Surendra Nath Mullick is an official and as such is not eligible for election to Bengal Legislative Council.

21. In the premises aforesaid your petitioner submits that the said Returning Officer wrongfully and improperly accepted the said nomination of the said Surendra Nath Mullick, whereas he should have rejected the said nomination and should have declared your petitioner duly elected under the provisions of the said Government of India Act and the rules and regulations made thereunder.

22. In the afternoon of the said 11th October 1923, your petitioner also asked the said Returning Officer at his office to refer the said question on the interpretation of the said rules for the decision of His Excellency the Governor of Bengal and the said Returning Officer refused to do so.

23. The said Returning Officer wrongfully and improperly purported to publish the list of the said alleged valid nomination on the 12th of October, 1923.

24. The said Returning Officer wrongfully and improperly purported to declare the said alleged election of Surendra Nath Mullick on the 2nd of November, 1923.

25. The said Returning Officer wrongfully and improperly purported to report the result of the said alleged election to the Secretary of the Council also on the said 2nd November, 1923.

26. The said alleged election was wrongfully and improperly published in the *Calcutta Gazette* on the 7th of November, 1923.

27. In the premises aforesaid your petitioner states that the result of the said alleged election has been materially affected by the said improper refusal of the nomination of your petitioner and the said improper acceptance of the nomination of Surendra Nath Mullick and the said non-compliance with the provisions of the Government of India Act and the rules and regulations made thereunder, whereas in the facts and circumstances of this case your petitioner should have been declared duly elected by the said Returning Officer and reported as such.

28. The said Surendra Nath Mullick purported to lodge his return of expenses and declarations on the 15th of November, 1923.

Wherefore, your petitioner prays that it may be determined and declared that the said Surendra Nath Mullick was not duly elected or returned and that his election and return were and are wholly null and void and that your petitioner the said S. N. Haldar was duly elected and ought to have been returned and that the said Returning Officer T. Y. J. Roxburgh may be deemed a respondent to this petition, and that the said Surendra Nath Mullick, the said T. Y. J. Roxburgh or some or one of them may be ordered to pay the costs of this petition to your petitioner.

To HIS EXCELLENCY THE GOVERNOR OF BENGAL.

Maharaja Sir Manindra Chandra Nandy, K.C.I.E., *petitioner*,

versus

The Hon'ble Mr. Provash Chandra Mitter C.I.E., of 34-1, Elgin Road Bhowanipur, Calcutta, *respondent.*

The humble petition of Maharaja Sir Manindra Chandra Nandy, K.C.I.E., of Kassimbazar.

MOST RESPECTFULLY SHEWETH—

1. That your Excellency's petitioner was a Member of the Council of State.
2. That on the 7th October, 1923, the petitioner resigned his seat on the said Council of State by an Express wire, and also a letter, addressed to His Excellency the Viceroy and Governor-General of India, copies of which wire and letter are annexed hereto and marked with the letters " A " and " B ".

3. That J. H. Lindsay, Esq., the then Commissioner of the Presidency Division, was the Returning Officer for the Presidency Division Landholders' constituency for the last election to the Bengal Legislative Council.

4. That on the 8th October, 1923, three printed forms for nomination for election from the said Presidency Division Landholders' constituency, sent by the said Returning Officer, were duly filled in and delivered to the said Returning Officer at his office at 3, Charnock Place, Calcutta, with copies of the said wire and letter, addressed to His Excellency the Viceroy and Governor-General of India.

5. That on the 9th October, 1923, the petitioner sent another wire to His Excellency the Viceroy and Governor-General of India, requesting that the acceptance of the petitioner's said resignation might be communicated by wire in view of the date of scrutiny of the nomination papers being fixed on Thursday, the 11th October, 1923, evidence about which was offered but considered not necessary by the Returning Officer, a copy of which wire is also annexed hereto and marked with the letter "C".

6. That accordingly on the 10th October, 1923, a wire was received by the said Returning Officer from the Secretary, Legislative Department, to the Government of India, communicating the Governor-General's acceptance of the petitioner's said resignation with a copy to this petitioner, copy whereof is filed herewith and marked with the letter "D".

7. That on the 11th October, 1923, the date fixed for scrutiny of nomination papers by the said Returning Officer, the petitioner could not personally attend, but authorised in writing his retained Vakil, Babu Debendra Nath Bagchi, and his Private Secretary, Mr. Prithish Chandra Roy, to represent the petitioner at the scrutiny, the former of whom only was allowed inside the Chamber of the said office where the scrutiny took place, while the latter had to wait in the adjoining Hall.

8. That the other candidates from the said constituency, and present at the scrutiny, were Rai Jotindra Nath Chaudhuri representing himself, and the Hon'ble Mr. Provash Chandra Mitter, C.I.E., with his Vakil, Babu Charu Chandra Biswas, and one of his proposers Babu Bhabendra Nath Roy of Narail.

9. That objection was raised by Babu Charu Chandra Biswas, vakil, on behalf of and assisted by the said Hon'ble Mr. Mitter, that the nomination of the petitioner must be rejected as the petitioner was not eligible for election on the date of filing the nomination forms, *i.e.*, on the 8th October, 1923, he being still a member of the Council of State as his resignation had not yet been accepted.

10. That, in reply, the petitioner's Vakil, Babu Debendra Nath Bagchi, submitted *inter alia*, that there was no substance in the contention raised above, that the petitioner had already resigned when his nomination forms were put in, that that was quite sufficient to make him eligible to be nominated as a candidate, the acceptance following as a matter of course, and relating back to the date of the resignation, and that, as matters stood, it was quite clear that the resignation had already been accepted before the date of scrutiny, *i.e.*, the 11th October, 1923, as appeared from the telegram of the 10th referred to above, and, therefore, the petitioner "was not ineligible for election," which was the only question then before the Returning Officer.

11. That it was further submitted on behalf of the petitioner that if any light was necessary on the point as to when exactly the petitioner's resignation had been accepted by His Excellency the Governor-General, a reference by a prepaid Express wire at the petitioner's expense might be made to His Excellency, and the point cleared up in the course of the day.

12. That it was last of all prayed on behalf of the petitioner that as a question had been raised as to the interpretation of the Rules and the Regulations, a reference by wire should, at any rate, be made on the point to His Excellency the Governor of Bengal under Rule 48 and Regulation LXXXVI of the Bengal Electoral Rules and Regulations, which were imperative.

13. That the Returning Officer appreciated none of the contentions raised and the prayers made on behalf of the petitioner, and rejected the petitioner's said nomination by an order then and there, a copy of which order was applied for but not supplied, and which runs as follows :—

> "I must refuse the nomination of this candidate the Maharaja of Kassimbazar. Under section 93 of the Government of India Act the seat in the Council of State becomes vacant on the acceptance of the resignation of the Member. The Maharaja wired his resignation on the 7th instant and also sent a letter on that day. The only evidence of the acceptance of the resignation is a telegram from Simla from the Secretary, Legislative Department, dated 10th instant. If this evidence is accepted, I must hold that the resignation takes effect from the 10th instant, and that on the 8th instant when the nomination papers were filed, the Maharaja was still a member of the Council of State. Accordingly at the time of his nomination, he was not eligible for election [*See* rule 5(*I*) (*e*)] and so the provisions of rule II(*I*) were not complied with. The nomination is therefore refused under Regulation XXI (*i*) and (*iii.*)

J. H. LINDSAY,

Returning Officer."

11th October 1923.

14. That a petition was forthwith submitted on behalf of this petitioner by his Vakil that as none of the contentions raised and prayers made by him on behalf of Your Excellency's petitioner had been noted in the said order, the said petition might be kept on the record with such remarks as the Returning Officer might be pleased to make, and the said petition was, accordingly, ordered to "be filed with the papers".

15. That the result of the election has since been published and the said Hon'ble Mr. Provash Chandra Mitter, C.I.E., has been declared duly elected, but he has not lodged his return of Election expenses and declarations with the Returning Officer, under rule 19 of the Bengal Election Rules and Regulations, 1923.

16. That it may be noted here that for ready remedy against the said order of the Returning Officer, Your Excellency's petitioner on the 15th October, 1923, made an application under section 45 of the Specific Relief Act in the Original Side of the Hon'ble High Court (before the Hon'ble Mr. Justice Cuming), and got an *ad interim* order for stay of all further proceedings, but the said application was ultimately dismissed by the Hon'ble Mr. Justice Page on the 2nd November, 1923, holding that the High Court had no jurisdiction in the matter, and observing that the Election Petition was the remedy open for your petitioner.

17. That against the said order of the Hon'ble Mr. Justice Page, Your Excellency's petitioner on the 9th November, 1923, preferred an appeal in the said Hon'ble Court in its Appellate Jurisdiction, and their Lordships (the Hon'ble the Chief Justice and the Hon'ble Mr. Justice Richardson), while inclined to grant relief, were pleased to dismiss the said appeal on the 13th November, 1923, by separate judgments in the exercise of their discretion in view of the fact that the election was coming to a close in two or three days more by the 15th *idem*, and further that even if the relief prayed for were granted, the order might not be binding upon His Excellency the Governor, while the Election Petition was the proper and complete remedy for your petitioner.

18. That, accordingly, and as advised, Your Excellency's petitioner humbly begs to present this Election Petition under rule 32 of the Bengal Electoral Rules and Regulations, 1923, making the abovenamed returned candidate respondent on amongst other the following grounds:—

Grounds.

(1) For that in refusing the said nomination of Your Excellency's petitioner, the learned Returning Officer obviously erred and acted quite contrary to the clear provisions of Regulation XXI of the Bengal Electoral Rules and Regulations, 1923.

(2) For that the learned Returning Officer was misled by a misconception and too narrow view of rules 5 and 11 of the said Rules and Regulations, and of section 93 of the Government of India Act.

(3) For that the result of the Election has evidently been materially affected by the said improper refusal of the nomination and consequent exclusion of Your Excellency's petitioner from the field.

19. That your Excellency's petitioner deposits herewith Rs. 1,000 in cash for security for costs, and has otherwise complied with the provisions of rules 32, 33 and 35 of the Bengal Electoral Rules and Regulations, 1923.

In these circumstances, Your Excellency's petitioner most respectfully prays that Your Excellency may be graciously pleased to refer this Election Petition for trial according to law, and, upon the report of the learned Commissioners, declare the said Election void and direct a fresh Election, and award costs to this petitioner, or make such other or further order or orders as to Your Excellency may seem fit and proper.

And your petitioner, as in duty bound, shall ever pray.

Verification.

I, Manindra Chandra Nandy, residing at Kassimbazar, district Murshidabad, petitioner abovenamed, do hereby declare that the matters and facts set out in paragraphs 1, 2, 3, 4, 5 (excepting the last line thereof beginning with "evidence about which, etc."), and paragraphs 6 and 18 of the above petition are true to my knowledge, and these in paragraphs 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17 and 18 and the said last sentence of the said paragraph 5 are true to the best of my information and belief. I sign this Verification sitting at my Calcutta residence, No. 302, Upper Circular Road, this the 1st day of December, 1923.

PEACE TREATY.

Delhi, the 20th December 1923.

No. 269.— The following notice is published for general information :—

SUBJECT.—*Final date for submission of debt claims by British Nationals in India against German Nationals in accordance with the provisions of the Treaty of Versailles.*

It is announced for general information that as the result of negotiations with the German authorities it has been decided that all enemy debt claims that reach the German Clearing Office in the proper form before 1st May 1924, will be considered in the Clearing Office procedure. To ensure a claim reaching that office within time it is essential that it should be received in the Local Clearing Office (Enemy Debts), Delhi, duly completed in the proper form not later than the 29th February 1924, and this date has accordingly been fixed as the last date for receiving proofs of claims by the Local Clearing Office (Enemy Debts).

British Nationals in India, or subjects of States in India, who have debt claims against German Nationals arising out of pre-war transactions which they have not already notified to the Local Clearing Office (Enemy Debts), Delhi, should immediately notify such claims to that office.

RESOLUTION.

POLICE.

The 19th December 1923.

No. F. 1-XV—23.—In the Finance Department Resolution No. 429-C.S.R., dated the 16th May 1922, it has been announced that, with the approval of the Secretary of State, the Government of India have revised the rules in Chapter XXXVIII of the Civil Service Regulations relating to the grant of wound and other extraordinary pensions. It has now been brought to their notice that apprehensions have been expressed whether the revised rules take adequate account of the conditions of the police officer's' service. Such officers are often engaged in operations of exceptional risk such as the dispersal of unlawful assemblies, suppression of riots or the arrest of dangerous criminals. Anxiety has been expressed whether operations of this nature, though falling within the scope of their duties, would fall within the terms of the new article 746-B, Civil Service Regulations. The Government of India have no hesitation in declaring that injury or death met in the performance of duties of this kind render the officer concerned or his family eligible for the benefits of the concessions provided by section III of Chapter XXXVIII, Civil Service Regulations.

ORDER.—Ordered that a copy be forwarded to all local Governments and Administrations, to all Departments of the Government of India, and to the Honorary Secretary, Central Committee, Indian Police Association, Bombay.

Ordered further that the Resolution be published in the *Gazette of India*.

J. CRERAR,

Secretary to the Government of India.

The following notifications issued by the Government of India in the Finance Department, published in the *Gazette of India*, dated the 22nd December 1923, are republished for general information.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

The Commissioners for the Port of Calcutta.

CINCHONA FACTORY PRODUCTS.

BY order of the Government of Bengal Cinchona Factory Products will be sold by the **Superintendent, Juvenile Jail, Alipore,** at the undernoted rates from the 1st June 1923 :—

Quinine Sulphate.

For 60 lbs. and above in one delivery	Rs. 27 per lb.
For 6 lbs. and over but less than 60 lbs. in one delivery	" 28 "
For any quantity less than 6 lbs.	" 29 "

Quinine Hydrochloride.

For 60 lbs. and above in one delivery	Rs. 35 per lb.
For 6 lbs. and over but less than 60 lbs. in one delivery	" 36 "
For any quantity less than 6 lbs.	" 37 "

Quinine Di-Hydrochloride.

For 60 lbs. and above in one delivery	Rs. 38 per lb.
For 6 lbs. and over but less than 60 lbs. in one delivery	" 39 "
For any quantity less than 6 lbs	" 40 "

Cinchonidine Sulphate and Cinchonine Sulphate.

For not less than 6 lbs. in one delivery	Rs. 12 per lb.
For any quantity less than 6 lbs.	" 13 "

Cinchona Febrifuge Powder.

For not less than 6 lbs. in one delivery	Rs. 8 per lb.
For any quantity less than 6 lbs.	" 9 "

Cinchona Febrifuge Tablets.

For not less than 6 lbs. in one delivery	Rs. 9 per lb.
For any quantity less than 6 lbs.	" 10 "

Cinchona Bark (in 50 pound original bags).

Per bag	Rs. 25

Quinoidine Tablets.

For not less than 6 lbs. in one delivery	Rs. 7 per lb.
For any quantity less than 6 lbs.	" 8 "

Quinoidine (in Mass).

For not less than 6 lbs. in one delivery	Rs. 6 per lb.
For any quantity less than 6 lbs.	" 7 "

Quinidine Sulphate.

For any quantity less than 6 lbs.	Rs. 39 per lb.

Quinine Sulphate is for sale to Government Institutions and Missionaries only. It is not for sale to Private Firms or the General Public.

Cinchona Febrifuge in Powder and Tablet form (when in stock) is for sale to Government Institutions, Missionaries and the General Public.

Quinine Sulphate will be supplied to Hospitals and Dispensaries of this Presidency only at the wholesale rate of Rs. 27 per lb., irrespective of quantities. For all other purchasers the rates given above will apply.

Transit charges extra in every case.

The system of payment is by—*Cash in advance*—by "*Treasury Chalans*" which should accompany the order or indent.

In cases where this is not possible, payment should be made by "*Remittance Transfer Receipts*" or crossed "*Cheques.*"

Indents unaccompanied by Cash in advance will be sent Value Payable Post.

In the case of *Government Officers* payments will be recovered by *Book Transfer* or *Countersigned Invoices* in the event of *Cash* not accompanying the Indent by "*Treasury Chalans.*" *R. T. R.*, or *Cheque.*

2. Price and postage must accompany the price of the drug (when the drug is required by post).

3. The name of the Railway and Steamer Station or Post-Office must be written distinctly when the parcels are required by Rail, Steamer or by Post.

4. A scale of postage is given below :—

For ½ lb. 4 annas, ¾ lb. 5 annas, 1 lb. 8 annas, 1½ lbs. 11 annas, 2 lbs. 14 annas, 2½ lbs. Re. 1-1, 3 lbs Re. 1-1, 3½ lbs. Re. 1-4, 4 lbs. Re. 1-7, 4½ lbs. Re. 1-13, 5lbs. Re. 1-13, 6 lbs. Rs. 2.

Local sale at the Jail gate from 7 to 10 A.M., and 2 to 4 P.M.

No. 4814M.—The 27th December 1923.—The following paper is published for general information.

G. S. DUTT,

Secretary to the Government of Bengal (offg.).

REPORT OF THE CALCUTTA HOUSING AND COMMUNICATIONS COMMITTEE (1923).

PREFACE.

This Committee was constituted in resolution No. 1232 M., dated the 12th April 1923, of the Government of Bengal, Local Self-Government Department, with the following members :—

(1) Mr. C. F. Beadel, C.I.E.—*President.*

(2) The Chairman of the Calcutta Improvement Trust.

(3) The Chairman of the Calcutta Corporation.

(4) The Chairman of the Port Commissioners.

(5) Rai Ram Taran Banerjee Bahadur.

(6) The Agent, Eastern Bengal Railway.

(7) Raja Reshee Case Law, C.I.E., M.L.C.

(8) Mr. W. J. Traise.

(9) Mr. F. E. Winmill.

(10) Mr. J. Campbell-Forrester, M.L.C.

(11) Rai M. L. Ganguli Bahadur, Assessor to the Corporation.

(12) The Chairman of the Cossipore-Chitpur Municipality.

(13) The Chairman of the Garden Reach Municipality.

(14) Rai Saheb Ramdeo Chokani.

(15) Mr. A. de Bois Shrosbree.

(16) Mr. Mahboob Ali, M.L.C.

(17) Mr. J. H. de C Ballardie.

(18) Babu U. N. Kar.

(19) Mr. D. J. Cohen, M.L.C.

(20) Mr. C. W. Gurner, I.C.S., District Magistrate of Howrah—*Member and Secretary*.

The name of Mr. U. Dowla, Vice-Chairman, Garden Reach Municipality, was subsequently substituted for the Chairman of the Garden Reach Municipality, who had resigned shortly before the resolution was issued. Mr. Charu Sinha, Chairman of the Howrah Municipality, was subsequently appointed to the Committee by the Minister, as Howrah is intimately concerned with the problem. Mr. C. F. Beadel, C.I.E., resigned the office of President in August, as he was about to leave India and Mr. T. Emerson, C.I.E., Chairman of the Calcutta Improvement Trust, was appointed President in his place. Colonel G. R. Hearn, D.S.O., officiating Agent of the Eastern Bengal Railway, also resigned in August, as he was proceeding on leave.

The Committee are especially indebted to Mr. A. de Bois Shrosbree for technical advice on questions of land and building, and to Mr. A. H. Johnstone, Chief Engineer to the East Indian Railway, for elaborating proposals for an overhead railway. We are also indebted to Colonel G. R. Hearn for advice on railway matters. We have further to express our acknowledgments to Mr. S. N. Mallik, Chairman of the Calcutta Corporation, for facilities given for the holding of meetings at the Municipal Office.

The members of the Committee desire also to express their thanks to Mr. C. F. Beadel and Mr. T. Emerson for their guidance of the Committee's deliberations from the Chair, and to Mr. C. W. Gurner for the very efficient manner in which he did the work of secretary.

REPORT OF THE CALCUTTA HOUSING AND COMMUNICATIONS COMMITTEE, 1923.

CHAPTER I.

The Calcutta Housing Problem in recent years.

1. **Terms of Reference.**—The terms of reference to this Committee as given in paragraph 5 of the Government of Bengal, Local Self-Government Department's resolution No. 1332 M., dated the 12th April 1923, are:—

(1) to examine the conditions which operate to produce a permanent lack of equilibrium between supply and demand in respect of housing accommodation in Calcutta; and

(2) generally to suggest what measures appear likely to offer some practicable solution, in spite of financial stringency, of the housing problem, and to enable improvement to be made in the communications between Calcutta and the suburbs;

and in the paragraphs of the resolution mentioned above, which precede this statement of our task, there is given a brief summary of the main facts which have preceded the appointment of our Committee. These include a reference to the Committee of 1919-20, which enquired into "land values and rents in Calcutta" and to the Calcutta Communications Committee of the same year. We think it necessary to refer briefly to the deliberation of these two previous Committees which dealt with the two main aspects of our problem, because we consider it impossible otherwise to understand clearly the peculiar difficulties and limitations which we have to encounter.

2. **Housing Committee of 1920.**—The former Committee, which sat during the cold weather of 1919-20, had to deal with the following terms of reference:—

(1) to enquire into the unprecedented rise in land values and house rents which had recently occurred in Calcutta;

(2) to investigate the cause;

(3) to define its extent and degree;

(4) to examine the charges of profiteering against landlords;

(5) to suggest remedies if they considered it practicable to control or limit the rise in rents;

and their report, stated in general terms, was to the effect:—

(1) that the Committee had been able to obtain comparatively little help by way of direct evidence;

(2) that the rise in values and rents must be considered to be, at least in part, permanent, due to the readjustment in values consequent on the war;

(3) that the greater rise was post-war in date;

(4) that the only real remedy would be found in the immediate provision of additional house accommodation, which necessitated the provision of new building sites forthwith;

(5) that some temporary measure to deal with cases of hardship was desirable, and the Committee proposed the creation of an authority with power to extend the period of a notice to quit up to one year.

3. **Rent Act.**—It will be known to all, as regards the last-mentioned recommendation, that the Government of Bengal, not accepting the Committee's recommendation, finally decided to restrict rents by a special Act. This Act was to have force for a period of three years, but was extended for a further twelve months, which will expire at the end of March 1924.

4. **Communications Committee of 1920.**—Turning now to the second Committee, which dealt with the importance of means of transport to and from, and in Calcutta, and which was appointed by the Government of India to consider this problem, it may be stated in brief that its members placed on record their opinion that a direct connection between suburban stations and the business centre of the city was required to enable suburban passengers to reach their station without a change of vehicle and that the requirements of the case could be met satisfactorily only by the provision of an east and west tube railway from the Eastern Bengal to the East Indian Railway; that the electrification of the railway serving Calcutta should be considered; that the construction of the Bally Bridge, with provisions for both road and rail traffic, should be expedited, and that a number of other measures should be taken up, which, in the opinion of the Committee, were calculated to remove congestion and to facilitate rapid transportation.

5. **The economic factor less prominent in 1920.**—In regard to both Committees, it may be stated that the *economic factor*, though undoubtedly present in both cases, and particularly in the former, was to some extent kept in the background, while their members were formulating their facts and arriving at their conclusions. Nor is this difficult to explain. The general economic conditions of the province, and indeed of the world at large, were during the year 1919-20 abnormal and unstable. Here in India the long drawn-out continuance of war-time conditions, with its restricted production of many essential commodities, and the stringent scarcity of tonnage, had produced a marked shortage, almost approaching a famine, in respect of many articles of ordinary consumption; at the same time the unusual demand created by the war for many commodities and raw materials produced in India, had brought about the receipt of large sums of money which created a feeling of exceptional prosperity. These two main factors resulted in a burst of industrial activity, which, it is now easy to see, was doomed to be short-lived, but which at the time brought about an extraordinary demand for land, buildings, raw materials and staff, with the general result that the city of Calcutta was called upon to accommodate, both for industrial and residential purposes, a much larger population than would normally have been expected.

6. There was in this way essentially a temporary element in the problem before the Committee of 1919-20, in that the normal position was due to the post-war boom coincident with the post-war shortage of materials. At the time conditions appeared extraordinarily favourable, and the Committee dwelt less on the ability to pay for accommodation at the price asked than on the means of increasing it at the lowest cost feasible. The pressure on accommodation still remains, especially in the case of the middle classes, while the ability to pay has now become a far more prominent feature in the problem than it was three years ago.

7. As regards means of communication, the terms of reference were approached more as defining practical and engineering problems than from the point of view of finance. The Committee directed their attention to the different types of urban railways, the improvement of the tram service and the ferry service, the elimination of slow and unsuitable vehicular traffic and connected problems; but they worked on the tacit assumption that a city, expanding its industrial activities in many directions, whose inhabitants were daily asking for and often obtaining, higher scales of remuneration, would experience no difficulty in paying for the facilities which were demanded. In both cases the watchword was "development" as a remedy for existing evils and as a means of obviating a worse state of affairs in the future.

8. **Present Financial Position.**—Our problem, while more modest, is in our opinion even more difficult than those of these previous Committees. The economic situation is completely changed. Not only are we faced with the fact that the abnormal industrial activity has terminated, but we have to bear in mind that the conditions of trade all over the world are more restricted than they were before the war. And since the prosperity of a Government is necessarily bound up with that of the community governed, the economic position of the province of Bengal is such that there is little scope for expansion and development in the province. In introducing the budget of 1923-24, the Hon'ble Member in charge said: "After all we cannot look on this budget with any great satisfaction. It makes no provision for development and allows for no progress and it merely permits of the carrying on of the administration in its minimum essentials, and that too only by drawing to some extent on our balance."

9. Neither from Government nor from private enterprise can there be expected, for some time to come, the provision of funds for any important measure in the direction either of land development or means of transport; for retrenchment is the order of the day, and neither from public nor private sources, is there available capital for expenditure other than what is essentially necessary, or the return from which is assured.

10. **Gap between cost of housing and transport and ability to pay.**—It may be argued that this state of affairs brings with it the advantage that the demand for accommodation, and correspondingly for means of transport between the city and the residential districts, is substantially reduced and the problem before this Committee *pro tanto* diminished in importance. That there is something in this argument may be accepted; but, on the other hand, the large amount of unemployment which is unfortunately prevalent, has reduced the means of the community in a greater proportion, with the result that the economic pressure caused by the disparity between rents and incomes is probably greater than ever. Thus we come to the main dominating fact of the whole situation, viz., that the rents for the type of accommodation demanded by members of the different communities are out of all proportion to their ability to pay, as indicated, *e.g.*, by the percentage of one-tenth commonly accepted as reasonable. In such circumstances, the remedy which suggests itself is, of course, the provision of further accommodation, in order that the supply should overtake the demand, and to prevent the forcing up of rents by undue competition for the accommodation available. But here, again, we come at once to the same main fact in another form, since we find that the cost of providing additional accommodation is such that a rental, which gives a normal return on the money expended, is far beyond the means of ordinary tenants. In whatever way we approach the problem, whether as concerned with existing accommodation or that to be provided under any manner of scheme, public or private, there is the same economic gap between cost and ability to pay, and our duty is to indicate ways and means of reducing this disparity. We have been able by much discussion and investigation of facts, to arrive at certain conclusions which we think can best be enunciated in the same order as we have adopted for the main issues, which appear to us to arise from our terms of reference.

11. **Main issues.**—These main issues may be stated as follows:—

(*a*) To determine for the different classes of the community with whom we consider ourselves concerned, viz., the less prosperous European or Anglo-Indian, and the middle class Indian or *bhadralok*, the respective types of accommodation demanded by the members of their communities, and to consider what modification, if any, can suitably be made in these demands with a view to economy, and with regard to the rents payable.

(*b*) To consider the effect of land values and the Calcutta land system on the present housing situation, and possible measures for improvement.

(*c*) To consider what measures, whether legislative or administrative, can be taken by the local Government, without the direct acceptance of heavy financial burdens, which would facilitate the provision and cheapen the cost of suitable accommodation of the standard demanded.

(*d*) In conjunction with the provision of additional accommodation, to consider where such accommodation could most cheaply be provided at a distance from the centre of the city—the cheapest and most effective means of tansport between house and place of occupation.

CHAPTER II.

Types of accommodation and suggested modifications.

12. **Classes of accommodation defined.**—After careful consideration, we are generally agreed that in respect of large Indian houses, single houses in groups, and what may be called first-class flats (which we have interpreted to mean those with a rental of more than Rs. 300 per mensem), conditions have so far changed since the year 1920, that the supply is now comparable with the demand, though in respect of such first-class flats, the prices asked and paid are abnormally high for the accommodation provided, as compared with other places and countries. But we feel that the occupants of these residences, though compelled to pay unusually heavy rentals, are in enjoyment of sufficiently large incomes to admit of their paying the rents asked, at all events without serious detriment to their health and efficiency, and we have therefore excluded them from consideration. As a result, we have confined our deliberations to the following classes of the population :—

Indians.

(1) The middle classes, housed as small families, often with sub-letting and with shops on the ground floor.

(2) Dwellers in bustees and tenanted lands with huts.

Europeans.

(1) Population living in flats with rents varying from Rs. 150 to Rs. 300.

(2) Anglo-Indian tenement houses, *i.e.*, houses let out in small suites of rooms.

The above classification is based on the actual conditions of living at present and in no way implies that these should be perpetuated.

13. **Families in single rooms.**—We cannot shut our eyes to the fact that there remain still lower strata of the population, in which whole families are crowded together in single rooms. These poverty-stricken conditions, with their disastrous effects on health and morale, offer one of the most distressing social problems in Calcutta. So far as the demand for better types of accommodation can be more amply met, the pressure which keep these classes down to their present conditions will be alleviated, and the family now crowded into one room will more easily find two rooms vacant at the rent now paid for one. No constructive policy for the housing of these particular classes can, however, be put forward without entering into the whole economic question of enabling them to find the means to live which lies beyond our scope.

14. **Present scale of building unnecessarily extravagant: Indian houses.**—For the four classes defined in paragraph 12 we have considered with some care the amount of accommodation now expected and whether these standards are susceptible to modification without detriment to the people concerned. As the result of this consideration, we have come to the conclusion that the existing scale of buildings, both for the European and Indian communities, is unnecessarily extravagant, and we regard the recognition of this fact as a first and most important step towards the solution of our problem. As regards Indian housing, we are unanimously of opinion that in Calcutta the idea of building family houses, designed to provide for large joint families and to last for generations, must be given up, and that the community must recognise the economic reasons on account of which they would be well-advised to confine their building operations to minimum requirements. For example, the type of house which we would put forward as suitable for a small Indian family would be a four-roomed house with a light terraced or pucca tiled roof, a plinth 3 feet high, built with walls 10 inches in thickness, provided with a small single courtyard, and including a cook-room and the necessary outhouses. In the urban residential area such a house could be constructed on three cottahs of land and would also be suitable for a five cottah plot in the suburbs. The actual cost of building under the most economical conditions may, we think, be susceptible of reduction to Rs. 4,000 or Rs. 5,000.

15. **European houses.**—In respect of the housing of Europeans, the Committee also think that the present-day requirements might well be reconsidered. For example, they doubt whether under modern conditions, with electric fans always available, the lofty rooms and wide verandahs of the past need be perpetuated. They would suggest that the minimum height of a room prescribed by the Municipal Building Rules, *i.e.*, practically 10½ feet, need not be ordinarily exceeded, at least for secondary rooms, provided ventilation is adequate, that rooms may be (and to an increasing extent are now being made) of smaller dimensions, and that verandah space can be curtailed. These changes may not be welcomed, but we regard them as an inevitable consequence of economic facts.

16. **Cost of building and rents.**—We consider that the radical feature of the housing problem, as regards the classes of the community mentioned above, is that it is economically impossible to provide for them the kind of accommodation which they at present demand at rents which, on the usual scale of earnings of these classes in Calcutta, they can be expected to pay. The fact that large public bodies, such as the Railways, Port Commissioners and certain large firms have, in fact, succeeded in housing certain classes of their employees at a moderate cost, does not disprove this general proposition, for the reason that housing in these cases has not been provided on commercial lines to secure a full direct return, though indirectly the expenditure may be economically justified. Generally speaking, and excluding on the one hand the operations of such bodies, and on the other the work of the petty owner builder who builds piece-meal, it may be said that, apart from the cost of land, the construction of a small Indian house costs Rs. 10,000, a middle class house Rs. 30,000 to Rs. 60,000 and a European house Rs. 35,000 to Rs. 80,000, involving rents, respectively, of Rs. 70 upwards, Rs. 210 upwards, and Rs. 245 to Rs. 560, in order to secure a nett return of 7 per cent. *plus* cost of repairs and rates and taxes. And these figures are entirely exclusive of the cost of land, which, as will be seen later, is at least as important a factor. The average income of the wage-earners for whom houses of these types are built may be taken to be Rs. 80 to Rs. 150, Rs. 250 to Rs. 800 and Rs. 1,000 upwards, respectively. The poorer class of *bhadralok*, on pay of and below Rs. 50, who do not live in family houses of their own, can hardly be brought into the scale at all, except in so far as they are crowded together in houses of the smallest types.

17. **No relief from decrease of building costs.**—It is by no means clear that apart from a reduction in the accommodation to be provided, any marked relief is to be looked for in the decrease of the cost of building, and such decrease as there may be must fall far short of doing away with the excessive

cost of housing which these figures suggest. The logic of our recommendation for every possible reduction in the standard of building is irresistible.

CHAPTER III.

Measures for the reduction of cost of land value and for security of building titles.

18. **Cost of land more important than cost of building.**—We are informed that the actual cost of brickwork is substantially lower in and all around Calcutta than for instance in the United Kingdom, and though it may be necessary to set off against this fact the higher price asked for steel work, timber and imported fittings, there is little room for doubt that, notwithstanding the above figures, the actual cost of building is not the main factor in the present situation. The main factor in our view is indubitably the high cost of land suitable for building purposes.

19. **Cost of land in Calcutta and in the West.**—It is beyond question both that land in Calcutta costs several times more in sterling than land similarly situated in a Western city; and that in spite of the excessive amount spent on building the cost of the site is often as much or more than the cost of construction. In the West the building often costs many times the price of the land. We may mention that the average cost of the land taken in housing schemes throughout England between the years 1919 and 1922 works out at less than Rs. 50 per cotta, that is *less than a tenth of Calcutta land values in the outer residential areas.*

20. The Committee have examined the reasons for the high cost of land and analyse them as follows: —

(*a*) The great demand for land ownership.

(*b*) Unwillingness to sell at less than a rate in the owner's mind. He prefers to wait until he "gets his price."

(*c*) Complete absence of any conception of loss of interest on capital invested in land.

(*d*) Satisfaction of the great body of landholders with a low rate of interest (on their idea of capital value) in the form of rent.

(*e*) The attractiveness of landholding as a form of investment for safety.

(*f*) The opportunity that landholding gives for gradual investment by way of building development. Building is almost a national recreation in Bengal.

(*g*) The desire to provide housing for descendants.

(*h*) The tendency of the Indian family system to keep relatives in one locality and so produce inter-acting pressure.

(*i*) Factories and industries in town areas.

(*j*) Government buildings, estates and activities in the central areas which could be equally well carried on in the outer areas.

(*k*) Malaria on the outskirts.

(*l*) Lack of communications.

(*m*) Satisfaction with overcrowded houses and insanitary conditions.

(*n*) High cost of development of outer areas, particularly of sewage disposal.

(*o*) Feelings of the people in regard to sewage disposal by septic tanks, etc.

(*p*) Growth of population and attraction of towns to wage-earners.

21. **Application of Land Acquisition Act.**—We feel little doubt that if means can be found by which additional land in every way suitable for buildings can be provided promptly with certainty of title and at a reason-

able figure, and if this land can be brought within ready reach of the centre of the city, according to the standards and methods we suggest later on in our report, the most difficult part of our problem will have been partially met. In considering the remedies necessary, we are impressed with the unsatisfactory nature of existing conditions. Not only are the prices asked in private treaty in most cases higher even than present-day figures as determined by any available standard, but in the background there lurks the greater danger of dubious titles with its restricting influence on the number and extent of all transactions in land, while there are also special difficulties inherent in the law and customs of Bengal, such as joint-family ownership, widow's rights, *wakf* and *debattar* property. We have considered whether these difficulties might not be met to some extent at least by the establishment of a Land Court, which would at all events ensure a prompt and certain title; but we are advised that many difficulties would stand in the way of such an institution, and we are therefore compelled to turn to the Land Acquisition Act as offering the only possible means of affecting our project. In suggesting the use of this Act, which we would limit to cases of *bona fide* building schemes designed to secure suitable housing accommodation for considerable sections of a big population, we are only repeating a recommendation made by the Rents Committee of 1920, and we are aware that this proposal has received consideration from Government, with, up to the present, negative results. At the same time we see no other way out of the difficulty and would recommend that the question of amending the Act, if necessary, to make this purpose admissible, be taken up.

22. **Co-operative Building Societies.**—In recommending recourse to the Land Acquisition Act for purposes of housing we have assumed the existence of approved building societies which would not necessarily be of a co-operative nature. An objection, however, to the use of the Land Acquisition Act, which we believe has been felt in the past, is that a Building Society or Company, however well accredited, would, in the ordinary course, be operating for the profit of its shareholders as well as for the benefit of the public. We do not consider this a valid objection, for the same is the case with other public utility companies, such as the Tramways Company, on whose behalf the Land Acquisition Act has actually been employed. We have, however, been impressed by the possibilities of the co-operative principle in building, and have appended to our report a concrete scheme for a Building Society on co-operative lines adapted to local conditions, prepared by Mr. A. de Bois Shrosbree. Without committing ourselves to acceptance of the details, we regard it as a suggestive proposal for stimulating building in Calcutta.

23. **State lands, Railways, Schools and Factories in Central area.**—As regards land values in the heart of the city, we would call attention to the area occupied by Government and other public buildings. The question assumes two aspects, namely, the continuance in the central area of established institutions which could profitably be moved elsewhere, such as the Mint; and, secondly, the comparatively recent acquisitions by Government of land in the centre of the town, for instance for the Presidency College and Medical Hospital. We would recommend that Government should be very sparing in its acquisition in the central area. We strongly support the proposal for removing the Mint, and would draw special attention to the Chitpur marshalling yard and the proposed Port Commissioners' marshalling yard at Behala. In general, we would welcome any scheme for moving residential schools and similar institutions out of the town, as for instance, that suggested for the Free School. We would also urge on the Calcutta Corporation the duty of pressing on with the removal of factories from the central area.

24. **Education in building questions.**—As regards the general reluctance to sell and the insistence on a fixed price, regardless of the loss of interest on capital while that price is awaited, often for a period of some

years, we have no further definite recommendation to make beyond education of the Calcutta public in the elements of land finance. Education, too, is the only remedy against the satisfaction with overcrowded and insanitary conditions especially characteristic of the coolie class, and against uninformed objections or such matters as septic tank effluents.

25. **Building Finance.**—Before leaving the question of land values, we desire to draw attention to the elementary state of building finance in Calcutta and the complete absence of almost all the essential features which form the financial basis of the building industry in England.

26. **Leasehold.**—Leasehold, which is an indirect aid to financing building and essential for building on the improved ground rent system, is practically unknown in Calcutta, except in the case of small landholders. The leasehold system has, however, begun to make its appearance in the last ten years, and we believe that, if property owners could be induced to think in terms of leases, the development of building would be much facilitated.

27. **Mortgages on property.**—Again mortgages on property, which are a normal Bank security in England, are not now entertained by the Calcutta Banks. The reason lies partly in the insecurity of land titles, already referred to, and also in the fact that the mortgage system in Calcutta is altogether different from that in a Western city, as possession cannot be obtained without a suit. We would suggest examination of the law on this point in order, to determine whether any amendment is possible with a view to facilitating the creation of mortgages on property which would be acceptable to the Banks.

28. **Property Exchange.**—The absence of a reliable property Exchange has hitherto been a serious detriment to the establishment of confidence in a level of value that is a necessary precedent to a credit system of building, and we would welcome such an Exchange as tending to set up a standard in land values and dealings in land.

CHAPTER IV.

Suggested measures for improvement (Development Board).

29. **Existing authorities for improvement.**—At present there are two bodies with statutory powers enabling them to undertake the improvement of specified approved areas within their jurisdiction, namely, the Calcutta Corporation and the Calcutta Improvement Trust, and the useful work which has been and is being done by both bodies is fully recognised. The former body, however, has before it the grave and difficult problems of water-supply and drainage necessarily connected with the well-being of a large city, and we are informed that it will have but a small margin available in the near future, either of finance or staff, for the undertaking of other major schemes of improvement. The Calcutta Improvement Trust has already carried out a number of important works and has on its programme a large number of further improvements, the necessity for which is generally recognised, but it is at present suffering from the increased cost of land acquisition, reclamation and improvement, on the one hand, and from the temporary fall in land values on the other, while its revenue from independent sources is also suffering, temporarily at least, from the general depression in trade, to which we have already referred. Moreover, in respect of both bodies, it is necessary to remember that the jurisdiction has definite limits and that they are unable, even if they are willing, to spend their monies on areas outside those boundaries, while if the development we have in mind is confined to areas already within the city limits, any likelihood of making available suitable land at a reduced price of course disappears. Thus, as we see the problem, action is required in the outer suburban areas as well as in the immediate vicinity of the city. It follows, therefore, that something further than these bodies is required. We have considered a number of methods by which the desired end could be obtained. The Rent Committee in 1920 recommends the formation of a Development

Board, while the Communications Committee in the same year suggested the utilisation of the Public Works Conference in an improved and enlarged form. We have considered both these suggestions and have also asked ourselves whether the work of development could be left to private enterprise assisted by certain powers of land acquisition.

30. **Limitations of private enterprise.**—As regards the utilisation of private enterprise, we wish to emphasise the fact that we are wholly in favour of the fullest possible exploitation of private enterprise, both on the part of individuals and of companies or of building societies in the handling of this problem; and we have indicated the lines on which more could be done by the work of approved building societies. But however far such private operations may be induced to extend—and we must recognise that up to the present their accomplishment has been disappointing—we consider the indubitable fact must be faced that there are functions to be performed which cannot be, and so far as we are aware are not in any part of the world, entrusted entirely to private enterprise. We have in mind particularly the construction of main roads, the provision of filtered water-supply and of water-borne sewage system. Whether it may be possible to dispense with one or both of the two latter requirements may be open to doubt, but we feel little doubt that for any comprehensive scheme of building development to meet modern requirements it will be found necessary sooner or later to fall back on the operations of a public or *quasi*-public body, which alone can deal satisfactorily with these problems.

31. We have therefore considered whether such work would best be undertaken by a separate and independent Development Board specially appointed *ad hoc*, as we understand has been done in Bombay, or whether the requisite organisation should be obtained by the extension of the jurisdiction and activities of the existing Improvement Trust.

32. **Restrictions of Calcutta Improvement Trust.**—It must be admitted that there are certain difficulties in the way of adapting the Calcutta Improvement Trust to the purposes of a Development Board for Calcutta and the suburbs in the widest sense. In the first place, partly as its original function, arising out of plague prevention, was to clear out congested areas in the heart of the city and partly through the restricted interpretation of its powers in the suburbs, to which Government adhered in the early years of its existence, the activities of this Board have now become especially associated with the city and its immediate neighbourhood. In the second place, the financial resources of the Improvement Trust, which were planned on the basis of money values before the war, have not been adapted, and probably cannot be adapted, without a complete overhaul, to the fall in the purchasing value of the rupee, especially in land, which has occurred in Calcutta in the last ten years. Again, the piecemeal methods by which the Trust is compelled to proceed, have the inevitable effect of pushing up land prices in areas in the vicinity of completed improvements to which the Trust may subsequently extend their schemes, and this would necessarily hinder operations on the scale which we contemplate.

33. **Proposed Development Board.**—We are agreed, therefore, that if the problem is to be handled in a radical and fundamental manner, it will be necessary to constitute a new Development Board. The Development Board would have the double function of carrying out development operations on a large scale in the suburbs, and also of exercising a controlling authority over the activities of various bodies concerned in the improvement of Calcutta as a whole. In the former capacity it would operate in the suburbs, not in terms of acres, but of square miles, and its functions would end with the provision of the bare building land with communications, drainage and water. In the latter capacity, which goes beyond the recommendations of the Committee of 1920, it would be responsible for the co-ordination of all endeavours for the expansion of Calcutta as a residential town in the widest sense.

34. **Constitution and powers of Development Board.**—There would obviously not be room on such a Board for representatives of every local body in whose area the Board operated, but representatives of local bodies would be associated with Committees for schemes of suburban development as is done in the Calcutta Improvement Trust. At the same time we should be glad to see introduced the principle which we understand is recognised in many similar authorities that any member having a landed or other local interest in an area to be developed stands down from the Committee during consideration of any scheme affecting that area. We do not contemplate that the Board should have statutory powers to enforce or veto the execution of improvement schemes by other bodies. The general functions of supervision and co-ordination could, we believe, be exercised without these powers through discussion with local bodies, but the Board should perhaps be given the right of reference to Government against the action of a local body which persisted, against the advice of the Board, in carrying out a policy, whether of executing or delaying a local improvement, which could be shown to be perverse and antagonistic to the good of Calcutta as a whole.

35. **Finance of Development Board.**—As regards finance, we believe that provided such a Board planned its operation with sufficient foresight and on a large enough scale a greater part of its cost would be recouped from the improved values in the suburbs. It lies beyond our terms of reference, however, to work out the financial scheme which would obviously imply the raising of a large loan with adequate guarantee in the first instance. We cannot go further than recommending that Government should proceed to take up the examination of this proposal in order that when financial conditions improve there may be a scheme ready for the creation of the Board.

36. **Amendment of Calcutta Improvement Act.**—In these proposals for a new Development Board we put forward an ideal which at the same time we hold to be a practical ideal. Some years must in any case elapse before such a Board comes into being. In the meanwhile we regard the extension of the powers of the Calcutta Improvement Trust in the suburbs as a step in the right direction. We welcome the proposed amendments of the Calcutta Improvement Act, which would empower the Board to operate in the environments of Calcutta, as an approximation to the ideal of an independent Development Board which we have sketched; and would urge that the opportunity be taken, when this amending legislation comes before Council in the near future, to carry this tendency as far as possible, keeping in view the financial aspect.

CHAPTER V.

Outer Suburban Development (Communications).

37. We believe that, as things are, in the absence of drainage and extensive building sites ready for use, there is little scope for organised expansion into the suburbs.

38. The question of communications is, however, itself an important element in our terms of reference, and it would be useless to touch on the possibilities of a Development Board for the suburbs without consideration of the cost of communication with the areas which it would develop. Moreover, any improvement of access from the suburbs without appreciable increase in its cost will, by itself, necessarily tend to relieve pressure in the centre of the town.

39. **Limits of fare and time.**—We have adapted the standard of a maximum fare of two annas each way (or a monthly ticket of Rs. 7) and a maximum duration of one hour's journey as marking the limits within which the question of communications comes into practical relation with Calcutta housing. There is ample evidence that a large number of the

clerical classes do, in fact, meet a higher charge at present. We consider, however, that daily travelling expenses in excess of four annas per diem go so far to neutralise any saving in the cost of housing that we need not go beyond this zone, and there are ample opportunities for development within it.

40. Low as this fare is, these limits would include the whole of the tramway service to the centre of the town, excluding the Tollyganj section, and the Port Commissioners' ferry service, while on the railways the zone extends from Budge Budge to Ichapore from Andul to Bhadreswar and from Makardah to Baraset.

41. **Suburban Railway.**—The fact is commonly overlooked in depreciating the suburban railways that Calcutta is really endowed with excellent radial lines of railway communication in all directions provided by the three main lines and by the light railways. This is well-illustrated by the diagram appended to this report showing suburban traffic within the zone defined. The potentialities of such a system for suburban development are still far from being fully developed, especially on the light lines. More frequent trains and more ample accommodation are required in the mornings and evenings. For our purposes, however, it is enough to say that defective as suburban railway communications may be in comparison with those of a Western city or even of Bombay, they do at present afford means of access to most of the area which can be brought within the residential suburbs of Calcutta. There is room, however, for an additional line to serve the riverside zone on the east bank of the Hooghly, to the North of Calcutta.

42. **Difficulty of access to city from Howrah and Sealdah.**—But unfortunately when the suburban passenger has reached the terminus, only half his journey is done, and, alike from Howrah and Sealdah, he has to make his way from one to two miles, to reach his place of business. If he makes the journey on foot, it will take him from twenty minutes to half an hour; and such is the state of thoroughfares, that if he takes the tram at the earliest opportunity he may barely reduce the time of his journey by five minutes. The essential problem as regards suburban railway communications in Calcutta begins not on the line but at the terminus, and the difficulty of access to and from Sealdah and Howrah impedes the whole course of suburban development for all classes of the community who work in Calcutta.

43. **Access from Sealdah.**—The question of access from Howrah we must exclude, as this turns on the construction of the Howrah Bridge. It will be something if any definite suggestion can be made for improving access from Sealdah.

44. There are two methods which have been frequently discussed, namely, the improvement of the tramway service and the construction of a tube railway. We believe that no improvement of the tram service, even with the addition of a track along the new east to west road contemplated by the Improvement Trust can adequately cope with the situation. The cost of building a tube, even if it can be constructed, would amount to £900,000 exclusive of rolling stock, for the length from Sealdah to Dalhousie Square, a figure which we regard as prohibitive.

45. **Bullock cart traffic on tramway route.**—The line of trams from Sealdah to Dalhousie Square cannot accommodate more than a small percentage of 7,300,000 passengers per annum, averaging 20,000 passengers per day (not excluding Sundays), who arrive at Sealdah. Not all of these, of course, are bound for Dalhousie Square; but probably 12,000 passengers daily must be allowed for. No possible intensification of the tram service along this route could fully meet this demand. Some small improvement would, however, be affected if the passage of cars could be accelerated. With this end in view we recommend that the authorities should consider whether bullock cart traffic, which is perhaps the chief cause of congestion

in the streets, could not be prohibited on the main tramway routes, especially between the city and Sealdah, during the hours 8-30—10-30 A.M. and 5—6-30 P.M.

46. **Overhead railway from Sealdah to City.**—We would put forward for consideration a new solution of the problem of communications between the city and Sealdah, which, while less expensive than the construction of a tube, will be capable of providing the whole of the accommodation required. This is the construction of an overhead railway in connection with the east to west road which the Improvement Trust have aligned and are expected to take up within the next few years.

47. We have had the advantage in this connection of reading a note formulating detailed proposals prepared by Mr. A. H. Johnstone, Chief Engineer to the East Indian Railway. He has outlined two alternative schemes for providing railway communication through the city, *viz.*, east to west from Howrah to Sealdah *via* the new Bridge and north to south from the new Bridge to be constructed across the river at Bally *via* Barrackpur Trunk Road, Central Avenue, Chowringhee and Russa Road to join the Eastern Bengal Railway on the south. The former is regarded as practicable only as an overhead railway, while for the latter Mr. Johnstone would prefer a track at the road level.

48. We are particularly impressed with the possibilities of the overhead alignment from Sealdah to the city, a length of about 1¼ miles, which forms a portion of the east to west alignment which Mr. Johnstone is inclined to reject as a whole. This would run not over the street, but through the back portion of the belt of land to be acquired for the east and west road aligned by the Improvement Trust from Sealdah to the city. Between the railway and the street would be the premises built to front on the new roadway, and the hire of godown space under the arches for business purposes in connection with these premises should form an important subsidiary source of revenue.

49. Mr. Johnstone estimates the cost of this type of railway built on masonry arches at Rs. 15 lakhs per mile for construction *plus* Rs. 18 lakhs per mile for land taken at an average of Rs. 15,000 per cottah. We are of opinion that the cost of land to be acquired in the belt described would be considerably below this figure and should regard an average of Rs. 10,000 a cottah as ample and probably excessive provision for land. On this basis the total cost would be reduced to Rs. 27 lakhs per mile or Rs. 36,00,000 for the whole section, exclusive of terminals. With a maximum total traffic to and from Sealdah of 16,000,000 per annum at a fare of one anna each way, and with the addition of the income from godown space, we do not see why such a line should not be found remunerative or at least covering the cost of interest on capital. The site for a terminus could conveniently be found behind St. Andrews Church.

50. We have considered objections likely to be raised on the score of vibration, noise, and loss of privacy. In the case of a line constructed on modern principles with electric traction noise and vibration are reduced to a minimum and would at least be no more marked than in the case of the tramway. As the line would be passing through a business and not a residential quarter loss of privacy would hardly be a factor arising, while any reasonable apprehension on this ground would be obviated by light screens. We are told that these were proposed, but eventually found unnecessary in the case of an overhead railway at Agra.

51. We recommend that this proposal for constructing an overhead railway from Sealdah to the city as a means of facilitating access to the suburbs should receive the serious consideration of the railway authorities. As regards the north to south alignment, we have no opinion to express beyond suggesting that all necessary facilities could be given to the riverside area if such an alignment were brought into Sealdah *via* Cossipore, and so on to the proposed east-west line, instead of being taken from north to south through the heart of the city.

52. **Tramways.**—We are informed by the Company that only one extension of the tramway system is contemplated at present, viz., from Circular Road *viâ* Park Street extension to Ballyganj. It is urged on behalf of the Company, that the bad state of the roads, the low return at present received and the fact that some of the routes in undeveloped areas, such as the Kalighat-Tollyganj section, are still unremunerative, preclude further expansion. We understand, however, that the Improvement Trust are negotiating with the Tramways Company, for the construction of a tramway line in scheme XV, from Russa Road to Ballyganj station, which would open up a large area in South Calcutta, much of which has already been developed by the Improvement Trust. We venture to hope that with a broad outlook on both sides these negotiations may be speedily pushed through to a successful conclusion. We would further point out the opportunity which presents itself of completing an outer circular tramway system on the south-east of Calcutta by linking up the Park Street extension line with the proposed line on the Improvement Trust's Ballyganj-Chetla Road. The Tramways Company have already agreed to carry the line to the end of the Improvement Trust Park Street extension. On the completion in about a year of the Ballyganj-Chetla Road there will only remain a gap of half a mile between this and the Ballyganj main road. The earliest possible arrangements should be made to facilitate taking the tram line across this gap, thus completing a circular system.

53. **Proposed Committee on Tramways.**—The Communications Committee of 1920, in discussing the tramways, wrote: "We are strongly of opinion that any measure for the improvement or extension of the present tramways service in the shape of additional facilities to the public will help the position to a very great extent; and further that the present services and the attitude of the Company are on the whole unsatisfactory from the point of view of the general public. Specifically we recommend the appointment of a small expert committee, which we suggest should include one representative of local interests and an expert with, if possible, Eastern experience, to enquire in full detail into the working of the Company, in order to determine what improvement and extensions should be made, and further, into the question of subsidiary services by motor buses and railless trams."

54. We most emphatically endorse the findings of the 1920 Committee and regret that the Government of Bengal has not seen its way to carry out the specific recommendation to appoint a small committee to enquire fully into the working of the Tramway Company. The recommendation is pre-eminently one which involves no expenditure. We would further suggest that the Directors should be invited to send out from Home one or two more responsible representatives to participate, and we have reason to believe that the Directors might not be unwilling to accede to this suggestion. We consider that the fact that the Tramways Company is administered by Directors in England is prejudicial to the interests of Calcutta and is likely to hinder the improvement of the present working of the Company and the extension of the system. The terms of reference to this small expert committee, if appointed, should include the question how far, if at all, some form of subsidy or guarantee is essential to the extension of the tramway system, and on what conditions, as regards public control, it should be granted. They should extend to Howrah, where the improvement and expansion of the tramway system is an important requirement for the development of the residential area.

55. **The Motor Omnibus.**—In connection with the extension of the tramway system, we have looked into the question of the possibilities of the motor omnibus, the railless electric tram, and steam or motor rail trams. We do not feel qualified to express any definite opinion on the essentially technical question of the relative merits of these forms of traction as conducing to suburban development. The evidence placed before us, however, goes to show that by reason of the high running costs and the inadequacy of the Calcutta roads for an intensive motor bus service we cannot look for

a solution of the problem by motor buses on anything like the scale found possible in Western cities, or within the small fares which we have fixed as the limit of our consideration. At the same time we are informed that small and isolated motor bus services find it possible to run at a profit in the suburbs as they do in certain places in the mufassal. There is probably room for enterprise in this field on the part of small owners belonging to the class who at present put their money into running a few taxi-cabs. Some of these might well find it more profitable to invest their capital in one or two light motor buses than in swelling the number of idle vehicles on the cab ranks. Existing restrictions on the adaption of light motor buses for passenger services should be examined with a view to allowing the utmost facilities compatible with public safety.

56. **Ferry service.**—The Port Commissioners' ferry service, which carries the gross total of 12,000,000 passengers in a year, is actually run at a net loss of Rs. 1,50,000 per annum, and we are satisfied that the present facilities could not be given by any service run as a commercial undertaking, or be largely extended on a commercial basis.

57. **Inadequacy of bridges.**—Before leaving the subject of communications we would draw attention once more to the defective condition of the bridges round Calcutta, and the absence of any attempt to handle this problem. The Calcutta Rent Committee of 1920 wrote: "Calcutta's position in a deltaic marsh makes it practically an island, and to its initial disadvantages in this respect must be added the fact that it has now become completely hemmed in by canals and railways which have to be crossed by bridges for communications with the outer world. The matter would be serious enough if the authorities had been compelled in the past to pay any attention to the inevitable growth of the town, and to the necessity of making such bridges as they did construct adequate even for a few years; but in practically every case we find the existing bridges ridiculously inadequate to present considerations without taking the future into consideration at all. Further isolation of the city should be strenuously opposed and the improvement of the existing bridges should receive special and immediate attention." Every word of this passage is true to-day, with the added force given by the lapse of three years. The inadequacy of the bridges on the north and north-east of the town is the chief reason for the comparative isolation of the Cossipore-Chitpur and Maniktolla suburbs and prevents a desirable extension of the tramways service. The inclusion of this area in the Calcutta Municipality is a measure which will be robbed of half its value unless something can be done to remove this grave obstacle to expansion in this direction.

58. **Conclusion.**—In this conclusion, we must acknowledge that many of the recommendations which we have made only repeat, or carry slightly further forward recommendations of the Communications Committee, 1920, and the Rent Committee, 1920. To the Rent Committee we owe the first proposal for a Development Board, and for the use of Land Acquisition powers for housing, which we still regard as essential features in any radical handling of the situation. The Rent Committee also urged the removal of Mint and of the Chitpur marshalling yard, and drew attention to the defective state of the bridges. The Communications Committee of 1920 first made the recommendation for the appointment of a small expert committee to consider the expansion of the tramway system, which we still regard as of the highest importance.

59. In the case of some of these recommendations, such for instance as that for the removal of the Mint, though no tangible results have appeared, we understand that the matter is still under active preliminary discussion. As regards, however, the recommendations for the application of the Land Acquisition Act to building purposes, the constitution of a Development Board, and the appointment of a committee on the tramways, it cannot be said that the deliberations of our predecessors have been followed by such action on the part of Government as might encourage us to believe that our own labours would have some practical outcome. So far as we can see,

in regard to these matters of the first importance, we are following in the track of committees which have been ploughing the sand, and may ourselves be engaged in the same unprofitable task. It is not, however, too much to hope that, now that Government have accomplished the task of reconstituting the municipal basis of civic life, attention will be given to the wider fields of urban and suburban development. We would earnestly appeal to Government firstly to bring to some practical issue the few definte recommendations we have been able to make which do not involve immediate expenditure, and secondly to face at the earliest possible opportunity the broad truth that urban development without expenditure is an impossibility and a contradiction in terms. We feel that the whole policy as regards the development of Calcutta is at present in a state of drift, and in the handling of the problems of a great modern city drift comes dangerously near decay.

CHAPTER VI.

Summary.

Our conclusions and recommendations may be summarised as follows:—

Economic Position.

1. The ability to pay is a far more important feature in the problem of housing and communications now than it was three years ago, and it is useless to make proposals in disregard of this. (Paragraphs 5—7.)

Building.

2. The whole scale of building, both for European and Indian houses, is at present unnecessarily extravagant. Buildings must be constructed on the most economical scale possible and for limited periods. A type plan for a single-storey Indian dwelling is suggested. (Paragraphs 14—17.)

Land.

3. The chief factor in the cost of housing is still the high price of land. This is due largely to the reluctance of owners to sell, and to the holding up of land through the absence of sound ideas of land finance. (Paragraphs 19-20.)

4. It is essential that powers should be taken under the Land Acquisition Act for the compulsory acquisition of land for building purposes, both in order to render land available, and to afford security of title, the want of which is one of the chief obstacles to building enterprise. (Paragraph 21.)

5. Attention is drawn to the large area occupied by State lands and institutions, railway yards, residential schools and factories in the central and inner suburban area. (Paragraph 23.)

Building Finance.

6. We recommend steps for the introduction of a better system of building finance, such as the encouragement of leasehold, the improvement of mort-[illegible] on property as a security, and the establishment of a property exchange. (Paragraph 25—28.)

7. Suggestions are made for the constitution of co-operative building societies to operate with the assistance of compulsory acquisition of land. (Paragraph 22.)

Development Board.

8. We recommend the constitution of a new Development Board, with the double function of developing building land on a large scale in the suburbs, and of controlling and co-ordinating measures for the improvement of Calcutta as a whole. (Paragraphs 29—35.)

9. As a temporary measure we approve proposals for the extension of the powers of the Calcutta Improvement Trust to the suburbs and trust that full effect will be given to this principle in the amendment of the Calcutta Improvement Act which is expected to come before Council in the near future. (Paragraph 36.)

Communications.

10. While the suburban railway system is susceptible of improvement, the real obstacles to suburban expansion lies in the difficulty of access to the terminal stations from the business quarters of Calcutta. (Paragraph 42.)

Railways.

11. As regards access from Sealdah to the city, we recommend, in preference to the proposed tube, the construction of an overhead track with electric traction in conjunction with the Improvement Trust Scheme for opening up a new road from the Royal Exchange to Sealdah. (Paragraphs 46—51.)

Tramways.

12. We welcome negotiations by the Improvement Trust with the Tramways Company for the construction of a line from Russa Road to Ballyganj station. (Paragraph 52.)

13. The only extension of the tramway system at present definitely in hand is from Circular Road *viâ* Park Street extension to Ballyganj. We recommend that this should, as soon as possible, be linked up with the proposed line along the Improvement Trust Ballyganj-Chetla Road, referred to in the preceding paragraph thus completing a circular system for South-East Calcutta. (Paragraph 52.)

14. We recommend the appointment of a small expert committee on the tramways during this cold weather, to include a representative of the Directors from England, and regret that effect was not given to a similar recommendation of the Communications Committee. (Paragraphs 53-54.)

The Motor Omnibus.

15. We see little opportunity, in present conditions, for the development of motor omnibus services on the lines of those in a western city, but consider that encouragement should be given to small owners experimenting with light motor buses. (Paragraph 55.)

Bridges.

16. We draw attention once more to the neglect of the bridges round Calcutta, and regard the inadequacy of the bridges on the north and north-east of the towns as the chief cause of the isolation of Cossipore-Chitpur. (Paragraphs 57-58.)

MINUTE.

Provisions of a more drastic nature should be inserted in the Calcutta Municipal Act, as would compel the holders of waste building sites to build thereon themselves within a certain lapse of time, or be compelled to sell such sites to buyers who will enter into an agreement to build. One method would be to impose drastic taxation on all such vacant sites.

APPENDIX I.

SCHEME FOR A BUILDING SOCIETY IN CALCUTTA.

General Features.

(1) Land should be " back land " so far as the main estate is concerned, and an " access strip " would be included so as to provide the approach road, and the frontages thereto, from existing and future communications. Compulsory powers would be necessary for such a scheme.

(2) The lay-out would provide for the retention and enlargement of the best existing tanks, which would become the centres of public open spaces. The earth obtained would be used for filling elsewhere and for brick-making.

(3) It is doubtful whether a successful scheme can be organised if developed lands cost more than Rs. 800 per cottah on road frontages. To enable this to be done, prime cost must not exceed Rs. 200 per cottah for solid land, and the development roads would be 40 feet wide with grass margins, surface drainage only, water mains and gas mains.

Size of Scheme.

(4) For convenience assume a co-operative scheme with 250 members each requiring a plot of an average of 5 cottahs of front land. Rear plots would be proportionately larger and plots of two or more unit plots would also be provided, but assume the requirements to be 1,250 cottahs of building land.

(5) Allowing for roads and open spaces, assume a gross area of 84 bighas for development. Additional lands being required for brickmaking, these should pay for themselves and eventually be added to the open spaces; say 90 bighas in all.

(6) Assume for safety Rs. 4,000 per bigha. Purchase price equals Rs. 3,60,000. Add 10 per cent. for contingencies; say Rs. 4 lakhs.

Preliminary Finance Required.

(7) In addition to cost of land, provision must be made for cost of road construction, earthworks, lay-out of open spaces, costs, etc. Under these heads I propose the following:—

Road construction.

			Rs
1,250 cottahs, at Rs. 83 per cottah,	say	...	1,05,000
Earthwork,	say	...	50,000
Parks, etc,	say	...	50,000
Costs, etc,	say	...	50,000
	say	...	2,50,000
Cost of land		...	4,00,000
Money to be raised		...	6,50,000

Probable Eventual Receipts.

(8) Of the 1,250 cottahs to be sold, assume one-half sold at Rs. 800 per cottah, and the remainder at Rs. 534 per cottah. The total receipts would be Rs. 8,33,333.

Raising Preliminary Finance.

(9) I suggest that this should be raised as a special form of share capital, which may be called " A " shares. The building subscribers would subscribe for "B" shares, which would eventually be exchanged for their title-deeds.

(10) A shares would rank for dividend at say 7 per cent. per annum as a first charge on the profits, and any balance of profits beyond this would be divided in some proportion to be agreed upon between the A and B shares.

(11) To pay 7 per cent. on Rs. 6,50,000 a sum of Rs. 45,500 per annum would be required.

(12) Provision might be made for redeeming a certain number of " A " shares yearly, especially if they were of a debenture character.

BUILDING SUBSCRIBERS.

(13) It is proposed that B shares should be subscribed for by payments of Rs. 40 per mensem for 20 years. The subscribers would obtain for this—

(a) A plot of land of an average value of Rs. 3,333 on payment of an average of Rs. 833 down, within say 3 years of the commencement of the scheme. (See below.) The plots would be balloted for.

(b) An advance of Rs. 1,200, free of interest, in payment of 80 per cent. of value of actual buildings erected on the site each 10 years the scheme is in being. These advances would be periodically drawn for by ballot.

(c) Rights to borrow on terms from the Society.

(d) A share in surplus of profits yearly.

PROGRAMME OF OPERATIONS.

(14) The estate having been purchased, the lay-out would be determined and the works put in hand. Arrangements would be put in hand also for the improvement of communications.

(15) The roads, etc., would be constructed according to a schedule, and under this the whole of them would be completed in, say, 3 years, according to the programme.

(16) A draw would take place amongst the B shareholders for all the plots, although some would have no roads available at first. Each subscriber would be entitled to possession at any time on payment of Rs. 833 down, and the plots would have to be taken up when the roads are ready. Failing this, being done in a certain period, the right to the plot would be auctioned, either to shareholders, or publicly, and the share would be cancelled on accounts being adjusted.

(17) At the end of each year a draw would take place for 25 advances of Rs. 1,200, as stated above, until in 10 years all members would have received the right. Any member not wishing for the advance could have it auctioned amongst the shareholders and receive any premium paid for it, less say 20 per cent. to the Society.

(18) The Society would make advances against buildings from its surplus funds at reasonable interest to be fixed yearly.

(19) All deeds would be held by the Society until the end of the 20 years. B sharehloders would be paying for shares throughout, and, in the event of default, the property would be sold and the share cancelled after adjustment of accounts.

ILLUSTRATION OF WORKING.

	Rs.	Rs.
(20) Income first year—		
250 subscribers at Rs. 40 per mensem—per annum		1,20,000*
Outgoings—A shares	45,500	
Advances	30,000	
Surplus at 5 per cent. for 20 years on Rs. 6,25,000 ...	18,90[illegible]	
		94,402
Balance for expenses of office, reserves, taxes and profit		25,598

* NOTE.—This would have been partly productive of interest.

(21) At the end of the first year, assuming one-third of the plots were ready, there would be an immediate income, on possession being given, of Rs. 833 × 83 = Rs. 69,139. This would be available for investment by way of mortgages or othewise. A similar sum would be received in each of the next 2 years. But for these amounts, which would total Rs. 2,07,417 in all, the income would be similar to that in paragraph 20.

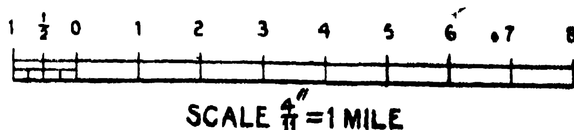
(22) The sinking fund could be vested at a profit on 5 per cent.

(23) If part of the A share capital could be raised as debentures, or advanced by some public authority, interest charges could be reduced.

INSURANCE.

(24) All B shareholders would have to insure under the ægis of the Society to cover the value of their advances.

GENERALLY.



(25) All the above proposals are put forward rather as illustrations to form the basis of discussion, which I hope will produce a final scheme.

DEPARTMENT OF AGRICULTURE, BENGAL.

Forecast of the Winter *Til* (Sesamum) crop of Bengal, 1923-24.

(NOTE.—On an average of the five years ending 1921-22, the area under *til* in Bengal has represented some 4·8 per cent. of the total area under *til* in British India.)

Character of the Season.—The rainfall in August was sufficient for the preparatory tillage and for the sowing to be done at the usual time. Failure of the monsoon in September and October adversely affected the outturn in most parts of West and North Bengal. In East Bengal, however, a favourable crop is anticipated. On the whole, the season has been fair.

Acreage.—The total area sown with the crop this year is estimated at 44,200 acres against 45,500 acres last year.

Outturn.—According to District Officers' estimates the outturn of the crop for the province, as a whole, works out at 86 per cent. of the normal against 92 per cent. last year. Taking 6¼ maunds as the normal rate of yield per acre, the gross outturn for the province is estimated at 8,500 tons this year against 9,400 tons last year, or a decrease of about 10 per cent.

CALCUTTA, *the 22nd December 1923.*

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 26th December 1923.

Summary.—There has been cloudy weather accompanied by slight showers in East and parts of West Bengal; elsewhere the weather was dry. Reaping of winter paddy and sowing of spring crops are well advanced. The prospects of spring crops have somewhat been improved by the recent weather. The average price of common rice for the province has fallen by about 0·5 per cent. as compared with that of the previous week.

No. 58Pl.—The 3rd January 1924.—In exercise of the powers conferred by sub-section (1) and clauses (h) and (m) of sub-section (2) of section 101 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), the Governor in Council is pleased to approve of the substitution of the revised rule below for rule 33 in Part V of the rules and the cancellation of Form G appended to the said rules, published under Political Department notification No. 2197P.J., dated the 21st May 1920, in connection with the control, appointment, discipline, etc., of dafadars and chaukidars :—

"The board shall pay the cost of equipment of chaukidars and dafadars in quarterly instalments. All such payments shall be made in full in respect of every chaukidar or dafadar without exception. The amount shall be sent by the board to the treasury accompanied by a chalan in triplicate, not later than the day following the last pay parade in each quarter. Of the two copies of the chalan which will be returned by the treasury, one copy shall be forwarded to the circle officer and one filed in the board's office. In the alternative the board may send the amount by money-order direct to the treasury, sending intimation at the same time by letter to the Magistrate. The treasury shall show the money-order coupon to the chaukidari department, which shall note the payment and inform the circle officer."

KING'S POLICE MEDAL.

NOTIFICATION.

(POLICE.)

Delhi, the 1st January 1924.

No. F.-25-III—23.—His Majesty the KING, EMPEROR OF INDIA, has been pleased to confer the King's Police Medal, and in one case, a bar to the medal previously awarded, on the following officers and men of the Indian Police establishments :—

Name of officer and rank.	Statement of services for which in particular the decoration has been conferred.
* * *	* * *
BENGAL.	
19. Raghabendra Nath Banarji, Deputy Superintendent, Bengal Police.	On the night of the 12th March 1920, this officer was in charge of a party of police which succeeded in surprising a gang of dacoits armed with swords. Three of the dacoits were captured and in the course of the struggle he received a sword cut on his hand from one of them. On another occasion, on the night of the 13th December 1921, he was again in charge of a police party and surprised another gang of dacoits who were armed with daggers and a revolver. He closed with the dacoit who had a revolver and with another who had a knife, and succeeded in arresting the former after a struggle. Two other dacoits were also caught by other members of the party. On both occasions the Deputy Superintendent exhibited considerable personal courage and provided the force under him with a splendid example of steadiness and leadership.
20. Keshab Lal Bhattacharji, Inspector, Bengal Police.	This officer joined the Bengal Police as a Sub-Inspector in the year 1903 and has by his good work risen to his present position. In June 1922 he accompanied Mr. Hodson, Additional Superintendent of Police, Tippera, to Mohini in the jurisdiction of the Chauddagram police-station, where an outbreak of lawlessness among the inhabitants necessitated the quartering of an additional police force. When the police party were surrounded and threatened with assault by an angry mob and were about to open fire the Inspector rushed into the crowd unarmed and challenged the ring-leaders who, on seeing his firm attitude, pacified the mob, and excitement gradually subsided. This officer's courageous action averted the necessity of firing and saved many lives. He has shown great devotion to duty and absolute fearlessness.

Name of officer and rank.	Statement of services for which in particular the decoration has been conferred.
	BENGAL—*concld*
21. Eric Hodson, Officiating Additional Superintendent of Police.	Mr. Hodson joined the Indian Police in Bengal in December 1913. In June 1922 while employed as Additional Superintendent of Police in Tippera he accompanied a party of police to Mohini, a village in the jurisdiction of the Chauddagram police-station, where additional police were posted in consequence of an outbreak of lawlessness among the inhabitants. On their arrival the police party were surrounded by a large mob and were threatened with assault. Mr. Hodson displayed considerable tact and energy in dealing with the situation, and with the assistance of his subordinates succeeded in dispersing an infuriated mob without firing. He maintained confidence among his men by living with them for a period of three weeks in a small hut at the most trying time of the year. He has shown great devotion to duty at a critical time.
22. William Cook, Assistant Commissioner, Calcutta City Police.	Mr. Cook joined the Calcutta Police on the 21st May 1914, and from the 4th of Octobor of that year held charge of the Reserve Force with the rank of Superintendent, and was promoted to the post of Assistant Commissioner on its creation on the 1st November 1918. Mr. Cook has been responsible for the discipline and order of the Headquarters Force, including the force of European Sergeants. This at all times is a difficult task and has been managed by him during his incumbency with conspicuous success. Mr. Cook acted as Deputy Commissioner, Port Police, from the 20th March to the 17th November 1921 and was then appointed Additional Deputy Commissioner, North District, for a period of six months, and was placed in charge of special patrols required to deal with the non-co-operation campaign. In this capacity his work merited the highest praise and he displayed great tact and patience under the most trying circumstances, and on numerous occasions he faced very grave personal risks without the slightest hesitation. He was entirely successful in dealing with non-co-operation in the North District. Mr. Cook has participated in the suppression of every big disturbance in Calcutta during the last seven years and has always displayed singular presence of mind and courage.
23. Surendra Nath Banarji, Officiating Deputy Superintendent, Bengal Police.	This officer entered the police as a Head Constable in 1894 and has risen to the rank of Officiating Deputy Superintendent of Police. He was employed for several years in the Diamond Harbour subdivision of the 24-Parganas district and by the exercise of admirable tact and thoroughness and by extreme hard work, he succeeded in keeping that subdivision free from dacoity, both by the detection of specific cases and by the successful prosecution of a very large number of gangs under the preventive sections of the Criminal Procedure Code. He was transferred to the Central Intelligence Branch in January 1915 where all officers under whom he has served have bestowed very high encomiums on him for the exceptionally painstaking and thorough manner in which he performed his work in that department always at great personal risk.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Bankura Damodar River Railway, in the district of Bankura, will be put up to sale at 12 o'clock on Monday, the 25th February 1924, corresponding with the 13th Falgun 1330 B.S.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary or to plough the land nearer than three feet from the same.

2nd.—If the amount of the purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to he Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

ADMINISTRATION REPORT OF THE EXCISE DEPARTMENT, BENGAL, FOR THE YEAR 1922-23.

NOTIFICATION.

Minister in charge : The Hon'ble Hadji Mr. Abdul Karim Abu Ahmed Khan Ghuznavi.

No. 25—The 4th January 1924.—The following extracts from the report of the Commissioner of Excise and Salt on the administration of the Excise Department in Bengal during the year 1922-23, are published for general information.

J. T. DONOVAN,

Secretary to the Government of Bengal (offg.).

No. 4678A.E., dated Calcutta, the 10th September 1923.

From—S. C. MUKERJEE, ESQ., I.C.S., Commissioner of Excise and Salt, Bengal,

To—The Secretary to the Government of Bengal, Department of Agriculture and Industries.

I HAVE the honour to submit the following report on the administration of the Excise Department in the Presidency of Bengal for the year 1922-23.

Rai S. K. Raha Bahadur, Deputy Commissioner of Excise and Salt, was in charge of the Department from the 1st April 1922 to the 23rd May 1922 as Officiating Commissioner during my absence on leave. I returned from leave on the 24th May 1922 and held charge of the Department during the remainder of the year.

* * * * *

4. **Administrative changes and reforms.**— * * *

* * * * * *

(2) Under Government notification No. 115T.A.I., dated the 13th June 1922, excise restrictions on unfermented date juice were withdrawn in all the districts of the Presidency with the proviso that in the Sadar and Serampore subdivisions of the Hooghly district and in the district of Howrah (with the exception of the areas included in the Calcutta district) such juice is not to be drawn except in vessels coated with lime to prevent fermentation.

(3) Under Government notification No. 3439Ex., dated the 10th July 1922, the minimum prices fixed for locally manufactured or imported brandy, whisky, gin, rum and beer to be sold by the retail vendors in Bengal were revised. It was also directed by Government after consultation with the Wine, Spirit and Beer Association of India that in the process of compounding and blending of brandy, whisky, gin and rum in Bengal no spirit shall be used except—

(a) spirit manufactured in any distillery in Great Britain and on which an excise duty would be payable in that country but for export to Bengal;

(b) spirit manufactured in any distillery in Bengal under the supervision of Government;

(c) pot-still malt whisky manufactured in any distillery in Scotland and properly matured under the excise regulations in force in that country; and

(d) brandy made from grapes in France and exported to Bengal in its original condition.

* * * * *

(7) Under section 2 of the Bengal Excise (Amendment) Act, 1922 (Bengal Act VII of 1922), the age of a child to whom the sale or delivery of any spirit or intoxicating drug is forbidden has been raised from 14 to 16 years.

(8) Under Government notification No. 106 Ex., dated the 6th January 1923, the retail sale price of *ganja* has been fixed at Rs. 87-8 per seer in consequence of the increase in the cost price paid by the retail vendors to the Naugaon Ganja Cultivators' Co-operative Society, Limited.

* * * * *

(10) Under Government notification No. 636Ex., dated the 9th February 1923, the treasury price of excise opium was raised from Rs. 63 to Rs. 71 per

seer with effect from the 1st April 1923, and under Government notification No. 635 Ex., dated the 6th February 1923, the retail price was raised from Rs. 123 to Rs. 130 per seer with effect from the same date in the whole of Bengal, except in some border shops in the Midnapore district, in which the price was fixed at Rs. 107 per seer for special reasons.

* * * * *

(12) Under Government notification No. 801Ex., dated the 21st February 1923, the constitution of the Licensing Board for the Calcutta Municipality has been revised so as to secure fuller representation of the public in excise matters and a more effective control over the selection of sites, number of shops and other cognate matters.

(13) In order to give effect to the decision of the League of Nations in connection with the International Opium Convention held at Hague in 1912, the following additional restrictions have been imposed on transactions in dangerous drugs in Bengal :—

(a) Under Government notifications Nos. 4545Ex. and 4546Ex., dated the 30th August 1922, "Medicinal Opium" as defined in the articles of the Convention has been excluded from the opium rules and made subject to the morphia rules.

(b) Under Government notification No. 372Ex., dated the 24th January 1923, exemption of certain medicinal preparations containing cocaine from all the provisions of the Act was withdrawn, and under notifications Nos. 370Ex. and 371Ex. of the same date, the lists of exempted preparations containing morphia and opium have been considerably curtailed.

(c) Under Government notifications Nos. 1047Ex. and 1048Ex., dated the 5th March 1923, an "Import Certificate" in the form prepared by the League of Nations has been prescribed for each indent for cocaine, medicinal opium or morphia drugs for import into or export from Bengal, a specific certificate being required from the Government of the importing country to the effect that the consignment is required exclusively for medicinal or scientific purposes.

(14) In order to give effect to the recommendations of the Bengal Retrenchment Committee regarding the Excise and Salt Department, contained in paragraphs 17 to 30 of their report, Government have issued the following orders. I have endeavoured to effect all reasonable retrenchments as promptly as possible with the valuable help of the remarks of the Retrenchment Committee and practically all the decisions have been based on my report :—

(a) The excise work in eleven districts, instead of in three as at present, will gradually be made over to Inspectors of Excise and Salt as vacancies arise, the cadre of Superintendents of Excise and Salt being ultimately reduced by eight posts. This is on the clear understanding that the district and subdivisional officers will be in a much better position to look after the excise work themselves in future.

(b) One post in the cadre of Inspectors of Excise and Salt has been abolished.

(c) The post of Superintendent of Excise in charge of the Intelligence Bureau has been abolished from the 1st April 1923.

(d) One launch and some boats and coaling stations in the 24-Parganas and Chittagong districts have been abolished and the services of the establishments have been dispensed with.

(*e*) The post of the Deputy Commissioner of Excise and Salt, Dacca Range, has been abolished from the 1st July 1923, and his establishment has also been abolished.

(*f*) I have issued detailed instructions to all district officers regarding the payment of rewards to officers and men of the department. A record will be kept for each officer separately and payment will ordinarily be made towards the close of the year, the amount not exceeding six months' pay without special sanction. This will only apply to the officers and men of the department, and not to outsiders or officers of other departments who will continue to get rewards as previously.

(*g*) There have been other minor retrenchments such as in the number of telephones, and steps have been taken to curtail expenditure on contingencies and travelling allowances.

5. **Temperance teaching in schools.**—The revised syllabus for primary schools on hygiene and sanitation was drawn by the Director of Public Instruction in consultation with Dr. Bentley, Director of Public Health. Temperance teaching was considered to be out of place at this stage. The Director of Public Instruction states that "Alcoholic liquor drinking affects the lives of our ordinary primary school children so little that there is no need for such lessons." Lessons on temperance have therefore been left out from the curriculum for primary schools.

Such lessons are however incorporated in the books on hygiene for use in the middle and upper primary stages of the English and vernacular schools.

6. **Temperance movements.**—As explained in last year's report, the Calcutta Licensing Board has been reconstituted during the year. There are now six non-official and three official members as compared with three non-official and four official members in the previous Board. The President of the new Board is a non-official and prominently connected with the temperance movement.

The year was marked by the gradual disappearance, in most of the districts, of the anti-excise agitation started by the non-co-operation movement. No organised temperance movement seems to have been started in any of the districts and, outside Calcutta, there were apparently no temperance societies to preach the evil effects of intemperance. The effect of the non-co-operation agitation in the matter of excise in the previous year continued, however, to be felt in some of the districts, specially in the areas inhabited by the Santals.

7. **Excise Licensing Boards.**—In the Calcutta district, the Licensing Boards held their usual meetings to decide, after consideration of objections, the number and location of shops for the retail sale of excisable articles and to discuss other cognate matters. The Calcutta Board held five meetings during the year, the Howrah Board three meetings and the Cossipore-Chitpur, Maniktolla and Bally Boards held two meetings each. The Calcutta Licensing Board sanctioned one foreign liquor public license, four restaurant licenses and one hotel license, the removal of the site of one foreign liquor public license, three combined licenses, two opium shops, one country spirit and one *tari* shop. They also sanctioned the extension of premises of one foreign liquor combined license and of one public license, the conversion of one country spirit "off" into "off" and "on" license and also the conversion of a restaurant into a hotel license. The Board approved of the action taken in regard to foreign liquor licensing for the year 1922-23, which was rendered necessary to give effect to the measures sanctioned by Government.

The Howrah Licensing Board sanctioned the change of site of one foreign liquor "on" shop, the conversion of one foreign liquor "on" shop into a restaurant and the abolition of three *tari* shops.

The Cossipore-Chitpur, Maniktolla and Bally Licensing Boards, after due consideration of all objections and the opinions of local bodies, sanctioned the existing number and location of shops for the retail vend of excisable articles in their respective jurisdictions. The first named Board rejected an objection against the site of a country spirit shop.

8. **Excise Advisory Committees.**—In areas outside the Calcutta district, local Excise Advisory Committees were convened to advise the Collectors as regards the number and location of the excise and opium shops. All their recommendations were carefully considered and mostly given effect to. Ten country spirit, 2 *ganja*, 2 opium and 2 *tari* shops were abolished ; the sites of 12 country spirit, 5 *ganja*, 3 opium. 1 *bhang*, 11 *tari*, 3 *pachwai* and 1 foreign liquor shops were changed and 8 *ganja*, 8 opium, 5 *bhang*, 2 *tari* and 4 *pachwai* shops were newly opened in accordance with their advice.

9. **Total revenue and charges** * * *

* .—The excise revenue and charges of the Presidency for the last five years are shown below :—

Period.	Revenue.	Charges.	Net revenue.	Percentage of charges.
	Rs.	Rs.	Rs.	Rs.
1918-19	1,76,38,246	10,57,674	1,65,80,572	5·99

Difference of the past two years ...	+17,66,134	-17,732	+17,83,866	-·78

* * * * * * *

11. **Actual receipts.**—Deducting the advance collections (Rs. 74,386) for 1923-24 and adding the revenue (Rs. 60,568) which was collected in advance in 1921-22, the actual receipts on account of 1922-23 were Rs. 2,01,03,212 against Rs. 1,87,32,910 (after similar adjustment) of the preceding year, showing an increase of Rs. 13,70,302 or 7·31 per cent.

12. **Excise charges** * * * * —The total expenditure of the Excise and Salt Department. excluding refunds, shows an increase of Rs. 1,234 as compared with 1921-22. The slight increase is due to the progressive increases in the time-scales of pay of the officers of the department. It is a matter for congratulation that the expenditure in this department did not intrinsically increase during the year under report.

13. **Revenue under different heads** * * * * —Revenue increased under all the heads except "Total receipts from opium" and "Fines and forfeitures." The largest increase of revenue (Rs. 8,99,988) occurred under the head "Country spirit;" "Wines and spirits" (foreign liquors other than beer, medicated wines and commercial spirits) come next with an increase of Rs. 4,65,441, followed by "Total receipts from hemp drugs" (Rs 2,39,957), "Pachwai" (Rs. 77,822), "Tari" (Rs. 69,723), "Receipts from commercial spirits including medicated wines" (Rs. 41,009), "Total receipts from beer" (Rs. 4,109) and "Miscellaneous" (Rs. 2,874). The largest decrease (Rs. 32,760) occurred under "Total receipts from opium," followed by "Fines and forfeitures" (Rs. 2,045). The decrease in the opium revenue has been explained in its proper place.

14. **Demand and collection** * * * * — Of the gross demand of Rs. 2,01,75,875 a sum of Rs. 2,01,17,030 or 99·7 per cent. was realised. Rupees 8,358 was remitted as irrecoverable. Taking the population of the Presidency of Bengal, according to the census of 1921, to be 46,522,293, the incidence of excise revenue (exclusive of revenue derived from issues of excisable articles to other provinces, Native States and foreign countries) was 6 annas 9 pies against 6 annas 3 pies in the previous year.

15. **Results of Settlements for the current year up to 31st May 1923.**— * * * * * * *
The settlements for the current year 1923-24 show a net decrease of Rs. 4,456 only. The results under the different heads are as follows:—

	Rs.
Country spirit	- 91,875
Foreign liquor	- 14,021
Fermented *tari*	+ 17,674
Pachwai retail	+ 49,741
Opium	- 29,659
Hemp drugs	+ 63,684

The figures under the heads "country spirit," "foreign liquor." "opium" and "hemp drugs" can only be regarded as an estimate, as the license fees under these heads for the current year will depend on the current year's consumption. The apparent increases under "hemp drugs" and "fermented *tari*" represent a recovery from the previous year's decreases which were brought about partly by non-co-operation agitation and partly by the enhanced retail selling prices of *ganja* and *bhang*.

* * * * * * *

SECTION II.—Country Liquor.

* * * * * * *

COUNTRY SPIRIT.

17. **System.**—There was no change in the system of supply.

18. **Country spirit licenses.**—The number of licenses for the sale of country spirit was 978 as compared with 1,032 in 1921-22, showing a decrease by 54 licenses. This decrease has been maintained from the previous year, the number of licenses in 1920-21 having been 1,120. Six shops in the district of Birbhum, 4 each in Hooghly and Rajshahi, 9 in the 24-Parganas, 10 in Dacca, 3 in Mymensingh, 5 in Bakarganj, 2 each in Tippera and Rangpur and 1 each in Faridpur, Jalpaiguri and Bogra were abolished as the demand for liquor was small. Seven shops in the district of M idna pore were closed owing to want of suitable candidates and 1 shop in Khuln- was abolished owing to objections from the public. On the other hand a shop each in the districts of Malda and Darjeeling had to be opened in order to meet local demand and to prevent illicit practices.

19. **The Fixed-Fee system in Calcutta.**—The system worked well. The licensees for the most part now appreciate the benefit of a system by which their fees are regulated on their profits equitably. A feature of the year was that applicants from the *bhadralok* class who had hitherto disliked taking up country spirit shops came forward to take the licenses. The settlement of country spirit shops which used to be a troublesome matter in the auction days is now comparatively easy owing to the competition of the educated classes. The licensees know that they can run the shops with moderate capital and practically without any risk of loss. Country spirit yielded as usual the largest percentage of revenue, viz., 54·36 of the demand, though there was drop in the consumption amounting to 25,785 L.P. gallons.

20. **The Fixed-Fee system in other districts.**—The Bengal Fixed-fee system was in force in all the districts of the Presidency throughout the year. The system appears to have worked satisfactorily on the whole. District Officers are now taking more interest themselves in the selection of the licensees. A great deal will depend on this and on surprise visits and trial purchases. There was an increase of revenue in the 24-Parganas owing to the increased duty, but from Rangpur it is reported that the increased selling price had induced some smuggling from Cooch Behar and Assam.

21. **Consumption.**—The total consumption of country spirit in the Presidency amounted to 593,355·6 proof gallons as compared with 599,415 proof gallons in the preceding year, showing a decrease by 6,059·4 proof gallons.

Consumption increased in seventeen districts and decreased in ten. Outside Calcutta the decrease in consumption in Howrah (4,649 proof gallons or 22·4 per cent.) was due to the higher retail price as compared with the first two quarters of the previous year, in Midnapore (3,613 proof gallons or 10·2 per cent.) to illicit distillation of liquor in the jungly area, in Bankura (2,379 proof gallons or 11·3 per cent.) to the extensive illicit traffic in liquor carried on by the Santhals, and in Birbhum (1,930 proof gallons or 30·1 per cent.) it was due to the increase in retail prices.

The increase occurred in the districts of Rangpur (5,483 proof gallons or 78·3 per cent.) due to the absence of picketting under the non-co-operation agitation, in Mymensingh (4,798 proof gallons or 54·06 per cent.) due to the disappearance of non-co-operation activity and better market for jute and hide, in Jalpaiguri (4,372 proof gallons or 39·05 per cent.) due to the increased prosperity of the tea trade, in Burdwan (3,966 proof gallons or 8·5 per cent.) due to higher rates of wages paid to labourer of all classes, in Malda (3,358 proof gallons or 44·6 per cent.) and Dacca (3,082 proof gallons or 35·5 per cent.) due to the cessation of picketting.

22. **Total revenue from country spirit.**—The total revenue—license and distillery fees and duty from country spirit—was Rs. 94,19,500 against Rs. 85,19,512, an increase by Rs. 8,99,988. The revenue derived from duty and distillery fees increased by Rs. 10,62,594 and that from license fees decreased by Rs. 1,62,606.

CONVICTION FOR DRUNKENNESS AND ACTION TAKEN AGAINST LICENSEES FOR PERMITTING IT.

23. * * * * * In Calcutta 6,215 persons were convicted of drunkenness as compared with 5,599 persons in the previous year, but no statistics were taken to show what proportions of these cases were due to country spirit, *tari* and foreign liquor respectively. The Commissioner of Police, Calcutta, attributes the increase in the number of convictions in Calcutta to the decline in the activities of the non-co-operators in picketting drink shops. Two cases were reported from Midnapore in which the vendors in *pachwai* shops had permitted drunkenness and disorderly conduct in or near their licensed premises. The cases were dealt with under section 65 of the Bengal Excise Act. One *tari* vendor in Calcutta was similarly dealt with.

24. **Distilleries and Warehouses.**—There was no change in the number of contract distillers. The warehouse at Contai in the district of Midnapore was ordered to be abolished with effect from the 1st April last but subsequently kept open up to the 15th April 1923 in order to dispose of the stocks of spirit. The cost price of country spirit was fixed for Messrs. Carew and Company and the Bengal Distilleries Company, Limited, at Re. 1-11 per L. P. gallon and that of Messrs. Haji Ismail Sait and Sons at Re. 1-12 per L. P. gallon from 1st June 1922 to 31st May 1923. The first and last named distillers were also allowed an extra annas 7 per L. P. gallon as compensation as explained in last year's report. The distillers at Russa sank three more tube wells during the year. The Chemical Examiner for Customs and Excise declared the water of the tube wells to be unfit for drinking but quite suitable for reduction and other purposes. The pure yeast culture apparatus in the Union Distillery is not yet in use. As regards the new sewer at Russa mentioned last year, the requisite pumping machinery has been set up by the Corporation of Calcutta and it is expected that the sewer will be ready for use before long. Messrs. Haji Ismail Sait and Sons replaced the bullock carts for carrying liquor by a motor lorry. The liquor now reaches the vendors within the shortest time possible after issue, on payment of a charge of annas 2 per bulk gallon for the transport.

A still in the Russa distillery caught fire when being overhauled, but as prompt action was taken by the officers, it was only slightly damaged and one man was injured.

On several occasions the supplies from the distilleries to the bonded warehouses fell short of the prescribed minimum, and in some cases the position threatened to be serious. There was, however, no actual difficulty in supplying the retail vendors.

TARI.

25. **General.**—On account of the exemption of unfermented date juice from the provisions of the Bengal Excise Act, the licenses hitherto settled at small fixed fees for the manufacture and sale of fresh or unfermented *tari* during some months of the cold weather were abolished.

* * * * * * *

26. **The Tree Tax System in Hooghly and Howrah.**—The tree tax system which was introduced in the Sadar and Serampore subdivisions of the Hooghly district and the whole of the Howrah district (with the exception of the areas included in the Calcutta district) in the year 1918-19 continued in the same areas during the year under report. In Hooghly the shops were settled without any difficulty. As explained last year, the tree tax system is not altogether popular with the vendors, who had recourse to the practice of the watering the *tari* in order to save their expenses on the tree tax and the increased rents of the trees demanded by the owners. But it is undoubtedly a more scientific system of taxation and keeps a better control over the consumption. It is reported that manufacturers of *gur* or molasses came in larger numbers from Jessore than previously. The total number of tree-tapping licenses issued were :—

	1921-22.	1922-23.
(1) Number issued on application of vendors ...	854	1,001
(2) Number issued to tappers on their own application	Nil	Nil
(3) Number issued to tree owners for domestic consumption	6,823	5,349

The fermented *tari* revenue of the district decreased by Rs. 3,585 owing to (1) comparatively low license fees due to the anti-drink agitation in the previous year, (2) floods in the Arambagh subdivision and the consequent settlement of the *tari* shops there at lower fees.

In Howrah also there was no difficulty in settling the shops under the tree tax system except in the case of three shops which remained unsettled throughout the year. Besides the above three shops, seven shops were abolished in the district.

The number of tree-tapping licenses issued were :—

	1921-22.	1922-23.
(1) Number issued on application of vendors ...	1,363	1,989
(2) Number issued to tappers on their own application	Nil	Nil
(3) Number issued to tree owners for domestic consumption	5,736	6,226

The *tari* revenue of the district shows a decrease by Rs. 581. The Collector reports that the decrease under the head "license fees" was due to the settlement of the shops at lower fees than in the previous year, with a

simultaneous push in the incidence of taxation under the head "tree tax" which accounts for the increase of revenue under that head. On the whole the slight decrease of *tari* revenue by Rs. 581 is due to domestic consumers licensing less number of trees this year than in the preceding year. The abolition of seven shops and non-settlement of three shops also affected the revenue to a certain extent. The receipts under the head "tree tax" were Rs. 50,308 against Rs. 45,283 in the previous year. Out of this amount Rs. 18,472 were paid by tree owners for domestic consumption against Rs. 20,508 paid in the previous year.

27. **Statistics.**—The total receipts under head "tari" increased from Rs. 4,04,393 to Rs. 4,74,116.

The number of fermented *tari* licenses decreased from 586 to 568. The chief decreases occurred in Howrah and Chittagong by 10 and 5 licenses respectively. The bulk of the fermented *tari* revenue was derived from the Burdwan and Presidency Divisions and the district of Malda which contributed Rs. 4,55,020 out of a total revenue under this head of Rs. 4,74,116. This amount includes Rs. 21,886 and Rs. 11,506 as license fees and Rs. 36,970 and Rs. 50,308 on account of tree tax for the districts of Hooghly and Howrah, respectively. License fees increased by Rs. 71,871 due to the settlement of shops at higher license fees during the latter half of the year in the 24-Parganas district. The increase was most marked in the 24-Parganas (Rs. 44,060), Calcutta (Rs. 19,718) and Malda (Rs. 21,576), while there was a decrease of Rs. 3,585 in Hooghly.

PACHWAI.

28. **Licenses.**—The total number of licenses issued for retail sale, home-brewing (annual) and manufacture on special occasions was 29,157 as compared with 17,304 in 1921-22 :—

	1921-22.	1922-23.
Retail sale	1,229	1,182
Home-brewing (annual)	15,624	27,484
Manufacture on special occasions	451	491

As reported last year, the retail price of the lower strength of country spirit having been enhanced, some of the lower classes who cannot afford to pay for country spirit have taken to *pachwai*.

29. **Fixed-fee system.**—The Bengal fixed-fee system which was introduced by me in the latter part of year 1919-20, continued to work satisfactorily in the Asansol subdivision of the district of Burdwan. Of the total *pachwai* revenue of Rs. 7,20,646 of this district, Rs. 6,25,186 was contributed by the Asansol subdivision alone and the rest, *i.e.*, Rs. 95,460, by the Sadar, Kalna and Katwa subdivisions.

From 1st April 1922 this system was extended to the larger shops in the remaining portions of the Burdwan district and in the districts of Birbhum, Bankura, Midnapore, Hooghly, Murshidabad and Darjeeling, as explained in last year's report. But on the whole it does not appear to have worked as successfully as in the Asansol subdivision and I have had to modify it since.

30. **Revenue.**—The revenue from retail license fees increased from Rs. 10,08,912 to Rs. 10,69,215. *Pachwai* is the chief source of excise revenue in the districts of Burdwan and Birbhum. The increase was considerable in Burdwan (Rs. 74,605), Bankura (Rs. 8,919), Dinajpur (Rs. 8,664) and Malda (Rs. 1,056). In the Burdwan district it was due to the successful working of the *pachwai* shops under the Bengal fixed-fee system in the Asansol subdivision, whilst in Bankura it is reported to have been due to (1) increase of license fees under the new system, (2) good harvest, (3) some consumers of country spirit having taken to *pachwai* owing to higher rate of retail prices of country spirit, and (4) closer supervision over the shops.

The decrease was heavy in the districts of Birbhum, Hooghly, Murshidabad and Darjeeling owing to the introduction of the fixed-fee system and to the settlement of some shops at reduced fees.

The revenue from home-brewing license increased from Rs. 28,673 to Rs. 46,083 due to steps having been taken to combat the effects of the non-co-operation movement. In Dinajpur there was a large increase of revenue, the Santhals having been induced to give up the spirit of resistance. But in Malda, although there was an increase of revenue by Rs. 1,056, it is reported that the agitation set up in 1921 had still a strong hold upon the Santhals.

SECTION III.—Foreign liquor.

* * * * * *

32. **Clearances of foreign liquor from the Custom Houses, Calcutta and Chittagong.**—The following statistics showing clearances on payment of duty, both direct and from bond, from Custom Houses are quoted from statements furnished by the Collectors of Customs, Calcutta and Chittagong :—

* Revised figures.

The Collector of Customs, Calcutta, explains the statistics for the Port of Calcutta in 1922-23 as follows :—

"*Ale, beer and porter.*—Imports have remained constant, but the value has fallen because shipments from Germany have been about Rs. 10 per case below British prices. The quantity received from the United Kingdom was about 66 per cent. of the total and amounted to 510,624 gallons valued at Rs. 15·55 lakhs. Germany more than doubled her supplies, 173,920 gallons valued at Rs. 5·12 lakhs being received compared with 75,961 gallons valued at Rs. 2·67 lakhs in 1921-22. Japan and the Netherlands supplied only about half the quantity sent in the previous year, their place being taken by cheap German beer.

Spirits and liqueurs.—Larger quantities of rum from Java, practically all of which was either bonded or denatured on arrival, brought the total quantity of spirits to 571,775 gallons—an increase of 10 per cent. On the other hand, a considerable drop in the price of brandy, due to the favourable rate of exchange with France, depressed the total value to Rs. 66·35 lakhs—a decrease of 7 per cent.

Wines.—Imports of sparkling wines from France increased from 1,793 to 3,184 gallons, but those from England decreased from 2,374 to 1,209 gallons. Imports of port wine from the United Kingdom increased from 7,795 to 13,690 gallons No direct imports from Portugal were made. Vermouth again showed an improvement. Italian vermouth is apparently increasing in popularity, 10,106 gallons being imported compared with 4,405 gallons in 1921-22, whereas French vermouth fell from 17,301 to 15,985 gallons."

The Customs Department have kindly furnished the following statistics of imports and issues on payment of duty of potable foreign spirits at the Calcutta Custom House :—

Year.	Imported (L. P. Gallons).				Issued on payment of duty (L. P. Gallons).

WINES AND SPIRITS (OTHER THAN MEDICATED WINES AND COMMERCIAL SPIRITS) AND BEER.

34. **Licenses and Revenue.**—The total number of licenses issued for wholesale and retail vend was 778 against 810 in the preceding year. There were increases under heads, "Retail off" (4), "Hotels" (7), "Canteen" (1), "Dining cars" (3) and "Late closing" (80), and decreases under heads "Wholesale" (33), "Railway Refreshment rooms" (2), "Temporary bars" (76), "Steamers" (15) and "Dak-bungalows" (1).

The total receipts from license fees were Rs. 2,42,626 against Rs. 3,21.159 in the previous year. The decrease in license fee is due to the first introduction of the fixed-fee system in the case of foreign liquor.

The receipts from duty were Rs. 13,21,742 against Rs. 7,74,768 in the previous year. The large increase in duty was due to the enhancement in the rate of duty.

35. **Rum and other potable foreign liquors manufactured in India.**—The following quantities of rum manufactured in India were issued during the year from distilleries and excise warehouses in Bengal :—

Place of manufacture.	Issued on payment of duty.	Issued at the concession rate of duty.	Issued duty free.
	L. P. gallons.	L. P. gallons	L. P. gallons.
Rum—			
Konnagore	175	...	267
Russa	585	...	...
Asansol	7,056	100	...
Shahjehanpur	9,578	...	100

No brandy or whisky was issued during the year.

One hundred L. P. gallons of Asansol rum was issued at the concession rate of duty to the Lakhimpur Battalion.

Duty-free issues of Shahjehanpur rum were made to the Medical College and to the Campbell Medical School, Calcutta, and of Konnagore rum to hospitals.

36. **Locally manufactured beer.**—The two breweries licensed in the preceding year continued also during the year under report. The Victoria Brewery at Sonada had an outturn of 20,167 gallons of beer during the year, of which 8,553 gallons was sold to the Military authorities, and 11,614 gallons to the licensed vendors of foreign liquor and the public. Owing to the difficulty in obtaining barley, the brewery at St. Mary's Seminary, Kurseong, remained closed throughout the year, though a license was taken by the Curator.

Duty was charged on 20,167 gallons against 15,766 in the preceding year.

Receipts from license-fees and duty amounted to Rs. 10,514 against Rs. 6,405 in the previous year.

MEDICATED WINES AND RECTIFIED SPIRIT.

37. **Licenses and Revenue.**—The number of licenses for the retail sale of medicated wines and rectified spirits were 150 and 38, respectively, as compared with 148 and 36 in the previous year. The revenue from license-fees was Rs. 9,250 against Rs. 9,300 in the preceding year.

38. **Manufacture and issue of rectified spirits.**—Rectified spirits were manufactured in the distilleries at Asansol, Konnagore, Russa and Bahir-Mirzapur Road, Calcutta.

The following quantities of rectified spirits were issued during the year for medicinal, industrial and scientific purposes from distilleries and excise warehouses in Bengal :—

Place of manufacture.	On payment of duty.	Duty free.	For manufacture of tinctures and absolute alcohol in bonded laboratories.
	L. P. gallons.	L. P. gallons.	L. P. gallons.
Asansol ...	11,848	1,561	51,690

Russa ...	30,225	957	1,567
Bahir-Mirzapur	835	148	10,337

Besides the above quantities issued on payment of duty, 5,022 gallons of Asansol spirit and 3,431 gallons of Russa spirit were issued at the concession rate of Rs. 5 per L. P. gallon for medicinal, scientific and industrial purposes. Duty-free issues of Asansol spirit were made to the Director, Botanical Survey of India, to the Chemical Examiner for Customs and Excise, Calcutta, to the Superintendent, Ammunition Factory, Dum-Dum, to the Director, Zoological Survey of India, and to the Officer-in-charge, Mathematical Survey of India; of Russa spirit to the Superintendent, Government Test House, Alipore, to the Controller of Contracts, Simla, to the Agricultural Chemist to the Government of Bihar and Orissa, Sabour, to the Agricultural Chemist, Dacca, to the Ammunition Factory, Dum-Dum, to the Controller of Printing and Stamps, Calcutta; of Bahir-Mirzapur spirit to the Presidency College, Calcutta, to the Calcutta Corporation, to the University College of Science, and to the Principal, Bethune College, Calcutta.

39. **Manufacture of tinctures, etc.**—Four bonded laboratories manufactured tinctures, etc., during the year under report. Duty was paid on 34,748 L. P gallons of spirit contained in tinctures and medicinal preparations issued from the four laboratories while medicinal preparations containing 11,195 proof gallons of spirit were issued duty-free to the charitable dispensaries in the various provinces.

The duty realised on tinctures issued was Rs. 1,73,740.

GANJA.

45. **Retail Licenses.**—The total number of licenses issued in the Presidency for the retail sale of *ganja* was 1,184 as compared with 1,206 in 1921-22. Eleven shops were abolished in the 24-Parganas, five in Birbhum, two in each of the districts of Nadia, Faridpur and Rangpur, one in each of the districts of Mymensingh and Tippera as being unnecessary. One new shop was opened in each of the districts of the 24-Parganas and Murshidabad with the approval of the Advisory Committees to meet the ascertained local demands. The revenue from license fees amounted to Rs. 22,63,185 against Rs. 20,05,216 in the previous year.

46. **Consumption of ganja.**—The total quantity of *ganja* consumed in the Presidency amounted to 1,588 maunds and 21 seers as compared with 1,638 maunds and 7 seers in 1921-22, a decrease of 49 maunds and 26 seers. Consumption decreased in nineteen districts and increased in eight. The greater part of the decrease occurred in the Rajshahi, Presidency and Burdwan Divisions. The decrease exceeded 10 per cent. in six districts, viz., Bogra, Tippera, Nadia, Pabna, Birbhum and Bankura, and 20 per cent. in Howrah (10 maunds or 23·19) and Rajshahi (13½ maunds or 21·18). There was also a large decrease in Calcutta (14 maunds and 3 seers). The drop in consumption is primarily due to the higher retail price. The abolition of a large number of shops also contributed to the decrease.

The only district in which the increase exceeded 20 per cent. was Rangpur (14½ maunds or 32·40). The increase exceeded 3 maunds in Mymensingh (13 maunds and 16 seers) and Dacca (5 maunds and 5 seers). The increase in Rangpur is reported to be partly due to the cessation of the non-co-operation agitation and partly to the better condition of trade in jute, hide, etc., during the year under report. The cessation of the non-co-operation agitation also accounted for the increased consumption in Mymensingh and Dacca.

47. **Total revenue.**—The total receipts of the year amounted to Rs. 36,62,432 against Rs. 34,33,436 in 1921-22, an increase of Rs. 2,28,996. There was a fall of Rs. 28,973 in receipts from duty which, however, was counterbalanced by an increase of Rs. 2,57,969 under license fees.

48. **Incidence of Taxation.**—The incidence of license fee per seer of *ganja* consumed was Rs. 35·8 and that of duty Rs. 20. The total taxation was Rs. 55·8 per seer as compared with Rs. 50·6 in the previous year.

* * * * * * *

51. **Cultivation and outturn of Ganja at Naugaon in Rajshahi.**—The number of applications to cultivate *ganja* received last season (1923) was 3,857 for an area of 7,019 bighas as compared with 3,743 applications for an area of 7,332 bighas in the previous year. The area sanctioned during the year 1922-23 was at first 2,600 bighas. Three thousand and forty applications covering an area of 2,600 bighas 12 cottahs and 15 chitaks were granted as compared with 2,864 licenses covering an area of 2,799 bighas 16 cottahs and 8 chitaks in 1921-22. The unprecedented flood of the 26th September 1922, which swept over the whole of the *ganja* mahal, destroyed almost entirely the *ganja* seedlings which had been transplanted and were in nurseries. As a low outturn was apprehended, extra lands were granted to those cultivators who could grow sufficient seedlings and additional licenses were also granted to 93 persons who could not get licenses at the first selection. Thus the total number of licenses granted last season was 3,138 which covered an area of 3,199 bighas and 16 cottahs. The area

actually cultivated with *ganja* however was 2,891 bighas 17 cottahs against 2,800 bighas 13 cottahs and 4 chitaks in the preceding year. The area under cultivation, as usual, was sufficiently tested, and as a result a very large number of cases of change of plots and cultivation of *ganja* on less or excess areas were detected. But in view of the abnormal conditions prevailing, no one was dealt with severely. It was a year of great distress and devastation to the *ganja* growers as the flood washed away almost all their means of subsistence and destroyed their homes. But in spite of this the cultivators took the utmost care to make good the loss at the cost of personal discomfort and difficulty. This illustrates the popularity of the new system under which the Ganja Cultivators' Co-operative Society, Limited, has been established and also the fact that the *ganja* crop is very profitable to the cultivators.

As soon as the floods receded, the cultivators began to sow seeds in seed beds, but there was a great shortage of seeds. They had to be collected from the public *golas* at Naugaon, by seiving *ganja* and also from the district warehouses of the Presidency. Those seeds, together with the seeds which the cultivators had been able to save, were sown in nurseries. Seeds were also collected from other provinces but only a maund of Madras seeds was sown in nurseries as these were not popular.

During the transplantation, caterpillars known as "Hirkati" appeared over almost the whole of the ganja mahal and did much damage to the new seedlings. The crop in its earlier stages showed little promise and there was every indication that the existing stocks and the new crop combined would not be likely to meet the normal demand. Necessarily arrangements had to be made to get a supply of the drug on requisition from outside the Presidency. But the outlook improved and the outturn eventually proved to be better than what had been anticipated, being 1 maund 25 seers and 14 chitaks per bigha against 1 maund 36 seers and 4 chitaks in the preceding year. 4,761 maunds 2 seers and 13 chitaks of new *ganja* were stored in the public *golas* against 5,339 maunds 13 seers and 7 chitaks in the preceding season. The idea of getting a supply of *ganja* from outside the Presidency was then abandoned.

BHANG.

56. **Licenses and Revenue.**—Two hundred and sixty-six retail licenses were in force during the year, as in the previous year. The total number of druggists' permits issued was 417 as compared with 381 previously. There were noticeable increases in the Dacca (16), Presidency (12) and Rajshahi (6) Divisions. The increase was evidently due to the fact that action was taken to make the *Kavirajes* aware that such permits were necessary to enable them to deal in preparations which contained *bhang*. The total revenue from license fees and duty amounted to Rs. 1,80,643 as compared with Rs. 1,91,500 in 1921-22, a decrease of Rs. 10,857, which was due to the very large increase in the price.

57. **Consumption.**—There was an appreciable demand for *bhang* in most of the Western Bengal districts, viz., in Burdwan, Birbhum, Bankura, Midnapore, Hooghly, Howrah, 24-Parganas, Calcutta and Nadia. In Eastern Bengal, Dacca, as usual, was the only district where there was any considerable issue of the drug. In the other districts in the Presidency the consumption was very small.

The drug is generally used in the preparation of a drink, and its sale in some cases is confined to religious occasions. It is also used in the preparation of Kabiraji medicines. The total consumption in the Presidency amounted to 449 maunds 26 seers as compared with 674 maunds 13 seers in the previous year, a noticeable decrease by 224 maunds 27 seers. The decrease exceeded 5 maunds in Calcutta (115 maunds 1 seer), 24-Parganas

(20 maunds 14 seers), Burdwan (18 maunds 21 seers), Midnapore (16 maunds 34 seers), Hooghly (15 maunds 11 seers) and Howrah (8 maunds 32 seers) and was due to the very large increase in the retail price after the introduction of the fixed-fee system throughout the Presidency. This matter will probably require revision. The decrease in duty due to the diminished consumption of the drug was however counterbalanced by large increase in the license fees in Calcutta and Dacca where there was a net increase of revenue amounting to Rs. 14,253 and Rs. 2,369, respectively.

Two maunds and ten seers of duty-paid *bhang* were exported from Hooghly to French Chandernagore, and five seers of the drug were exported from Calcutta to Switzerland on payment of duty. Tippera supplied 18 seers of duty-paid *bhang* to the adjoining State of Tripura.

CHARAS.

58. **Licenses and Revenue.**—Two wholesale licenses and thirty retail licenses were in force during the year, as in the preceding year. The total receipts amounted to Rs. 1,08,161 as compared with Rs. 86,309 in 1921-22, an increase of Rs. 21,852. The revenue from license fees increased by Rs. 17,304 and that from duty by Rs. 4,548.

59. **Imports, exports and consumption.**—The total quantity of *charas* imported into Bengal was 31 maunds 33 seers against 28 maunds 27 seers in the preceding year. The wholesale dealers of Calcutta and Birbhum, as usual, imported the drug direct from the Punjab and supplied the retail vendors throughout the Presidency.

The total issues to retail shops in the Presidency amounted to 32 maunds 1 seer as compared with 27 maunds 28 seers in 1921-22. By far the greater portion of the drug is consumed in Calcutta, which alone accounts for 20 maunds 11 seers. There was an increase in consumption of over 1½ maunds in Calcutta, which is reported to have been due to the ordinary tendency of consumption of intoxicants to increase and to the stoppage of the non-co-operation movement during the year.

There was, as in the previous year, an appreciable demand for *charas* in almost all the Western Bengal districts. In Eastern Bengal, the use of this drug is extremely limited and the habit does not appear to be spreading. There is one shop in each of the districts of Dacca, Bakarganj and Dinajpur. The consumers of the drug, as reported in previous years, come from different sections of the community. Tastes vary in different districts. Some district officers have reported that the drug is mostly used by the Punjabis, Peshwaris, Chittagonian lascars and up-country men of the labouring classes, while others have reported that its use is confined to well-to-do and *bhadralok* classes as a substitute for *ganja*, the smell of which is disliked. It is also said to be popular with singers and members of *jatra* and threatrical parties, both men and women.

Six seers of *charas* were exported to Bihar and Orissa and two seers to French Chandernagore.

SECTION V.—Opium.

* * * * *

60. **Restricted supply of opium.**—Under this system monthly issues of excise opium to retail shops are fixed according to *bonâ-fide* local consumption. As in the previous year, all the shops in Midnapore, Hooghly, Howrah, the 24-Parganas, Calcutta, Khulna, Bakarganj, Faridpur, Chittagong, Noakhali, Tippera and Jalpaiguri and a certain number of shops in Burdwan, Nadia, Jessore, Darjeeling, Mymensingh, Murshidabad and Rajshahi worked under this system. One shop in the district of Bankura was also brought under this system during the year under report. Dacca is one of the non-

restricted districts, but the issue of opium to its town shops was locally regulated according to the consumption.

61. **License for retail sale.**—The total number of licenses issued for the retail sale of excise opium was 824 as compared with 820 in the previous year. Six new shops were opened, viz., two each in the 24-Parganas, Dacca and Bakarganj ; on the other hand one shop was abolished in Birbhum and one in Dacca. All the new shops were opened with the approval of the Advisory Committees concerned.

62. **Permits and licenses under the Opium and Morphia Rules.**—The total number of permits and licenses was 1,298 as compared with 1,240 in the previous year. The number includes 33 licenses to manufacturing chemists, 470 to dispensing chemists, 51 to Kabirajes and Hakims and 41 permits to permit-holders (total 595 for intoxicating drugs) and 41 licenses to dealers, 525 to chemists, 54 to persons approved under rules 21(*1*) and 21(*2*) of the Morphia Rules and 83 persons authorised under rule 22 of the same rules (total 703 for morphia drugs). Licenses under these rules were granted on the recommendations of the Civil Surgeons of the districts concerned and in Calcutta they were granted on the recommendation of the Health Officer to the Calcutta Corporation.

63. **Consumption.**—The consumption of excise opium during the year was 1,006 maunds and 16 seers as compared with 1,011 maunds and 18 seers in 1921-22, showing a decrease by 5 maunds and 2 seers only. The consumption increased in 10 districts and decreased in 17. The largest increases occurred in Bakarganj (295 seers or 34·7 per cent.), Chittagong (120 seers or 15·2 per cent.), Tippera (41 seers or 13·8 per cent.), and Noakhali (19 seers or 10·5 per cent.). In Bakarganj the increase is ascribed to the lowering of the sale price in certain parts of the district, on account of the uniform rate under the Bengal fixed-fee system, and to the opening of two new shops. In Chittagong the increase is similarly ascribed to the reduction in the sale price. The increases in Tippera and Noakhali were due to increased allotments having had to be made to some shops. The decrease exceeded 10 per cent. in 6 districts, viz., Bogra (55 seers or 22·7 per cent.), Bankura (99 seers or 15·2 per cent.), Dinajpur (79 seers or 13·4 per cent.), Rajshahi (55 seers or 12·8 per cent.), Birbhum (78 seers or 12·3 per cent.), and Murshidabad (90 seers or 12·1 per cent.). It was due generally to the increase in the retail price. In Bankura and Dinajpur it is also suspected that the decrease was partly due to the consumers on the borders of the adjoining districts of Manbhum, Purnea and Cooch-Behar obtaining their supplies from the latter, as the prices are cheaper there. In the Murshidabad district it is suspected that the decrease in consumption was also partly due to certain classes of people, particularly in the towns of Murshidabad and Berhampur, obtaining supplies of illicitly imported *crude opium*.

64. **Revenue.**—The total receipts amounted to Rs. 31,83,170 as compared with Rs. 32,15,930 in 1921-22, showing a decrease by Rs. 32,760 or 1·0 per cent.

65. **Morphia and opium pills.**—The use of morphia as a substitute for opium does not appear to have been prevalent in any of the districts. No sale of opium pills was reported during the year under review.

* * * * *

SECTION VI.—Cocaine.

* * * * *

68. **Licenses and Revenue.**—Three hundred and fifty-seven licenses were issued during the year to chemists and druggists for the sale of cocaine as compared with 334 in 1921-22. Fifty permits for the possession of cocaine were issued free to managers of hospitals or dispensaries not under Government supervision, viz., nineteen licenses for tea gardens in Jalpaiguri

eight for charitable dispensaries in the 24-Parganas, six each in Burdwan and Calcutta, four in Tippera, two in each of the districts of Midnapore, Nadia, and one each in Khulna, Faridpur and Noakhali. Thirty permits were issued to qualified medical practitioners and dentists, viz., fifteen in Calcutta, seven in Bakarganj, four in Chittagong, two in Burdwan and one each in Jessore and Faridpur, for possession and use of the drug in the course of their practice.

69. **Preventive operations and illicit transactions.**—The abuse of cocaine continues in the Calcutta district and in the districts of the 24-Parganas and Burdwan. Six cases were detected in Dacca. The number of persons convicted of illicit possession, sale or smuggling of cocaine increased from 227 to 284. In Calcutta the number was 265 as compared with 209 in the previous year. An account of some important cocaine cases will be found in section VII of the report.

The total quantity of cocaine seized in Bengal during the year was 1,197 ounces 368½ grains as compared with 462 ounces 304½ grains in 1921-22. Only 3 ounces 274 grains were seized outside the Calcutta district, and of this quantity, 3 ounces 214 grains were seized in the 24-Parganas. In Calcutta 541 ounces 410 grains were seized by Excise officers, 533 ounces 50 grains by Custom officers and 119 ounces 72 grains by Police officers.

* * * * *

Section VII.—Offences against the Excise and Opium Laws.

* * * * * * *

71. **Prosecutions and conviction.**— * * * *

The total number of persons arrested during the year was 5,799 as compared with 6,762 in the previous year. Of these, 5,409 were convicted during the year against 6,356 in 1921-22. The number of arrests increased in 10 districts out of 27. This increase was most marked in Midnapore (271), Dinajpur (77) and Calcutta (69). On the other hand, there was a decrease in 17 districts and it was most marked in the Burdwan Division. The following districts show the largest decreases, viz., Hooghly (610), Birbhum (342), Burdwan (114), Murshidabad (113), Faridpur (100), Howrah (65) and Mymensingh (55).

In Midnapore the illicit manufacture of *pachwai* from coarse rice and the illicit distillation of country spirit from *mohua* flowers and some times from molasses continued to be the commonest forms of excise crime. The increase in this district was due to the fact that the Santals in Binpur thana began to defy the Excise laws openly, as a direct outcome of the non-co-operation movement, and to manufacture *pachwai* and country spirit in their own homes instead of resorting to the excise shops. The aboriginals and semi-aboriginals of Nayagram and Gopiballavpur thanas also resorted to illicit distillation of country spirit. The local *bhadrolok* consumers of country spirit in many localities are reported to have directly encouraged illicit distillation in order to get drinks at a cheaper rate than from the licensed shops. They are said to have paid up the fines of the accused. In Calcutta the increase was due to the detection of an increased number of petty cases by officers of other departments. In Dinajpur, the Santals and the aboriginals refused *en masse* to take out home-brewing licenses as a result of the non-co-operation agitation, and vigorous measures had to be adopted to prosecute offenders for illicit home-brewing of *pachwai*. The heavy decrease in Hooghly is stated to have been due to the falling off in *tari* and *pachwai* cases on account of the deterrent punishments in the previous year, but it appears to me that it was also due to the laxity of the former Superintendent of Excise who has since retired. In Birbhum also the heavy decrease appears to have been due to the laxity of the supervising officer, although the excuse given is that the Excise Sub-Inspectors were fully occupied in the inspection of *pachwai* shops twice a month under the fixed-fee system, which had been introduced during the year. The Superintendent of Excise has since been transferred and the fixed-fee system has been modified. In Mymensingh where the decrease has

not been so great, the comparative failure in detections is ascribed to shortness of funds for payment of rewards, in consequence of which spies and informers did not come forward to the same extent. In Burdwan the decrease is said to have been due to deterrent punishments and the vigilance of the Excise staff. In Murshidabad the opening of temporary *tari* shops in areas where *tari* crime was prevalent has led to the decrease. The decrease in Faridpur was due to the fact that under the Collector's orders petty *bhang* cases were not sent up. This was a move in the right direction. In Howrah the decrease is also said to have been due to deterrent sentences in the previous year.

72. **Classification of Offences.**—Six hundred and eighteen persons were arrested for "illicit distillation" and 230 for possession or sale of "illicit country spirit" as compared with 430 and 208, respectively, in the preceding year. The chief increases under these two heads taken together occurred in Midnapore (192) and Bankura (66) and the chief decreases in the 24-Parganas and Mymensingh (13 each), Nadia (12) and Howrah (11). As explained in the preceding paragraph the increase in Midnapore was due to the aboriginals and semi-aboriginals of the Binpur, Nayagram and Gopiballavpur thanas resorting to illicit distillation. In 4 cases of illicit distillation in this district the chowkidars were the offenders. The area round about the Kharagpur railway settlement is said to be full of this kind of crime. In Bankura the increase is reported to be due to the fact that the preventive officers had concentrated their attention more to the detection of such offences than on pachwai cases. The decreases in the districts of the 24-Parganas Mymensingh, Nadia and Howrah are nominal and do not require any explanation. Two big cases of illicit trade in country spirit were detected within the mill areas of Khardah and Naihati in the Barrackpore subdivision of the 24-Parganas district during the year and the offenders were adequately punished. In Mymensingh, Namasudras and Muchis are reported to have joined the aboriginal classes in illicit distillation. The Muchis particularly played an active part during the year and several important cases were detected, with large quantities of fermented wash, illicitly distilled liquor and complete sets of distilling apparatus, in which gangs of Muchis were the offenders. A case of manufacture and sale of *Sanjibani Sudha* was detected in Malda.

The number of persons arrested for "unlicensed sale of duty paid country spirit" decreased from 108 to 105. The decrease occurred principally in Calcutta.

The arrests for "illicit possession of duty paid country spirit" increased from 29 to 37, the increase occurring in Calcutta.

The prosecutions for "illicit import, export and transport of country liquor" increased from 153 to 236, mainly in the 24-Parganas and Hooghly districts. In the 24-Parganas the increase was due to clandestine supply of liquor to mill hands in the industrial areas. The increase in Hooghly was due to smuggling from French Chandernagore. Some local middle class men of position and several Calcutta smugglers were found transporting liquor in large quantities in copper vessels especially made for the purpose.

The arrests for "illicit sale of foreign liquor" decreased from 49 to 44. The decrease is slight and does not require any explanation.

Arrests in *tari* cases decreased from 1,928 to 1,227. Hooghly and Murshidabad districts were mainly responsible for this decrease. It has, however, no special significance. The offence is common amongst the lower classes, particularly amongst up-country labourers in the Burdwan and Presidency Divisions, and its extent depends upon the amount of available funds in the hands of the consumers.

Prosecutions for "illicit manufacture, possession or sale of *pachwai*" also decreased markedly from 2,299 to 1,862. The decreases were large in Birbhum (320), Hooghly (131) and Burdwan (104), and the reasons have already been mentioned in paragraph 73 above.

Seven persons were arrested for "illicit cultivation of poppy" as compared with 3 in the previous year.

Taking the figures under the two heads "illicit opium" and "Treasury opium" together, the number of arrests for illegal sale and possession decreased from 289 to 272. The chief decreases occurred in Midnapore (25), Burdwan (14) and Nadia (8); whilst Chittagong and Calcutta showed increases by 15 and 10, respectively. The total quantity of opium seized in Bengal amounted to 79 maunds and 13 seers as compared with 54 maunds and 30 seers in the previous year. Of this quantity 58 maunds and 20 seers were seized in Calcutta alone. Eighteen maunds and 24 seers were seized by the special staff at different railway stations. The Customs officers, Calcutta, made seizures on board the vessels in the port of Calcutta, amounting to 9 maunds and 8 seers. Thirty-six maunds and 32 seers were seized by the Calcutta Excise officers as compared with 27 maunds and 24 seers in the preceding year; 2 maunds and 7 seers and 3 maunds and 20 seers were seized by the Calcutta Police and Howrah Railway Police, respectively. The price of the opium seized by the Excise officers, Calcutta, according to the rate prevailing in licensed shops was Rs. 91,360 and Rs. 2,20,800 to Rs. 2,94,400 according to the smugglers' rate. Several important arrests were made during the year, but as the details have already been given in the Excise Supplement to the *Criminal Intelligence Gazette*, it is unnecessary to reproduce them here. Mention may, however, be made of five cases of special interest, the first four of which were detected in Calcutta and the fifth at Howrah.

In the first case information was received by the Calcutta Excise Preventive staff that some European officers, employed on board the SS. *Tanda*, a vessel plying between India and Japan, were engaged in smuggling opium from Calcutta to different Chinese ports. A careful watch was kept on the movement of the ship's officers and it was ascertained that one Mr. G. H. Gregory, the Second Officer of the SS: *Tanda*, had collected a large quantity of opium and kept it in three suit cases at 6/1, Moira Street, Calcutta, prior to its removal to the steamer. On the morning of the 2nd April 1922, Mr. Gregory made over the packages to an Agent of Messrs. Cox & Co., with a letter purporting to have been written by a certain passenger Baldwin (though no such passenger was subsequently found) to the Chief Officer for their removal to the steamer. The packages were, however, seized in a hackney carriage at Chowringhee by the Superintendent of Excise, who was keeping watch with his officers and men, and one Mr. Duff and a coolie both in the employ of Messrs. Cox & Co. were arrested while they were removing the packages to the steamer. The suit cases, on being opened, were found to contain 2 maunds and 5 seers of Malwa opium. Mr. Gregory was also arrested in course of the investigation. All the three accused persons (viz., Gregory, Duff and the coolie) were prosecuted under the Opium Act. Duff and the coolie were discharged as they were merely common carriers and had no guilty knowledge. Gregory was convicted and sentenced to undergo one year's rigorous imprisonment and to pay a fine of Rs. 500, in default six months' further imprisonment. On appeal before the Hon'ble High Court the conviction was confirmed but the term of imprisonment was reduced to six months and the fine was retained though the term of imprisonment in default was reduced to two months. The accused apparently belonged to an organised gang of smugglers and it has been rightly observed by the Hon'ble Judges in their judgment that the position of the accused was such as to give him singular opportunities for smuggling and he was certainly a very useful link between the conspirators at each end of the journey.

In the second case, a Peshwari, who is a notorious opium smuggler of Calcutta, was suspected to have imported a large quantity of opium and to sell it to a Chinese smuggler through his Manager Jatindra Nath Dey. Premises No. 64, Corporation Street, Calcutta, where the mistress of Jatindra Nath was living, were searched and about 2 maunds of opium was recovered inside a steel trunk, a suit case, a gunny bag and the beddings kept in the room. Jatindra, who was present at the time of the search, was arrested with his mistress and sent up for trial under the Opium Act. Jatindra admitted the possession of the opium and was convicted to one year's rigorous

imprisonment. His mistress was discharged. Accused Jatindra Nath was, at the time of detection of this case, undergoing trial before the Police Magistrate, Sealdah, for importing 4 seers of opium by postal parcel at the Cossipore Post Office. He was also convicted in this case and sentenced to undergo three months' rigorous imprisonment. He is said to be an expert in the smuggling business and to be of great help to the local smugglers in importing opium by rail as he was once a railway employé. He had once been convicted at Gaya for illicit import of opium by rail.

In the third case, an Inspector of the Calcutta Excise Force on receipt of information that some Anglo-Indian smugglers had a large quantity of opium for sale, managed to get one of his petty officers introduced to the smugglers as a purchaser. According to previous arrangements, three Anglo-Indians (Major, Vyse and Maitland) and a servant came to the Eastern Bengal Railway hotel near Sealdah station to deliver to the supposed purchaser 1 maund and 19 seers of opium kept in a steel trunk when they were arrested. The accused Major had received Rs. 5,000 in currency notes from the bogus purchaser as price of the opium just before his arrest, and this amount was recovered from his person in the presence of the witnesses. All the four accused were prosecuted with the sanction of the Local Government for illicit possession of opium and for conspiring amongst themselves for its sale. All the accused, except the servant, were convicted and sentenced to six months' rigorous imprisonment each. The servant was discharged. Vyse used to hold a responsible post in the workshop of Messrs. Macneill & Co., Calcutta, as an Electrical Engineer at the time of his arrest and Major was an *ex*-Custom Officer.

In the fourth case, on receipt of information, Sergeant Vallis of Hastings police-station, Calcutta, arranged a watch at the Hastings Soldiers' Club and searched the belongings of one King. One maund and 29 seers of Malwa opium was recovered from his two steel trunks. He was a Lance-Corporal and had come from Delhi and put up at this club. His explanation was that a Mahomedan gentleman had given him the boxes at Delhi station, saying that he would call at the Soldiers' club and take away the boxes, and had paid him the expenses for the journey. This explanation was not found satisfactory and he was prosecuted and sentenced to undergo one year's rigorous imprisonment.

In the fifth case, one Nandakumar De and his accomplice Kaloo were arrested by an Excise Sub-Inspector in a country boat in the Uluberia subdivision of the Howrah district whilst smuggling 1 maund and 39 seers of Malwa opium by river. They were carriers of Calcutta smugglers. On conviction they were sentenced to six months' rigorous imprisonment each and Nandakumar was also ordered to pay a fine of Rs. 100.

Five other important cases of smuggling of opium were detected in the interior of this district and they indicate that the Calcutta smugglers are carrying on their business very largely by these unfrequented routes.

During the year under report a large number of railway parcels were seized and in the majority of cases the consignees or their agents were arrested after careful watch and were successfully prosecuted in court.

Thirty-three registered and insured postal parcels were seized and 2 maunds and 35½ seers of opium were recovered from them. Five of the parcels came from Moradabad, 3 each from Jaipur and Udaipur, 2 each from Delhi and Rampur State and the rest from other Native States, such as Gwalior, Ajmere, Bhopal, etc. Endeavours were made in all cases to trace the addressees but without success except in two.

One special feature of the detections during the year was that, owing to the general slump in trade, some Marwaries, who had previously been engaged in quiet business in piece-goods, etc., had taken to the professions of opium smuggling and had brought down several parcels of opium, declaring them to contain "Rezai cloth", "Deshi cloth", "Khaddar", etc., from the Native States of Rajputana where these cloths are at present manufactured on a large scale. It is satisfactory to note that several of these offenders were successfully arrested and brought to book for the illicit traffic in opium.

The ingenuity of the smugglers in inventing novel methods of concealing opium during transit showed no signs of abatement, as will appear from the fact that contraband opium was seized in bamboos and sugar canes, double-bottomed boxes, tiffin carriers, honey pots, earthen goblets, and specially-constructed tin canisters.

During the year efforts were made to stop the growth of opium smuggling by communicating information of some important cases from Chittagong district to Burma, leading to successful detection. Close co-operation between the Chittagong Excise staff and the Burma staff is reported to be kept up in order to facilitate detections.

Unlicensed sale of tincture opium has been reported from Faridpur. Although such sales do not affect the revenue, the use of this preparation is also injurious to health. It is regretted that certain Calcutta druggists supply tincture opium and liquor morphia to quacks for use in their dispensaries. The names of the preparations are not mentioned in the invoice but their prices are charged with other medicines This is a matter of some importance and steps will be taken in consultation with the Collector.

The arrests for "illicit possession or sale of *madak* or *chandu*" decreased from 218 to 151. Calcutta is mainly responsible for this decrease.

There were 73 arrests for "illicit cultivation or collection of *ganja* or *bhang*" against 118 in the previous year. The decreases were evenly distributed amongst several districts. In the 24-Parganas arrests fell by 13. In Dinajpur, during the *ganja* cultivation season, green *ganja* was occasionally smuggled into that part of the Balurghat subdivision, which borders on Rajshahi. One such important case was detected in which 1 maund and 15 seers of green *ganja* was seized Five persons were prosecuted and sentenced to undergo one month's rigorous imprisonment. In Pabna, one Brahmachari was prosecuted for cultivating 6 *ganja* plants. He was fined only Rs. 30. In the Ganja Mahal at Naogaon in the district of Rajshahi 17 cases were detected for "smuggling of non-duty paid *ganja*" and for "illicit possession of green *ganja*" against 65 in the previous year. The decrease has been explained in section IV of this report. Six of the cases were important. Three cases of special importance, in which the quantities seized were comparatively large, are noted below :—

(1) Rasik Lal Ghosh and Gora Mondal, who used to work as informers, were arrested with 79½ tolas and 103½ tolas, respectively, of non-duty paid *ganja*. They were prosecuted and sentenced to undergo rigorous imprisonment for two months each.

(2) One Khanu Mondal was arrested for illicit possession of 3 seers of non-duty paid green *ganja* and was sentenced to rigorous imprisonment for three months.

(3) One Dasarath Sardar, who was an informer, was arrested for unlawful possession of 8 seers of green *ganja* plants which he wanted to sell to a bogus purchaser arranged by the Excise Preventive Officer. He was prosecuted and sentenced to undergo rigorous imprisonment for one month.

The number of arrests for "unlicensed sale of hemp drugs" remained practically the same as in the previous year (149 against 148).

There were 100 arrests for "illicit possession of *ganja*" as compared with 173 in the previous year. The decrease was more or less evenly distributed except in Rajshahi, which showed a decrease by 53. This decrease has already been explained in section IV of this report. The prosecutions for "illicit possession of *charas*" fell from 5 to 4. The arrests under the head "illicit possession of *bhang*" also decreased from 294 to 257. Faridpur alone was responsible for a decrease by 90, which was due to the fact that orders were issued to the preventive force not to send up petty wild *bhang* cases.

The prosecutions for the "illicit possession or sale of cocaine" increased from 252 to 332. This is satisfactory, as I commented on the decrease in last year's report. Calcutta alone shows an increase by 81. It is practically

the centre for the illicit traffic in cocaine and all the contraband imports and exports of the drug are controlled from it. The total quantity of cocaine confiscated in Bengal during the year under review was 1,197 ounces and 368½ grains, of which Calcutta's share was 1,194 ounces and 94½ grains. The smuggler's wholesale price of one ounce of cocaine varied from Rs. 50 to Rs. 60 and the retail price varied from Rs. 150 to Rs. 200 per ounce. The authorized price of the drug as issued to licensed chemists was Rs. 8 per ounce. The price of the total quantity of cocaine seized by the Calcutta Excise Officers was Rs. 4,328 according to the price at which it is sold to licensed chemists, but it amounted to Rs. 27,050 according to the smuggler's wholesale rate. The use of cocaine as an intoxicant was hitherto chiefly confined to Calcutta, Burdwan and to the industrial areas of Hooghly and 24-Parganas, but during the year under report it also found its way to the railway settlement at Kharagpore in the district of Midnapore and to Dacca. Three cases of special importance are noted below :—

(1) On receipt of information that a Goanese smuggler had a large quantity of cocaine for sale, an Inspector of the Calcutta Excise Preventive staff deputed his petty officer to watch and arrange for detection. The petty officer posed himself as a bogus purchaser and interviewed the smuggler with the informer. It was arranged that the smuggler would sell 100 ounces of cocaine at the rate of Rs. 50 per ounce on the evening of the 28th March 1923. Accordingly the petty officer was sent with the "show money" to the smuggler's house at 34, Prinsep Street to effect the transaction while officers and men remained in hiding near about the place. As soon as the cocaine was delivered the officers rushed in and arrested the two Goanese (Cainero and Fernandiz) and seized 100 ounces of cocaine in a suit case. Both the accused were sent up for trial. The case was pending at the close of the year but has since ended in conviction.

(2) On information an Excise Inspector of Calcutta raided the premises No. 8, Maulvi Lane with other officers and men during the early hours of the 29th March 1923. But the main gate of the house was found locked and one of the Inspectors of the party scaled the boundary wall and entered the compound. Seeing the officer, the accused Witham, who was then living in the house with his family, rushed into a room and began to throw away the tins of cocaine with the help of his wife and children. The Inspector attempted to prevent this and in the *mêlée* which followed, he was bitten by a dog belonging to the accused. In the meantime, however, other officers and men entered the house and were able to snatch a tin of cocaine from the accused's hand. Other tins were also recovered in course of search and altogether 11 tins containing 265 ounces of cocaine were seized. Witham was arrested and sent up for trial. The case was pending at the close of the year but has since ended in conviction. The accused worked as a contractor for the supply of fresh vegetables to the steamers of British India Steam Navigation Company, and as such he had ample opportunities to import cocaine from foreign countries and sell it to the local smugglers.

(3) A Calcutta Port Police Constable, while on duty at shed No. 3 of the Kidderpore Docks, noticed three Chinamen coming to the Docks in a taxi and going on board the SS. *Ho Sang* which was lying there. Their movements appeared to be suspicious and so when they returned from the steamer and were taking their seats in the taxi, the constable detained the taxi with the help of other constables and secured the three Chinamen (Asan, Anyan and Atanoo) and recovered 108 ounces of cocaine from them. They were prosecuted and were sentenced to pay a fine of Rs 1,000 each.

GOVERNMENT OF BENGAL.

EDUCATION DEPARTMENT.

CALCUTTA, THE 5TH JANUARY 1924.

RESOLUTION—No. 22 Edn.

HIS EXCELLENCY THE GOVERNOR OF BENGAL in the course of the address delivered at the Convocation of the Dacca University on the 22nd February 1923 announced the intention of the Government of Bengal (Ministry of Education) to set up a Committee to act as a permanent advisory body to Government in their higher educational policy.

2. The Universities of Calcutta and Dacca are both hampered by the lack of adequate financial resources. At the same time the Government of Bengal on whom the sole care of both Universities has devolved since the introduction of the reformed constitution has been assigned a revenue insufficient to meet the most pressing demands of the province. The amount of money which the Government of Bengal can afford to spend on higher education is, therefore, strictly limited; and it is of supreme importance to ensure that such money as may be allotted to the Universities should be spent in the most profitable manner. Consequently it is essential that the work of the two Universities should be co-ordinated and that all unnecessary duplication should be avoided.

3. Dacca is a residential teaching University situated in Eastern Bengal; Calcutta is an affiliating and teaching University with its headquarters in the metropolis. The curricula followed in the two Universities must necessarily include similar courses of study. But it is natural and desirable that there should be special lines of development at either centre—Dacca University, for example, is likely to devote special attention to higher Islamic studies. It is obviously essential in the interests, not only of economy, but also of efficiency, that there should not be any avoidable overlapping in the provision of specialised courses of study, particularly in science. It will be disastrous alike to the institutions themselves and to the present and future generations of Bengal students if the Universities of Calcutta and Dacca become rivals rather than collaborators, and if the energies of either are wasted in mutual antagonisms or in controversies with Government and the Legislative Council. It is to assist Government and the two Universities to work together and to make the most of their resources and opportunities, that the Government of Bengal (Ministry of Education) have decided to appoint a permanent advisory Committee for higher education.

4. The Committee will be composed of—

(1) The Hon'ble Minister in charge of Education.
(2) The Vice-Chancellor of the University of Calcutta.
(3) The Vice-Chancellor of the University of Dacca.
(4) Sir Asutosh Mukharji, Kt., C.S.I., M.A., D.L.
(5) Mahamahopadhyaya Pandit Hara Prasad Shastri, C.I.E., M.A., F.A.S.B.
(6) Mr. A. F. Rahman, B.A., M.L.C.
(7) The Hon'ble Sir William Ewart Greaves, Kt. (Bar-at-Law).
(8) Dr. Sir Nilratan Sarkar, Kt., M.D.
(9) Dr. Sir Prafulla Chandra Roy, Kt., C.I.E., D.SC.
(10) Dr. Prasanno Kumar Roy, D.SC.
(11) Dr. Hassan Suhrawardy, M.D., F.R.C.S., L.M., M.L.C.
(12) Mr. P. C. Mitter, C.I.E., M.L.C.
(13) Dr. N. Annandale, C.I.E.
(14) Sir Willougby Lauger Carey, Kt.
(15) The Director of Public Instruction, Bengal.
(16) Mr. H. E. Stapleton, M.A., B.SC.
(17) Rai Lalit Mohan Chatarji Bahadur, M.A.

The meetings of the Committee will be presided over by His Excellency the Governor or, in his absence, by the Minister in charge of Education. If the Minister is also absent, the Vice-Chancellor of the Calcutta University will preside. The Director of Public Instruction will act as Secretary to the Committee. The function of the Committee will be to advise on all matters connected with higher education which may be referred to it by the Government of Bengal (Ministry of Education).

ORDER—Ordered that this resolution be published in the *Calcutta Gazette* and that copies of it be forwarded to the members of the Committee.

By order of the Government of Bengal
(Ministry of Education),

J. A. L. SWAN,
Secretary to the Government of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 2nd January 1924.

Summary.—The week was practically rainless. Reaping of winter paddy is nearing completion; threshing continues. Transplantation of summer rice is proceeding. The prospects of standing crops are generally reported to be fair. With the influx of new rice in the market the price of common rice has fallen by about 1·25 per cent. as compared with that of the previous week.

A. N. MOBERLY,

Chief Secretary to the Government of Bengal (offg.).

NOTIFICATION.

No. 324A.—The 7th January 1924.—The following is *substituted* for the first three sentences in paragraph 2 of rule 10, section I of the Rules for the Departmental Examination of Assistant Magistrates and others, dated the 14th September 1912 :—

" Detailed instructions for the preparation of case records are contained in rule 3 of Appendix IX, and they should be carefully followed."

A. N. MOBERLY,

Chief Secretary to the Government of Bengal (offg.).

NOTIFICATION.

No. 559A.—The 7th January 1924.—The following is *substituted* for rule 3 in Appendix IX to the Rules for the Departmental Examination of Assistant Magistrates and others, dated the 14th September 1912 :—

Assistant Magistrates, Deputy Magistrates and Sub-Deputy Magistrates undergoing a course of training, who are allowed, under rule 2 in Appendix IX, to appear at any Departmental Examination, are, under rule 3 in that Appendix, required to prepare an intelligent and precise record of six cases tried by first class Magistrates and of three defended Sessions trials.

The cases to be recorded will be selected for the purpose by the District Magistrate or by such Magistrates as may be deputed by him to select the cases : appellate cases will not be included.

The officer preparing the record must prepare it from notes taken by himself in Court as the trial proceeds. He must ordinarily be present in Court throughout the trial of the case which he is reporting, and he should not see the depositions recorded by the Magistrate. But if he is unavoidably absent from a small part of the hearing, the Magistrate may show him the portion of the record which he has missed.

The Magistrate will show him the judgment which he may read and from which he may take notes, but he must write in his own language a judgment fulfilling the conditions of section 367 of the Criminal Procedure Code.

It is not necessary that the notes of the statements of witnesses should contain everything which is recorded by the Magistrate, but they must contain an intelligible narrative and all important points must be brought out. When two or more witnesses repeat the same story, the examination-in-chief of all of them need not be fully noted, but the record must show the points of difference.

The Magistrate trying the case, or, in Sessions cases, the Public Prosecutor, should give to the officer preparing the record a certificate of his constant attendance throughout the hearing. If he has been unavoidably absent from part of the hearing, the certificate should show for what part he was absent.

The record should consist of—

(i) a summary of the evidence, with notes on it, showing its admissibility and applicability to the offence charged ;

(ii) notes of the procedure with references to the Codes, *e.g.*, to such matters as the rules as to cross-examinations, re-examination, drawing up of charge and taking the statement of the accused ;

(iii) a précis of the arguments adduced for the prosecution and the defence and, in the case of Sessions trials, a précis of the Judge's charge to the jury.

It should be understood that value will be given to notes intelligently based on annotated editions of the Criminal Procedure Code, Penal Code and Evidence Act.

A. N. MOBERLY,
Chief Secretary to the Government of Bengal (offg.).

To Maulvi Wahed Hossain, Vakil, High Court, Calcutta.

Please take notice that the abovementioned petition will be heard by the Commissioners on the 1st February 1924, at 11-30 o'clock in the court room of the 2nd Additional District Judge at Alipore, district 24-Parganas.

Given under my hand and the seal of the Court of the 2nd Additional District Judge.

This 14th day of January 1924.

G. N. ROY, *President.*

TO HIS EXCELLENCY THE RIGHT HON'BLE VICTOR ALEXANDER GEORGE ROBERT BULWER-LYTTON, EARL OF LYTTON, P.C., G.C.I.E., GOVERNOR OF BENGAL.

In the matter of A. Suhrawardy

and

In the matter of Mr. R. F. Lodge, Returning Officer, Barrackpore Municipal (Muhammadan) Constituency, District Magistrate of the 24-Parganas

and

In the matter of Wahed Hossain, Vakil, High Court.

In the matter of Bengal Electoral Rules and Regulations, 1923.

The humble petition of A. Suhrawardy, Barrister-at-law, of 56, Mirzapore Street, in the town of Calcutta

MOST RESPECTFULLY SHEWETH :—

1. That Your Excellency's petitioner is registered as an elector on the Electoral Roll of Calcutta North (Muhammadan) Constituency in ward No. 9 and his number in the Electoral Roll of the said Constituency is 193.

2. That Your Excellency's petitioner is duly qualified to stand for election from the Barrackpore Municipal (Muhammadan) Constituency.

3. That Your Excellency's petitioner was duly nominated as a candidate for election to the Bengal Legislative Council from the said Barrackpore Municipal (Muhammadan) Constituency for the election to be held in November 1923, and that the nomination paper was duly submitted by him to the Returning Officer on the 8th of October 1923.

4. That in the said nomination paper in favour of Your Excellency's petitioner the name of the proposer appears as Sheikh Abdul Gani and that of the seconder as Sheikh Osman Gani in English.

5. That the names of the proposer and the seconder as given in the nomination paper in English agree with those in the Bengali Electoral Roll.

6. That the Returning Officer rejected the nomination paper in favour of your petitioner stating in his certificate of scrutiny dated 11th October 1923 that " the proposer and seconder's names do not agree with those in the Electoral Roll."

7. That your petitioner ventures to submit that the Returning Officer was wrong in stating that the proposer and seconder's names do not agree with those in the Electoral Roll, the only disagreement being that the names of the proposer and seconder appear in English in the nomination paper whereas they appear in Bengali in the Electoral Roll.

8. That Your Excellency's petitioner further submits that the Returning Officer misunderstood and misinterpreted Regulation XXI (1) (*iv*) of the Bengal Electoral Rules and Regulations, 1923, and that he has improperly rejected the nomination paper.

9. That in the facts and circumstances stated above Your Excellency's petitioner prays :—

(*i*) for a declaration that the nomination paper was a valid one, and

(*ii*) for declaring the election void and setting aside the same and for a declaration that a fresh election be held.

(VERIFICATION.)

The statements contained in paragraphs 1, 2, 3, 4, 5 are true to my knowledge and those contained in paragraphs 6, 7 and 8 are true to my information and belief.

I sign this verification this day the 20th of December at 1-30 P.M. at Writers' Buildings, Calcutta.

In the matter of the election of the Calcutta North Non-Muhammadan Constituency to the Legislative Council of the Governor of Bengal.

Sasi Kumar Sen Gupta, a medical practitioner, 75-1, Beadon Street, Calcutta, petitioner,

versus

Jatindra Nath Basu, Solicitor, of No. 14, Balaram Ghose Street, respondent.

TO HIS EXCELLENCY THE RIGHT HON'BLE VICTOR ALEXANDER GEORGE ROBERT BULWER-LYTTON, EARL OF LYTTON, P.C., G.C.I.E., THE GOVERNOR OF BENGAL.

The humble petition of Sasi Kumar Sen Gupta

RESPECTFULLY SHEWETH—

1. Your petitioner was a candidate at the above election.

2. Your petitioner states that the said election was held on the 14th of November 1923, when Jatindra Nath Basu, Krista Lal Datta and your petitioner were candidates and the Returning Officer has returned the said Jatindra Nath Basu as being duly elected.

3. Your petitioner states that the said Jatindra Nath Basu was by himself and other persons on his behalf guilty of bribery before, during and after the said election.

4. Your petitioner further states that the said Jatindra Nath Basu was by himself and other persons on his behalf guilty of treating before, during and after the said election.

5. Your petitioner further states that the said Jatindra Nath Basu was by himself and other persons on his behalf guilty of undue influence before, during and after the said election.

6. Your petitioner further states that persons personated and voted as and for the said electors whose names appear on the register of the said constituency but who did not themselves vote. The votes so recorded ought now to be struck off the roll.

7. Your petitioner further states that on the 14th of November 1923 the said Jatindra Nath Basu was by himself and other persons on his behalf guilty of hiring, employing, borrowing and using for the purpose of the said election of vehicles usually kept for letting on hire and for the conveyance of passengers by hire, particulars whereof are amongst others the following :—

Taxicabs.		Number put by J. N. Basu.
C. C. 47	...	1880 A. Q.
C. C. 79	...	1880 H.
C. C. 72	...	1880 B. M.
C. C. 45	...	1880 B. K.
C. C. 81	...	1880 A. M.
C. C. 86	...	1880 B. A.
C. C. 89	...	1880 T.
C. C. 81	...	1880 A. V.
C. C. 38	...	1880 A. L.

8. Your petitioner further says that the said Jatindra Nath Basu was by himself and other persons on his behalf guilty of issuing circulars, placards and posters having reference to the election which did not bear on their faces the name and address of the printer and publisher thereof.

9. Your petitioner is advised and he submits that in the premises aforesaid the said Jatindra Nath Basu was and is incapacitated from serving in the present Council for the said constituency and the said election and the return of the said Jatindra Nath Basu was and is wholly null and void.

10. Your petitioner further states that during the said election the said Jatindra Nath Basu by himself and other persons on his behalf made and published false statements of facts in relation to the personal character and conduct of himself for the purpose of affecting the return of your petitioner at the said election.

11. Your petitioner further states that on the said 14th of November 1923 the ballot boxes and their covering bags after the close of the poll at the polling stations in the house of late Nanda Lal Bose and in the premises of the Oriental Seminary were sealed by the presiding officers of the said polling stations and the respective polling agents of the said candidates including the agents of your petitioner with their own respective seals including the seal of your petitioner.

12. On the 18th of November 1923, *i.e.*, the date of counting of the votes when the said ballot boxes were opened, the seals of your petitioner were not found on some of the boxes and their covering bags and seals on some of the boxes and their covering bags were found broken and it was further found that number of the ballot papers in some of the ballot boxes did not agree with the number of the ballot papers as given by the presiding officers in their ballot paper account.

13. Your petitioner further states that your petitioner brought to the notice of the Returning Officer the said facts at the time of the opening of the ballot boxes and requested him to put the same on record, but the said Returning Officer refused to do so.

14. Your petitioner further states that the said Jatindra Nath Basu obtained an apparent and colourable majority over your petitioner whereas in truth and fact your petitioner had the majority of votes of the electors of the said constituency who voted at the said election and who were at the time duly qualified by law to vote.

15. Your petitioner further states that the result of the election has been materially affected by reason of the facts and circumstances hereinbefore more particularly mentioned.

16. The said Jatindra Nath Basu has purported to lodge his return of expenses and declarations on the 8th of December 1923 and your petitioner states that the same is neither correct in fact nor in accordance with law made in that behalf.

Wherefore your petitioner prays :—

That it may be determined that the said Jatindra Nath Basu was not duly elected or returned and that his election and return were and are wholly null and void.

Petitioner's Attorneys.

SASI KUMAR SEN GUPTA.

I, Sasi Kumar Sen Gupta, of No. 75-1, Beadon Street, Calcutta, the petitioner abovenamed, do declare that the matter and facts contained in paragraphs 1, 2, 12, 13 and 15 of the foregoing petition are true to my knowledge and those contained in paragraphs 3 to 8 both inclusive, 10, 11, 14 and 16 thereof are based on information received and believed by me to be true and those contained in paragraph 9 thereof are my submission. I sign this verification at No. 10, Hastings Street, Calcutta, at the office of Messrs. K. K. Dutt & Co., Solicitors, this 21st day of December 1923.

and

In the matter of Mr. J. N. Gupta, Returning Officer, Burdwan Division South (Muhammadan) Constituency,

and

In the matter of Zannoor Ahmad, Pleader, Judges' Court, Howrah.

In the matter of Bengal Electoral Rules and Regulations, 1923.

The humble petition of Mahmood Suhrawardy of Mirzabazar in the town of Midnapore

MOST RESPECTFULLY SHEWETH—

1. That Your Excellency's petitioner is registered as an elector on the Electoral Roll of Burdwan Division South (Muhammadan) Constituency in Ward No. 4, Midnapore Municipality, and his number in the Electoral Roll of the said Constituency is 55.

2. That Your Excellency's petitioner is duly qualified to stand for election from the Burdwan Division South (Muhammadan) Constituency.

3. That Your Excellency's petitioner was duly nominated as a candidate for election from the said constituency, the only other candidate being Maulvi Zannoor Ahmed.

4. That the said Maulvi Zannoor Ahmad and Your Excellency's petitioner polled 1,493 and 1,490 votes respectively and 45 votes were rejected.

5. That on the day and at the time appointed under Regulation XLIV for the counting of votes the Returning Officer merely read the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, to the persons present and left immediately for his residence.

6. That in the absence of the Returning Officer the ballot boxes were opened, the papers were taken out therefrom and counted.

7. That out of the papers taken out from the ballot boxes 40 papers were selected by a number of clerks engaged in the work and placed for rejection before the Personal Assistant to the Commissioner, Burdwan Division, who endorsed thereon the word "Rejected."

8. That the ballot papers were thereafter distributed in convenient bundles and the counting of votes for each candidate was taken up.

9. That after the separation of votes for each candidate was completed by the clerks and a number of officers present who were engaged for some time in adding up the votes of each candidate, one of the assistants alleged the discovery of 5 more ballot papers and placed them for rejection before the said Personal Assistant, who endorsed the word "Rejected" thereon.

10. That thereafter intimation being sent to the Returning Officer at his residence to the effect that the counting was finished, he came to his office.

11. That thereupon a statement was placed in the hands of the Returning Officer containing the result of the counting of votes, which he read out.

12. That subsequent to this at the request of my agent the Returning Officer allowed inspection of the 45 rejected votes.

13. That at this inspection it was discovered that in contravention of Regulation XXXVI the names of the candidates were not arranged alphabetically and that two kinds of ballot papers were issued to the constituency, in one the name of Your Excellency's petitioner appearing first and in the other that of Maulvi Zannoor Ahmad.

14. It was further noticed that several ballot papers in favour of Your Excellency's petitioner were improperly rejected, *e.g.*—

(*a*) a ballot paper supplied to the voter by the Presiding Officer as, according to his certificate, he had run short of printed ballot papers;

(*b*) a ballot paper marked with a slanting stroke instead of a cross.

15. That Your Excellency's petitioner had no opportunity (as contemplated by Regulation XLVI) of inspecting any of the ballot papers excepting the 45 rejected papers and apprehends that amongst the uninspected ballot papers there are papers in favour of Maulvi Zannoor Ahmad which should have been rejected.

16. That the apprehension of Your Excellency's petitioner is based on the fact that the selection of ballot papers for rejection was left entirely to clerks and that Maulvi Zannoor Ahmad who formerly practised at Hooghly and whose candidature was supported by many members of the Hooghly Bar was well known to the clerks engaged in the work and in touch with some of them.

17. That in contravention of Regulation XLV clerks of the Hooghly Collectorate Sarman Ali (Assistant Nazir), Zainuddin Hossein (Assistant Record-keeper) and a clerk of the Commissioner's Office, Gholam Yanhya, who were partisans and supporters of Maulvi Zannoor Ahmad, were engaged in counting the votes.

18. That there have been cases of double voting and personation of voters, *e. g.*, voter No. 163 of thana Balagarh, union Guptipara, district Hooghly.

19. That a list containing particulars of other cases of personation and double voting will be submitted hereafter.

20. That in the facts and circumstances stated above Your Excellency's humble petitioner prays for—

(*a*) a recount of votes;

(*b*) a scrutiny of votes;

(*c*) declaring the election of Maulvi Zannoor Ahmad void;

(*d*) declaring Your Excellency's petitioner duly elected, or in the alternative directing that a fresh election be held.

VERIFICATION.

The statements contained in paragraphs 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 15 (partly), and 16 (partly) are true to my knowledge and those contained in paragraphs 14, 15 (partly), 16 (partly), 17 and 18 are true to my information and belief.

I sign this verification this day, the 22nd December 1923, at 2 P.M., at Writers' Buildings, Calcutta.

G. N. ROY, *President.*

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL.

In the matter of an election petition under Part VII of the Bengal Electoral Rules and Regulations,

and

In the matter of the election of two members of the Bengal Legislative Council from the Bengal National Chamber of Commerce Constituency,

and

In the matter of Amulya Dhone Addy (of 78, Chetla Road, Alipore)... *Petitioner.*

versus

(1) Mr. Byomkes Chakravarti (of 237, Lower Circular Road, Calcutta),
(2) Raja Reshee Case Law, C.I.E. (of 96, Amherst Street, Calcutta),
(3) Mr. Muralidhar Roy (of 16, Bonomali Sircar Street, Calcutta) *Respondents.*

The humble petition of Amulya Dhone Addy, petitioner abovenamed

RESPECTFULLY SHEWETH :—

1. That your petitioner was a candidate for election to the Bengal Legislative, Council at the last General Election from the Bengal National Chamber of Commerce Special Constituency, from which two members were to be returned.

2. That the 12th October 1923, was fixed as the latest date for the submission of nominations, and the 13th October 1923, as the date for the scrutiny of nominations.

3. That five candidates were in all nominated from the said Constituency, but at the scrutiny the Returning Officer (Mr. N. C. Sircar, Vice-President of the Chamber) accepted the nominations of only four, namely, of your petitioner and of the three respondents to this petition abovenamed, and rejected the nomination of Mr. Woomesh Chunder Banerjee.

4. That of the above candidates, two, viz., respondents 1 and 2, Mr. Byomkes Chakravarti and Raja Reshee Case Law, were declared elected by the Returning Officer on the 20th November 1923, and their names have since been published in the *Calcutta Gazette* as such.

5. That the said Mr. Byomkes Chakravarti filed his return of election expenses on the 14th December 1923, and Raja Reshee Case Law on the 19th December 1923.

6. That your petitioner himself duly filed his return of election expenses with the necessary declaration on the 22nd December 1923.

7. That your petitioner submits that of the two successful candidates, respondent No. 1, Mr. Byomkes Chakravarti, was not eligible to be nominated or to be elected or returned at all under the Election Rules, and hence his election was null and void.

8. That rule 11 (*1*) of the Bengal Electoral Rules lays down that "any person may be nominated as a candidate for election in any constituency for which he is eligible for election under these rules," and rule 6 (*1*) (*b*) provides that "no person shall be eligible for election as a member of the Council to represent a special constituency *unless his name is registered on the electoral roll of the constituency.*"

9. That your petitioner says that the name of the said Mr. Byomkes Chakravarti was and is not registered at all on the electoral roll of the said Bengal National Chamber of Commerce Special Constituency.

10. That your petitioner understands that the said Mr. Byomkes Chakravarti claims the right to be nominated and elected by virtue of being a Director of Bengal National Bank, Limited, the name of which Bank is registered as an elector (No. 25) on the electoral roll of the said constituency.

11. That your petitioner is advised and submits that the said claim is wholly unfounded and unsubstantial.

12. That without detracting in any way from the generality of his contention, your petitioner maintains in the first place, that the said Bengal National Bank, Limited, being a company, was not entitled to be registered at all as an elector in the electoral roll; secondly, that even if it were so entitled, it was not eligible for election or for nomination under the electoral rules, as it could not be regarded as a "person" within the meaning of rule 6 (*1*) (*b*) or rule 11 or any of the other relevant rules.

13. That your petitioner further maintains that by reason of being so registered in the electoral roll, the said Bank could not claim the right to be nominated or elected through a Manager, Director or Secretary, nor could the said Mr. Byomkes Chakravarti claims as such Manager, Director or Secretary the right to be nominated or elected, by virtue of the explanation to paragraph 13(*2*) of Schedule II of the Bengal Electoral Rules, which deals merely with the qualifications of an elector, and not with the right to be nominated or elected as a candidate.

14. That it appears that the Managing Director of the said Bengal National Bank, Limited, by his letter No. 13650, dated the 10th October 1923, to the Secretary of the Bengal National Chamber of Commerce, sent him a copy of a resolution purporting to have been passed at a meeting of the Board of Directors of the said Bank on the 23rd April 1923, expressed in the following terms:—

> "Resolved that Mr. B. Chakravarti, the Chairman of the Board of Directors of the Bank, be and he is hereby nominated to represent the Bank in the Bengal National Chamber of Commerce, and contest a seat therefrom in the Bengal Legislative Council at the next General Election."

15. That your petitioner is advised and submits (without admitting) that all that Mr. B. Chakravarti was entitled to do by virtue of the said resolution was to obtain registration of his own name as an elector in the electoral roll on behalf of the said Bengal National Bank, Limited, and that not having done so, the said Mr. B. Chakravarti could not by virtue of the said resolution claim to be nominated or to be elected as a representative of the said Bank.

16. That your petitioner further says that the said resolution for what it is worth purports to be an authorisation in favour of Mr. B. Chakravarti, and not of Mr. Byomkes Chakravarti, which is the name in the nomination paper.

17. That your petitioner further says that the said Mr. Byomkesh Chakravarti has not filed a correct return of election expenses, inasmuch as among other things he has not included therein the travelling expenses of persons working on his behalf incurred in connection with his candidature.

18. That your petitioner is further advised and submits that firms or companies or other corporations not being entitled under the rules to be registered as electors in the Electoral Roll, all votes purporting to have been exercised on their behalf ought to be rejected.

19. That your petitioner further says that various illegal and corrupt practices appear to have been committed in the course of the said election, which would render the election null and void.

20. That after the issue of the ballot papers by the Returning Officer, while votes were being recorded, your petitioner got information that ballot papers were being secured from voters by interested parties, and that ballot papers were being tampered with by expunging the markings thereon.

21. That your petitioner was further informed that Mr. B. N. Banerjee, who is Managing Director of the Bengal National Bank, Limited, and who was working in the interest of the respondent candidate No. 1 Mr. Byomkes Chakravarti, alone delivered to authorised representative of the Returning Officer nearly 45 ballot papers.

22. That in view of the aforesaid information your petitioner demanded inspection and examination of the ballot papers at the scrutiny of votes held by the Returning Officer on the 20th November 1923, subject, of course, to proper safeguards to prevent the disclosure of the voters' names.

23. That Mr. B. K. Lahiri who represented Mr. Byomkes Chakravarty at the said scrutiny of votes strenuously opposed your petitioner's application, on the ground that the regulations did not authorise an examination of the ballot papers by the candidates or their agents.

24. That the Returning Officer made a reference on the point to Mr. S. N. Roy, I.C.S., Special Officer of the Government of Bengal in connection with Elections, and the said Mr. S. N. Roy gave it as his personal opinion that the candidates were entitled to "inspection of the ballot papers, but not of the vote."

25. That the Returning Officer did not, however, accede to your petitioner's request, but inspected the ballot papers himself, and showed the candidates and their agents only some of the ballot papers which appeared to him to be of doubtful validity, without disclosing the identity of the voters.

26. That such limited inspection as the Returning Officer allowed showed obvious marks of tampering on some of the ballot papers thereby confirming your petitioner's suspicions as previously reported to the Returning Officer.

27. That your petitioner has since made enquiries and has verified his information that about 45 ballot papers had been delivered by Mr. B. N. Banerjee himself to the person authorised by the Returning Officer to receive ballot papers, as stated above.

28. That your petitioner has also since come to learn that several voters are indebted to the Bengal National Bank, Limited, and the fact that their voting papers were delivered to the said representative of the Returning Officer by the said Mr. B. N. Banerjee raises a *bona fide* apprehension in your petitioner's mind as to a possibility of undue influence.

29. That your petitioner ventures to submit, therefore, that in the interests of purity of elections a fresh and careful scrutiny ought to be held of all the ballot papers, under a microscope or other suitable instrument, to test if and to what extent they have been really tampered with, and a searching enquiry made into the whole affair, as also into the circumstances under which such a large number of ballot papers came into the custody of the agent of one particular candidate.

30. That your petitioner begs to deposit herewith the sum of rupees one thousand only as security for costs of this petition as required by the rules.

Under the aforesaid circumstances your petitioner begs to file this election petition for a proper enquiry and adjudication into the aforesaid matters and prays that it may be thereupon determined that the aforesaid election of Mr. Byomkes Chakravarti was null and void, and that the same be set aside and a fresh election ordered to be held, and your petitioner further prays for the costs of this petition.

And your petitioner as in duty bound shall ever pray.

POLICE.

Delhi, the 3rd January 1924.

No. F.-5-IX—23.—The services of Captain L. W. Guiton, 4th Battalion, 10th Baluch Regiment (Duke of Connaught's Own), are placed at the disposal of the Government of Burma, for employment with the Burma Police Military Police, with effect from the date on which he assumes charge of his duties.

No. F.-109—23.—The following Resolution by the Secretary of State for India in Council is published for general information :—

Resolution by the Secretary of State for India in Council.

In exercise of the powers conferred by sub-section (*2*) of section 96-B of the Government of India Act, and in pursuance of the provisions of sub-section (*4*) of the said section, the Secretary of State, with the concurrence of a majority of votes at a meeting of the Council of India held this 6th day of November 1923, hereby makes the following rules under the said section which shall have effect from the dates noted against them :—

Rules under section 96-B (2) of the Government of India Act. *Pay of officers promoted from the Provincial Police Service to hold Indian (Imperial) Police Service Posts.*

(1) The initial pay of an officer promoted from the Provincial Police Service shall on each occasion of his promotion be fixed on the inferior time-scale of pay for the Indian (Imperial) Police Service at the stage next above his existing pay in the Provincial Police Service. As soon as he holds a superior post he shall rise to the corresponding stage of the superior scale. This rule shall have effect from the 7th April 1921.

(2) When an officer of a Provincial Police Service is drawing pay in that service equal to, or higher than, the maximum of the inferior Imperial Police time-scale and is promoted to a superior post in the Imperial Service, he shall be brought on to the superior time-scale at the stage which is Rs. 175 in excess of the pay he was drawing in the Provincial Service, or if there is no such stage, then at the stage next above the total of his pay in that service *plus* Rs. 175, provided that no officer so promoted from the Provincial Service shall draw more pay than that which an officer of the Imperial Service of the same number of years' service would be entitled to under the superior time-scale. This rule shall have effect from the 30th April 1921.

(3) On any enhancement of his Provincial Police Service pay (whether as the result of general revision of the Provincial Police Service rates of pay or of the operation of the Provincial Police Service time-scale or of promotion to the selection grade of the Provincial Police Service) while officiating in an Indian (Imperial) Police Service post such an officer shall be entitled to have his pay on the Indian (Imperial) Police Service time-scale of pay recalculated in accordance with the principles laid down in rules (*1*) and (*2*) of these rules on the basis of his enhanced pay in the Provincial Police Service, and with effect from the date of such enhancement. This rule shall have effect from the 7th April 1921.

(4) Increments of pay on the Indian (Imperial) Police Service time-scale of pay shall be granted to a Provincial Police Service officer holding an Indian (Imperial) Police Service post only on completion of a full year's service on any stage of that scale, but for the purpose of calculating one year's service at a given rate of pay broken periods of officiating service at that rate of pay shall be taken into account. This rule shall have effect from the 7th April 1921.

No. 3.—In exercise of the power conferred by section 15 of the Indian Cotton Cess Act, 1923 (XIV of 1923), the Governor General in Council is pleased to direct that the following further amendments shall be made in the Indian Cotton Cess Rules, 1923, namely :—

2. After rule 4 of the said rules, the following rule shall be inserted, namely :—

Election of Vice-President.

"4-A (1) The Committee shall before the first day of April in each year elect a member, for the time being resident in Bombay, to be Vice-President of the Committee for the twelve months beginning on that date.

(2) In the event of the Vice-President resigning his office as such or ceasing to be a member of the Committee or to be resident in Bombay, the Committee shall forthwith elect a member to be Vice-President of the Committee for the unexpired portion of the term of office of the Vice-President elected under sub-rule (1)."

2. After rule 10 of the said rules, the following rule shall be inserted, namely:—

"10-A (1) In this rule 'servant' means a salaried officer or servant of the Committee other than a Government servant whose services have been lent or transferred to the Committee.

Provident Fund.

(2) The Committee shall establish and maintain a contributory provident fund for the benefit of its servants and may require any of its servants or any class of its servants to subscribe to the fund.

(3) The Committee may direct that subscription to the fund shall be optional in the case of any of its servants or of any class of its servants, but a servant who in the exercise of an option so conferred elects to subscribe to the fund shall not thereafter be permitted to cease from subscriping thereto.

(4) A servant who is required or elects to subscribe to the fund shall subscribe thereto such fraction, not exceeding one-twelfth, as may be determined by the Committee, of the pay earned by him while on duty, and may at his option subscribe in addition a like fraction of his leave pay.

(5) Subscriptions shall be recovered monthly in respect of and by deduction from the subscriber's pay for the preceding month, the amount to be recovered in accordance with sub-rule (4) being calculated to the nearest whole rupee."

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 9th January 1924.

Summary.—Light and scattered showers fell at places in the Burdwan Division, elsewhere there was practically no rain. Reaping of winter paddy still continues in some districts; threshing is proceeding briskly. The standing spring crops are thriving fairly well. The average price of common rice for the province has remained almost stationary as compared with that of the previous week.

MARINE DEPARTMENT.

NOTIFICATIONS.

No. 2-Marine.—The 15th January 1924.—In exercise of the power conferred by sub-section (*3*) of section 126 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), the Governor in Council is pleased to sanction the following by-laws to regulate the importation and shipment of gases and liquids under pressure, made by the Commissioners for the Port of Calcutta, under section 126, sub-section (*1*), clauses (*b*) and (*c*) of the Act :—

By-laws.

Packages consisting of cylinders containing gases and liquids under pressure shall not be discharged from or shipped into vessels at the jetties and docks in the Port of Calcutta except in accordance with the following conditions, namely :—

(*1*) Cylinders must comply in every respect with the recommendations made by the Home Office Committee appointed in 1895 and must not exceed 8 feet in length and 10 inches in diameter.

(*2*) Cylinders must be separately and securely packed in a strong wooden case or in a covering made of closely plaited 1 inch (circumference) hemp, coir or matting of such nature, except that—

(*i*) several small cylinders not exceeding 24 inches in length and 4 inches in diameter may be packed in one box, provided that each cylinder is contained in a separate compartment or is separately encased in closely plaited 1 inch (circumference) hemp or coir or matting of such nature. Each box must not contain more than 25 small cylinders, and the gross weight of each box and contents must not exceed 2½ cwt. ;

(*ii*) small cylinders not exceeding 12 inches in length and 3 inches in diameter containing nitrous oxide may be packed in wicker-work baskets containing two such cylinders in separate compartments.

(*3*) All cylinders shall be sufficiently marked as to be easily identifiable as containing gas or liquid under pressure.

(*4*) Discharge and loading at night will not be permitted.

(*5*) Delivery from the ship's side shall be effected by the consignee immediately, as far as possible, and in any case within 24 hours, failing which they will be removed to the Hazardous Godown at the consignee's cost.

(*6*) After being landed and until removed or placed in the Hazardous Godown, all cylinders shall be adequately protected from the sun's rays by a suitable covering.

(*7*) Cylinders containing gases and liquids under pressure brought for shipment shall not be placed on any quay, wharf or road and allowed to remain there, but shall be shipped immediately.

(*8*) Cylinders containing gases and liquids under pressure must not be placed near a fire or exposed to other sources of heat.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 80 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for December 1923.

I. **Character of the season.**—The weather was practically dry excepting a few scattered showers during the third week of the month. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Reaping of winter paddy was in full swing, and the threshing operation commenced in some districts. The sowings of spring crops were well-nigh completed and preparation of lands for and transplantation of *boro* paddy commenced.

III. **State of standing crops.**—The growth of spring crops specially in the high land tracts suffered somewhat owing to drought although the slight showers during the third week improved the situation to some extent.

IV. **Prospects and probable outturn.**—The prospects of spring crops were reported to be generally fair. The outturn of sugarcane crop may be estimated at 80 per cent. of the normal.

V. **Damage to standing crops.**—No appreciable damage to the standing crops was reported from any of the districts.

VI. **Condition of agricultural stock.**—Condition of live-stock was, on the whol e fair. Sporadic cases of cattle-disease were, however, reported from six districts.

VII. **Failure of pasturage and fodder.**—No scarcity of fodder was reported from any part of the province.

VIII. **Prices of food-grains.**—During the second half of the month under review the price of common rice of the cheapest quality rose in six districts, fell in seven and remained stationary in the rest of province.

IX. **Condition of agricultural people.**—The condition of the agricultural population was generally reported to be fair.

Election case No. 4 of 1923.

S. N. Halder

versus

S. N. Mallik.

REPORT.

The petitioner Mr. S. N. Halder, who is duly qualified to stand for election from the Calcutta South Non-Muhammadan constituency, was a candidate for election from the said constituency to the Bengal Legislative Council. Mr. Halder was duly proposed and seconded for nomination as a candidate by Messrs. B. Chakraverti and B. K. Lahiri and by another two sets of proposers and seconders, all of whom were qualified to propose and second the nomination.

On 8th October 1923 which was the last date for filing the nomination papers Mr. Halder delivered three sets of nomination papers to the Returning Officer Mr. Roxburgh and in his presence he signed the requisite declarations. Mr. Roxburgh signed the hour and date of the presentation of the papers, but the date of the declaration was not filled up.

On 11th October which was fixed for the scrutiny of the nomination papers Mr. Halder attended in person.

The only other candidate for election was Mr. S. N. Mallik, the Chairman of the Calcutta Corporation.

Mr. Halder objected to Mr. Mallik's nomination on the ground that he being an 'official' was ineligible for election.

Mr. Mallik on the other hand objected to Mr. Halder's nomination on the ground that no date had been put in the space provided for it in the declaration.

The Returning Officer overruled Mr. Halder's objection on the ground that the decision of Mr. Mallik's status did not come under Regulation XXI and was outside his province. He however accepted Mr. Mallik's objection and rejected Mr. Halder's nomination under Regulation XXI (*1*) (*iii*).

On 12th October the Returning Officer prepared and published a list of the valid nominations from which Mr. Halder's name was omitted.

On 2nd November he declared Mr. Mallik to be duly elected and a notification to that effect was published in the *Calcutta Gazette* on 7th November.

The present petition was filed on 29th November.

Mr. Halder in his petition has prayed for two declarations. The first is that his nomination paper was improperly rejected by the Returning Officer and that therefore Mr. Mallik's election was void. The second is that Mr. Mallik is an 'official' and was not qualified to stand for election and that therefore Mr. Halder has been duly elected.

We have had the advantage of hearing long and able arguments on both sides by Mr. Ray for the petitioner and by Sir Binode Mitter for the respondent, and also of taking the learned Advocate-General's opinion upon the case,

The facts we have stated above are not in controversy. We have therefore thought it unnecessary to frame issues and no evidence has been adduced on either side.

The points that we have to decide are two. The first is whether the omission of the date in the declaration part of the nomination paper is sufficient in itself to render the nomination a nullity and whether in consequence the Returning Officer was right in rejecting it under Rule XXI (*1*) (*iii*).

The second is whether Mr. Mallik as Chairman of the Calcutta Corporation is an 'official' within the meaning of section 134 of the Government of India Act and is therefore disqualified for election under the provisions of section 80B of the Act.

We proceed to consider the first question. Rule 11 of the Bengal Electoral Rules of 1923, Part IV, relates to the nomination of candidates for election and sub-section (*3*) runs as follows :—"On or before the date so appointed for the nomination of candidates each candidate shall either in person or by his proposer and seconder together between the hours of 11 o'clock in the forenoon and 3 o'clock in the afternoon deliver to the Returning Officer or such other person as may be authorised in this behalf by regulation, a nomination paper completed in the form prescribed in schedule 3 and subscribed by the candidate himself as assenting to the nomination and by two persons as proposer and seconder whose names are registered on the electoral roll of the constituency." The point for our decision is whether the omission to fill in the date in the declaration portion signed by Mr. Halder is fatal to the validity of the nomination as a whole.

The learned Counsel for the petitioner contends that the nomination paper is in two separate parts, the first being the nomination proper while the second part is the declaration by the candidate that he agrees to the nomination. The space for the date is below this declaration and it is therefore urged that the mere filling in of the date is not essential to the completion of the namination paper. A nomination does not come into effect before the date on which the nomination paper is delivered to the Returning Officer. The Returning Officer himself put in the date when the nomination paper was delivered to him at 11-34 A.M. on 8th October 1923, and the paper was signed by Mr. Halder in his presence on that date (Ext. 2).

The learned Counsel for the respondent on the other hand contends that the words contained in Rule 11 (*3*) are mandatory and not merely directory. He urges that where the law prescribes certain formalities, their omission cannot be excused. Where the word 'shall' is used it is *prima facie* mandatory. Similarly where there is a provision in the main Act, that too is *prima facie* mandatory. The Bengal Electoral Rules which have taken the place of the Ballot Act in England have the force of law because no rules or procedure have been laid down in the Act itself, and the Court is therefore bound to construe them strictly. He observes that where the statute provides for an act to be done by a public officer an omission on his part may be excused, but where the duty of performing that act falls upon a private individual he is bound to do that act and cannot be excused for omitting to do it. Rule 11 (*3*) has taken the place of the earlier Regulation XVII and the form now prescribed differs from the form prescribed in the regulation notably in the fact that in the regulation the candidate was not required to make a declaration.

The learned Counsel urges that the date of assenting to the nomination is of vital importance as up to that date there is no acceptance by the candidate and without that date being recorded the nomination of the candidate is incomplete. Supposing that the acceptance by the candidate was made when he was under the age of 25 or when he was an undischarged bankrupt, then the date of his acceptance becomes of great importance because the question of his eligibility will have to be determined with reference to that date.

We think that upon a true construction of Rule 11 (*3*) the nomination paper should be regarded as being divided into two distinct parts, one containing the nomination proper and the other the declaration of acceptance of the nomination by the candidate. We are fortified in this view by a consideration of Regulation XVII of the Bengal Electoral Regulations of 1920 which is in these terms :—(1) "The nomination shall be made by means of a nomination paper in form 1 annexed to this Regulation............(*2*) every nomination paper shall be subscribed by two electors as proposer and seconder and shall be signed by the candidate assenting to the nomination. *Note.*—A nomination paper signed by a duly qualified attorney on behalf of a candidate shall for the purpose of this regulation be held to be signed by the candidate himself as assenting to his nomination."

The provision permitting an attorney to sign on behalf of a candidate has under Rule 11 (*3*) been abolished and the candidate himself or his proposer and seconder together, have now to deliver the nomination paper to the Returning Officer.

Further upon a comparison of form 1 prescribed by Regulation XVII with the form prescribed in schedule 3 of Rule 11, it will appear that the declaration now required from the candidate under the latter was not required under the former. The date too which appears in the latter found no place in the former. We therefore find it difficult to accept the learned Counsel's argument for the respondent that the date of the acceptance of the nomination is of vital importance because the same question as to the eligibility of the candidate, was as much in issue under the former regulation as it is under the present rules. We think that if it had been the intention of the Legislature to make the date of the acceptance of the nomination by the candidate an integral part of the nomination paper it would have made a special provision to that effect in the rules. The introduction

of the words "and duly dated" after the word "completed" would have been all that was necessary. In point of fact the rules are entirely silent about the date upon which this declaration is to be signed.

The conclusion therefore at which we arrive is that while the provisions in the rules relating to the preparation of the nomination proper are mandatory, they should not be so regarded so far as the filling up of the date of acceptance of the nomination is concerned. At the highest they are directory and there is abundant judicial authority for the proposition that where a provision is merely directory, a substantial compliance therewith is all that is required. In the case of Sham Chand Basak *versus* The Chairman of the Dacca Municipality (I. L. R. 47 Calcutta, 524) the learned Judges referred to a number of English cases wherein the validity of an election was in question. In the case of Woodward *versus* Sarsons (1875, L.R. 10 C. P. 733), Lord Coleridge C. J. made some comment on the effect of section 13 of the Ballot Act of 1872. That section provides that "no election shall be declared invalid by reason of a non-compliance with the rules contained in the first schedule to this Act ...... if it appears to the tribunal having cognizance of the question that the election was conducted in accordance with the principles laid down in the body of this Act and that such non-compliance did not affect the result of the election." Lord Coleridge held that the section was inserted *ex abundanti cautela* and that the same rule would have applied by virtue of the common law, even if the section had not existed. The substance of the matter as observed in the case of Sham Chand Basak is that "the infringement of a rule does not necessarily invalidate the election as it would have done if the rule had been deemed mandatory in character."

In this country there is no Ballot Act or Common Law but in our judgment the principles underlying section 13 of the Ballot Act should be considered with reference to the Electoral Rules upon which we are called to adjudicate and if we may, with a slight modification, borrow the words used in the judgment we should say that the infringement of the rule requiring the date to be given does not necessarily invalidate the nomination as it would have done if the rule had been deemed mandatory in character.

In the present case we have no hesitation in finding that the provisions of Rule 11 which we regard as mandatory, namely, the presentation to the Returning Officer of a completed form by the candidate and his acceptance of the nomination have been complied with. The omission by the petitioner to record the date in the declaration though a technical irregularity as pointed out by the Returning Officer, is, in our opinion, no more than an unsubstantial departure from the law and we hold that the Returning Officer was in error in refusing to accept the nomination especially when it had been signed by the petitioner in his presence. We are therefore of opinion that the improper refusal of the petitioner's nomination paper by the Returning Officer has materially affected the result of the election and that the election of the returned candidate should be held to be void.

We now come to the second branch of this enquiry which is whether Mr. Mallik as Chairman of the Calcutta Corporation was an 'official' under the Government of India Act and was therefore ineligible for nomination or election. Section 80B of the Government of India Act lays down that "an official shall not be qualified for election as a member of a local Legislative Council" and section 134 says that "the expressions 'official' and 'non-official' where used in relation to any person mean respectively a person who is or is not in the civil or military service of the Crown in India." It is further provided that the holders of certain offices may be excluded by rules under the Act but that these must be specified in each case. Under the powers conferred by sections 134 and 129A of the Government of India Act a notification No. 614G., dated 9th September 1920, was issued and under it the rules called 'Non-official (Definition) Rules' were framed. Rule 2 is in these terms :—"The holder of any office in the civil or military service of the Crown, if the office is one which does not involve both of the following incidents, namely, that the incumbent—

(*a*) is a whole-time servant of Government and
(*b*) is remunerated either by salary or fees,

shall not be treated as an official for any of the purposes of the Government of India Act."

It is therefore contended on behalf of the petitioner that Mr. Mallik as Chairman of the Calcutta Corporation is an 'official' as he is a whole-time servant of Government and is remunerated by salary which is fixed by Government. The learned Counsel has referred to a number of sections in the Calcutta Municipal Act which show that the Chairman is appointed by Government and may be removed by Government and that Government exercises control over him in certain respects. He urges that the question by whom he is paid his salary is immaterial. It is contended that he is in the civil service of the Crown in India and is therefore debarred from election to the Council. Reference is made to section 14 of the Indian Penal Code where the words "servant of the Queen" denote "all officers or servants continued, appointed, or employed in India by or under the authority of the Statutes 21 and 22 Victoria, Chapter 106 ....or by or under the authority of the Government of India or any Government" and to section 21 where "a public servant" is defined. Reference is further made to the definition contained in section 2 (*17*) (*h*) of the Civil Procedure Code where a "public officer" is said to include "every officer in the service or pay of the Government or remunerated by fees or commission for the purpose of any public duty". This definition has been judicially held to include the Administrator General, the Official Trustee and the Official Assignee,

Learned Counsel for the respondent on the other hand refers to the rules made under section 96B of the Government of India Act which are now known as "The Fundamental Rules".

Rule 2 explains that a Government servant is one whose pay is debitable to Civil Estimates in India, while Rule 9 (7) defines *Foreign Service* as service in which the Government servant receives his substantive pay with the sanction of the Government from any source other than the general revenues of India. *General Revenues* are defined in Rule 9 (8) while *Local Funds* which include Corporation funds are defined in Rule 9 (*14*). The Chairman of the Calcutta Corporation is, under section 114 (*1*) of the Calcutta Municipal Act, paid out of municipal funds, and he therefore does not come within the definition of the rules contained in the notification No. 6146., dated 9th September 1920.

We consider that the source from which a Government servant draws his salary is one of the tests for determining whether he is a servant of the Crown or not, and where, as in the present case, the Chairman of the Corporation receives his salary from the municipal funds we cannot think that he is a Government servant within the meaning of the notification. This, however, is only one test. A further test is by whom he is liable to be dismissed. Under section 96B of the Government of India Act every person in the Civil Service of the Crown in India holds office during His Majesty's pleasure and may not be dismissed by any authority subordinate to that by which he was appointed. The Chairman of the Corporation is appointed by Government and under section 11 he may be removed from his office by Government at its discretion, but the section goes on to say that he *shall* be removed from his office if his removal is recommended by a resolution which has been passed at a special meeting and in favour of which not less than two-thirds of the Commissioners present at the meeting have voted. When this test is applied it is evident that the Chairman is not in the Civil Service of the Crown in India and is, therefore, not an 'official' who is *ipso facto* debarred from election. We accordingly decide the second question against the petitioner.

The result, therefore, is that we hold that the returned candidate Mr. Mallik has not been duly elected owing to the improper refusal of the petitioner's nomination paper by the Returning Officer and that the election is, therefore, void. On the question of costs we recommend that the parties should bear their own costs and that the fees of the Advocate-General should be paid by them in equal shares.

NOTICE UNDER THE BENGAL ELECTORAL RULES.

In the Court of the Commissioners appointed under rule 36 (2) (*a*) of the Bengal Electoral Rules.

PRESENT :

E. Milsom, Esq., I.C.S.	... ...	*President.*
Mr. Banamali Sen	... ...	*Commissioners.*
Rai Jadab Chandra Bhattacharji Bahadur	...	
In the matter of Babu Premhari Barma	...	*Petitioner*

versus

1. Babu Jogindra Chandra Chakravarti	...	*Respondents.*
2. Srijut Tanka Nath Choudhuri	... ...	

To

1. Babu Jogindra Chandra Chakravarti Pleader, Dinajpur	*Respondents.*
2. Srijut Tanka Nath Choudhuri, Maldwar Lodge, Dinajpur	

Please take notice that abovementioned petition will be tried by the Commissioners on the 25th day of February 1924, at 11 o'clock, in the District Judge's Court-room at Dinajpur.

Given under my hand and the seal of the Court of the District Judge of Dinajpur, this 25th day of January 1924.

E. MILSOM, *President.*

Election petition under rule 32 of the Bengal Electoral Rules and Regulations, 1923.

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL.

Babu Premhari Barma	... ...	*Petitioner*

versus

1. Babu Jogindra Chandra Chakravarti, Pleader, Dinajpur	*Respondents.*
2. Srijut Tanka Nath Choudhuri, Maldwar Lodge, Dinajpur	

The humble petition of Premhari Barma above mentioned

MOST RESPECTFULLY SHEWETH—

1. That your Excellency's petitioner is a pleader practising in the District Court of Dinajpur, while the respondent No. 1 Babu Jogindra Chandra Chakravarti, is another pleader and President of the Dinajpur Bar, and respondent No. 2. Srijut Tanka Nath Choudhuri is a zamindar of the district.

2. That during the last Bengal Council election, your Excellency's petitioner as well as the other two gentlemen stood as candidates from the Dinajpur non-Muhammadan constituency, the polls for which took place on 20th and 23rd of November 1923.

3. That the total number of electors for the said constituency aggregate over twenty-two thousand, out of which over thirteen thousand belong to the Kshatriya community, from which your petitioner comes as the first and the only pleader in the district.

4. That most of the votes of your petitioner's said community were assured for your petitioner, but owing to some very serious irregularities and gross violations of the Electoral Rules and Regulations, and malpractices, as indicated below, most of the votes for your petitioner could not be recorded, and many of his voters were turned away or broke off, while others were made to vote for respondent No. 1, who was known as the "Swarayya candidate," and who was ultimately declared the "returned candidate" on 28th November 1923.

5. That it may be specifically mentioned here that the Presiding Officers of almost all the different centres in the Thakurgaon subdivision, which was the stronghold of your petitioner, arbitrarily excluded all the polling agents of your petitioner and those of respondent No. 2 from the polling stations in the said subdivision, while the several agents of the respondent No. 1 were freely admitted in those centres, at some of which, again, the polling officers, instead of the presiding officers, made the cross marks for the illiterate voters, while others were made or misled to put the cross marks at the wrong place.

6. That at the above arbitrary action of the presiding officers, which, your petitioner submits, might be the result of a trick or manipulation in some quarter in favour of respondent No. 1, for whom there was apparently a combination at the local Bar, and who was being supported by the Swarayya party, myriads of voters, assembled to vote for your petitioner and the other rival candidate, went away out of sheer disgust and disappointment evidently false ideas created and circulated, while others, who could or did enter the polling stations, were easily made to vote for respondent No. 1—practically the only candidate thus left in the field.

7. That the above and other illegal acts done, and various other false and misleading statements, appeals, and advertisements circulated against your Excellency's petitioner and the other rival candidate and various threats used against those who voted or wanted to vote for them, with a view to capture votes for respondent No. 1, amounting to "corrupt practice," vitiated the whole election from the beginning to the end.

In these circumstances, your Excellency's petitioner most respectfully prays that your Excellency may be pleased to entertain this humble petition, and appoint the Court of Commissioners to try it, and upon their report, declare the election of the said returned candidate void, and your Excellency's petitioner duly elected instead, or direct a fresh election to take place, and award costs to this petitioner, or pass such other or further order or orders as to your Excellency may seem fit and proper.

And your Excellency's petitioner, as in duty bound, shall ever pray.

VERIFICATION.

I, Premhari Barma, petitioner abovemamed, do hereby declare that the matters and facts set out in paragraphs 1, 2, 3 and the first and the last clauses of paragraph 4 are true to my knowledge, while those in paragraphs 5, 6 and 7, and the intermediate clauses in paragraph 4 are true to the best of my information, which I believe to be true. I sign this verification, sitting at Vidyasagar College Hostel, No. 17, Cornwallis Street, Calcutta, this the 15th day of December 1923.

ESTABLISHMENTS.

Delhi, the 14th January 1924.

No. F.-356—23.—With reference to the Home Department notification No. F.-137—23-Ests., dated the 5th June 1923, it is announced for general information that five appointments will be made to the Indian Civil Service as a result of the competitive examination being held at Allahabad this month, a sixth vacancy being kept in reserve to be filled, if necessary, by nomination, in accordance with the terms of paragraph 8 of the Home Department Resolution No. 2559 (Ests.), dated the 1st December 1920.

J. CRERAR,

Secretary to the Government of India.

The 19th January 1924.

No. F.-868—22.—The following rules relating to premature retirement on proportionate pension, which were made on the 15th January 1924, by the Secretary of State in Council, in virtue of the powers conferred on him by section 96-B (*2*) and (*3*) of the Government of India Act, are published for general information.

2. The rules are in the main a reproduction in the form of Statutory rules of existing orders. Apart from amplifications and clarifications, the only changes of substance made in those orders are the following :—

(*i*) It has been made clear that the rules apply to members of the services specified, however and wherever they were appointed, but that previous service in a provincial or subordinate service cannot be counted for proportionate pension by officers promoted from such a service to an all-India service. (Second Schedule, paragraph 1.)

(*ii*) Passage gratuity is made admissible to officers who retired as the result of an application submitted while they were on leave out of India, if their leave commenced before the date of the issue of these rules. After that date passage-gratuity will—as was originally intended—be admissible only to an officer whose application is submitted while he is on duty in India. (Rule 3 (*2*).)

(*iii*) Provision has been made for the refund by instalments of passage-gratuity paid to officers who are subsequently permitted to return to duty. (Rule 11 (*8*).)

(*iv*) Conditions have been prescribed under which acceptance of further employment under the Crown may involve suspension or reduction of proportionate pension. (Rule 9.)

(*v*) The arrangements admissible in respect of family pensions of officers of the Indian Army in civil employ have been prescribed. (Rule 13.)

PREMATURE RETIREMENT ON PROPORTIONATE PENSION.

Rules under section 96-B (*2*) and (*3*), Government of India Act.

1.—(1) These rules may be called the Premature Retirement Rules.

(2) They shall be deemed to have come into force in respect of officers serving elsewhere than in Burma on the 8th November 1921, and in respect of officers serving in Burma on the 2nd January 1923.

2. Any officer whose active service as a member of one of the services specified in the First Schedule commenced before the 1st January 1920, and who is not permanently employed directly under the Governor General in Council, may be permitted by the Secretary of State in Council to retire under these rules :

Provided that no officer of the Indian Army in civil employ who has not been placed on the supernumerary list, and no officer of the Indian Medical Service who has completed less than 17 years' total service, shall be eligible to retire under these rules unless the competent military authorities are unable or unwilling to absorb him in military employment.

3.—(1) Every application for such permission shall be addressed in the first instance to the Local Government under which the officer is employed, and shall be accompanied by the following declaration, which shall be signed by the applicant :—

"In view of the changes in the conditions of my service occasioned by the Government of India Act, 1919, I desire to retire on the terms set forth in the rules relating to premature retirement."

(2) An application under this rule may be submitted by an officer while he is on leave out of India, and in that case, unless the Local Government considers his return to duty necessary before his application can be considered, the rules shall apply to him in the same manner as if his application had been submitted while on duty :

Provided that an officer who has made an application under this rule while he is on leave out of India and whose application is sanctioned by the Secretary of State in Council before his leave expires shall not, unless his leave commenced before the *19th January 1924*, be eligible for the gratuity described in rule 11, except to the extent admissible under sub-rule (*6*) of that rule.

4. On receipt of an application the Local Government shall forward it with their recommendations to the Governor General in Council, who shall transmit it with his recommendations to the Secretary of State in Council for orders.

5 An officer who has been permitted by the Secretary of State in Council to retire under these rules, or whose application has been forwarded by the Local Government to the Governor General in Council with a recommendation that his retirement be sanctioned, shall, unless the Local Government sees reason to the contrary, be permitted to avail himself, in anticipation of his retirement, of the full amount of leave which is due to him and which may be granted to him at one time (otherwise than on medical certificate) under the regulations for the time being in force and applicable to him :

Provided that if the Local Government considers that leave in anticipation of retirement should not be granted, or that less than the full amount of leave available under regulations for the time being in force should be granted, the proposal to withhold or reduce the leave applied for shall be submitted with the reasons therefor for the orders of the Secretary of State in Council.

6.—(1) The Local Government shall have discretion to fix the date on which leave granted under Rule 5 shall commence :

Provided that an officer who has been granted by the Secretary of State in Council permission to retire under these rules shall not be detained in India beyond the date on which he desires to leave unless his detention cannot be avoided without prejudice to the public interest.

(2) If the Local Government considers that suitable arrangements cannot be made for the relief of any officer at the date on which he desires to proceed on leave preparatory to retirement under these rules, it may, when forwarding his application to the Governor General in Council, recommend that the Secretary of State in Council should postpone the grant of permission and in that case shall specify the period during which such postponement should extend.

7. An officer who has submitted an application for permission to retire under these rules, and has been granted leave under Rule 5, shall not be at liberty to cancel his application and to return to duty without the consent of the Local Government under which he was employed.

8.—(1) An officer who has submitted an application for permission to retire under these rules may be permitted to take up other employment during the currency of his leave preparatory to retirement.

(2) Such permission may be granted by the Governor General in Council if the proposed employment lies in India, and by the Secretary of State in Council if the proposed employment lies elsewhere than in India :

Provided that an officer who has been granted permission to take up employment under this rule shall be precluded, save with the specific consent of the Secretary of State in Council, from withdrawing his request for permission to retire and from returning to duty in India.

(3) The Secretary of State in Council and the Governor-General in Council, as the case may be, hereby reserve to themselves the right to withhold permission to take up employment under this rule in cases where the employment appears to them to be such as could not with propriety be held by a person who is still in the service of the Crown in India ; or, alternatively, to grant the desired permission in any such case subject to such conditions or restrictions as they may think necessary.

9.—(1) The right of any officer to receive or retain a pension under the provisions of these rules is subject to the right of the Secretary of State in Council—

(*a*) to reduce or withhold any pension, if the past service of the applicant is not approved, or if the pensioner after retirement is convicted of serious crime or is guilty of grave misconduct ; and

(*b*) in cases where an officer obtains, prior to, or within two years from, the date of his retirement under these rules, other employment under the Crown, to suspend payment, wholly or in part, while the officer continues to be employed under the Crown, of the proportionate pension admissible under these rules.

(2) In cases where a proportionate pension is suspended wholly or in part under clause (*b*) of the preceding sub-rule, the services of the officer shall be transferred to the authority under which he is to be employed, on the understanding that on the termination of his employment under the Crown he shall have the option of receiving either (i) a pension in respect of his total service calculated under the rules made by the Treasury under section 7 (*1*), Superannuation Act, 1909, or (ii) a proportionate pension under these rules in respect of his Indian service together with such pension or pensionary award (if any) as he may earn under the rules of the authority re-employing him, in respect of his services under that authority :

Provided that if the department employing the officer does not consent to a pension calculated under the said Treasury Rules, or if the said Treasury Rules are inapplicable, the services of the officer shall be transferred on the understanding stated in the second alternative in the preceding paragraph.

(3) For the purposes of this rule, the expression "employment under the Crown" shall be deemed to include employment under the Governments of Crown Colonies, Protectorates, and territories mandated to the British Government, but does not include employment under the Government of a self-governing Dominion or a State in India, or under a Local Authority.

(4) A proportionate pension shall not be liable to suspension either wholly or in part under sub-rule (*1*) (*b*) of this rule unless the proportionate pension, when combined with the initial pay of the officer in his new appointment, would exceed the initial pay which he might have received under Rule 51 of the Fundamental Rules if his new employment had been on deputation from India.

10. Subject to the provisions of Rule 9, an officer who is granted by the Secretary of State in Council permission to retire under these rules shall be entitled, if he has completed less than five years' total service, to a gratuity equal to one month's pay (at the rate drawn by the applicant while last on duty before his retirement), multiplied by the number of completed months of total service at the officer's credit and divided by 12, and converted at the rate of 1*s*. 9*d*. per rupee ; and, if he has completed five years' total service to a pension of the amount shown in the Second Schedule.

11.—(1) In addition to the pension or gratuity referred to in Rule 10, any officer who has been permitted to retire under these rules (other than an officer who is entitled to the pension specified in the Second Schedule as the maximum pension admissible under the rules for the service to which he belongs, and where more than one method of calculating the pension is prescribed, for the method of calculation of the pension actually adopted) and who proceeds on retirement or on leave preparatory to retirement to some part of the British Empire intending to settle there permanently, shall, subject to the provisions of Rule 3 (*2*), be entitled to receive a gratuity equal to the cost of first-class fares and passages from the last place of his employment in India to his destination for himself, and for his wife and children if they were in India at the time of his proceeding on leave preparatory to retirement.

(2) For purposes of payment of this gratuity to officers proceedings to or *via* the United Kingdom, first class fares and passages, in the case of officers last employed in India, excluding Burma, shall be first-class steamer or railway fares to Bombay *plus* cost of first-class passage at B. rates by the P. and O. Steam Navigation Company to London (all sea route) ; and in the case of officers last employed in Burma, first-class railway

or steamer fares to Rangoon *plus* cost of first-class passage by the Bibby Line to London (all sea route); and, in both cases, railway fares from London to destination. These rates are payable irrespective of the line or class by which an officer or his family travels.

(3) Payment of the gratuity (excluding that portion representing railway fares from London, which shall be paid by the High Commissioner) shall be made by the Local Government concerned before the officer leaves India.

(4) A Local Government may at its discretion sanction the payment of a gratuity calculated as in sub-rules (1) and (2) of this rule but excluding the fares and passages of the officer himself, to the families of officers who are obliged by climatic or analogous reasons to leave later than the officer himself, or in advance of the officer but subsequent to the submission of his application to retire.

(5) An officer who applies in India for permission to retire and who is permitted to leave India in anticipation of the sanction of the Secretary of State in Council is eligible for the gratuity. In such cases, if the officer proceeds to the United Kingdom, the Local Government shall authorise the High Commissioner to make payment.

(6) Officers who apply to retire while on leave in England and whose families are in India at the time when their retirement was sanctioned by the Secretary of State in Council, shall receive a portion of the gratuity equal to the cost of first-class railway fares and passages for their families when the latter leave India.

(7) In no case shall a gratuity or any portion thereof be payable until the Secretary of State in Council has sanctioned the officer's retirement under these rules.

(8) The gratuity paid to an officer under this rule shall, in the event of his being permitted to return to duty in India, be refunded. Such refunds may be made by deductions of 36 equal monthly instalments from the officer's pay-bill, commencing with the first pay-bill drawn after return.

12.—(1) A member of the Indian Civil Service who retires under these rules may adopt at his option any one of the three following methods of retaining for his wife and children benefits admissible under the Indian Civil Service Family Pension Regulations, namely :—

(*a*) He may cease to make any contributions and payments under the regulations and shall then retain only the right to a proportion of the contingent benefits under the regulations for his wife and children existing on the date of retirement and for any children subsequently born to that wife. This proportion shall be equal to the number of his completed years' total service divided by 25, and the calculation shall be based upon the pension admissible to the widow of an officer of the class to which he belonged at the time of his retirement.

(*b*) He may continue up to his 51st birthday to make contributions under the regulations at the rates payable by him at the date of retirement, and shall then retain the right to the full contingent benefits admissible under the regulations, according to his class on the date of his retirement, for his wife existing at the date of retirement, and for any children by her, whether born before or after retirement. Under this alternative subscriptions will be payable under the ordinary regulations for each child, whether born before or after retirement. In the event of the death of the wife, subscriptions at the bachelor rate appropriate to the subscriber's class on retirement will be payable until the age of 51.

(*c*) He may continue up to his 51st birthday to make contributions and payments under the regulations at the rates which would have been payable by him from time to time had he remained in the service. In that case he shall retain the full benefits admissible under the regulations as if he had remained in the service until death or retirement with an ordinary pension.

(2) The Secretary of State in Council shall make good to the Indian Civil Service Family Pension Fund under a suitable procedure any loss which may be estimated to be thrown upon it by the operation of this rule.

13.—(1) An officer of the Indian Army or of the Indian Medical Service who retires under these rules may select any one of the three following options with regard to his subscriptions under the Indian Military Service Family Pension Regulations or to the Indian Military Widows' and Orphans' Fund :—

(*a*) He may continue to subscribe at the half rate of subscription under article 28 of the Indian Military Service Family Pension Regulations or Rule 32 of the Indian Military Widows' and Orphans' Fund; or if a married subscriber under the Indian Military Service Family Pension Regulations, he may withdraw, receiving the refund authorised by article 28. If he continues to subscribe he will retain the same rights to contingent benefits from the funds as if he had retired under the ordinary rules.

(b) He may cease to make any payments under the regulations except in so far as is provided by the last sentence of this clause and shall then retain the right to continuance of benefits at rates admissible under the regulations to the widow and children of an officer of the class to which he belonged at the date of retirement for his wife and children existing at that date and for any children subsequently born to that wife. Under this alternative any donation payable under the ordinary rules for any child born after retirement must, however, be paid by the officer if he desires to retain any right to contingent benefits for any such child.

(c) He may continue up to his 55th birthday to make payments under the Regulations at the full rates applicable to the class which he would have attained had he remained in the service until that date, and thereafter at half rates according to the class in which he is then subscribing. Any donation becoming due after age 55 will be payable in full as in the case of ordinary retirements. His wife and children will in this case be eligible for the full benefits appropriate to the class in which he is subscribing at the date of death.

(2) The Secretary of State in Council shall make good to the Indian Military Service Family Pension Scheme or the Indian Military Widows' and Orphans' Fund, as the case may be, any loss which may be estimated to be thrown upon them by the operation of this rule.

(3) The family of a military officer or of an officer of the Indian Medical Service who retires under these Rules shall retain their contingent rights to pensions under the Royal Warrant if the officer had on retirement completed 20 years' service. If such an officer is permitted to retire under these Rules after completing less than 20 years' service, the Secretary of State in Council shall, on the death of the officer, grant, subject to conditions identical with those laid down in the Royal Warrant (other than the condition requiring an officer to have completed 20 years' service in order to entitle his widow or children to pensions)—

to his widow, a yearly pension of 70*l*. divided by 20 and multiplied by a figure corresponding to the number of years' total service completed by the officer at the date of his retirement; and

to each child, a pension of 16*l*. divided by 20 and multiplied by a figure as aforesaid or, in the case of a motherless child, a pension of 25*l*. divided by 20 and multiplied by a figure as aforesaid.

14. An officer awarded a proportionate pension may be permitted to commute a portion of his pension, not exceeding one-third of the whole unless in the opinion of the sanctioning authority (the local Government under which the officer was last employed for an officer who draws his pension directly or indirectly from Indian Treasuries, and the High Commissioner in all other cases) there are exceptional reasons for refusing sanction to the application in whole or in part. If the sanctioning authority considers that such reasons exist, the case shall be referred for the decision of the Secretary of State in Council.

15. An officer in Europe desirous of commuting shall make application in writing to the High Commissioner for India, stating his desire so to commute, and furnishing information as to his age and the reasons on which he bases his request. Permission to commute in sterling will not ordinarily be granted by the High Commissioner to an officer residing only temporarily out of India. Commutation in his case will ordinarily be dealt with by the authorities in India.

16. If the High Commissioner for India approves the commutation, the officer shall be so informed and his application shall be referred to the Medical Board at the India office.

17. The Board shall require the officer to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and he shall be required to submit himself for personal examination by the Board at the Indian office.

18. An officer residing in a Dominion or Colony (other than those whose accounts are adjusted direct with Indian Treasuries) and desirous of commuting will be required to follow a procedure similar to that in the case of an officer residing in Europe, except that he shall apply to the High Commissioner for India through the official from whom he draws his pension. If the application is approved the officer shall be informed accordingly, and a special civil medical board will be assembled under the orders of the local Colonial Government.

The Medical Board shall report in the following form :—

"We have carefully examined and are of opinion that he is (or is not) in good bodily health, and has (or has not) the prospect of an average duration of life. We therefore (or do not) recommend compliance with his application to be allowed to capitalise a portion of his pension."

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following shall be added :—" but as he is suffering his age for purposes of commutation should be taken to be years."

19. The basis of commutation, subject to an addition of years of age in the case of impaired lives, shall be the following table, the age of the officer being reckoned at the age he will attain on the birthday next succeeding the date upon which the capitalised sum will become payable :—

Age next Birthday.	Number of Years' Purchase.	Age next Birthday.	Number of Years' Purchase.	Age next Birthday.	Number of Years' Purchase.

NOTE 1.—*These rates are subject to modification by the Secretary of State in Council from time to time.*

NOTE 2.—*In order to ensure payment at the rate shown for any specified age, it is essential that the application to commute should reach the High Commissioner's Office at least one month before the date on which the applicant will attain that age.*

20. When commutation has been sanctioned by the High Commissioner the applicant shall be informed accordingly, and shall have the option of withdrawing his application within one week after receiving notice.

21. If the applicant does not withdraw his application within that period, the decision shall be considered final, the commutation of pension shall become absolute, and payment will be made forthwith, payment of the commuted portion of the pension thereupon ceasing.

22. The capitalised sum shall be payable in India if the commutation is effected there; in all other cases it shall be payable in England. When commutation of a sterling pension is effected in India by officers residing temporarily in that country the commutation shall be on the basis of the current rate of exchange, the rate adopted being the rate of exchange for telegraphic transfers from Calcutta on London on the 20th of the month preceding that in which the capitalised sum is paid.

23. The commutation of the proportionate pension of an officer, who draws his pension directly or indirectly from Indian Treasuries shall be governed by the rules contained in the Third Schedule.

FIRST SCHEDULE (*See* Rule 2.)

Services to Members of which these Rules apply.

(i) The Indian Civil Service.
(ii) The Indian Police Service.
(iii) The Indian Forest Service.
(iv) The Indian Educational Service.
(v) The Indian Agricultural Service.
(vi) The Indian Service of Engineers.
(vii) The Indian Veterinary Service.
(viii) Officers of the Indian Medical Service in civil employ.
(ix) Officers of the Indian Army or other officers holding posts other than listed posts borne on the provincial cadres of any of the above-mentioned services.

SECOND SCHEDULE (*See* Rule 10).

1. (*a*) The letter 'N' in the following paragraphs shall be deemed to represent the number of years' active service in one or more of the services specified in the first schedule, or in a service which has been merged in one of those services or in military employ, at the credit of an officer at the time of his retirement *plus* one-twelfth for each completed month of such service in excess of the completed years :

Provided that previous military service of officers first appointed during or after the Great War to one of the services specified shall not be counted as active service for the purposes of these rules :

Provided further that service rendered by an officer which would not be reckoned as qualifying service in calculating his ordinary retiring pension or annuity shall not be counted as active service for the purposes of these rules.

(*b*) Active service shall, for this purpose, be interpreted in the same way as active service for the purpose of pension in Article 8 of the Civil Service Regulations, war leave being treated for the purpose of these rules as privilege leave.

(*c*) In the case of an officer who, before entering upon service in India, was employed under His Majesty's Government elsewhere than in India, and whose service elsewhere than in India has already been accepted as qualifying for a combined pension under the rules made by the Treasury under section 7 (1), Superannuation Act, 1909, the service elsewhere than in India which counts for such combined pension shall be included in the period of active service.

2. Pensions expressed in rupees in this schedule shall be converted at the minimum rate of 1*s*. 9*d*. per rupee, subject to the conditions stated in Article 936 of the Civil Service Regulations, or in any rule which may be substituted therefor.

3. The pension admissible to an officer who is permitted to retire under these rules shall be as follows :—

(*a*) To an officer of the Indian Civil Service, £ $\frac{N}{21}$ × 1,000, subject to a maximum of 1,000*l*. a year :

Provided that whenever the sum of Rs. 10,666. 10. 8 exceeds 1,000*l*. in value, that sum shall be substituted for 1,000*l*. in both places where it occurs in this clause, and the pension shall be recalculated accordingly.

(*b*) To an officer of the Indian Army in civil employ, £ $\frac{N}{25}$ × 800, subject to a maximum of 800*l*. a year :

Provided that the proportionate pension of an officer of the Indian Army in civil employ who is granted after the 19th January 1924 permission to retire under these rules shall be subject to revision, in the same manner as the ordinary maximum pension of 800*l*. of a Lieut.-Colonel of the Indian Army, in accordance with the provisions of Army Instruction, India, No. 448, dated the 29th June 1920.

(*c*) To an officer of the Indian Medical Service in civil employ—

(i) if of less than 17 years' total service, £ $\frac{N}{14}$ × 400 subject to a maximum of 400*l*. a year ;

(ii) if of more than 17 years' total service, the pension admissible under ordinary regulations :

Provided that the proportionate pension of an officer of the Indian Medical Service in civil employ who is granted after the 19th January 1924 permission to retire under these rules shall be subject to revision, in the same manner as the ordinary pension of 400*l*. of an officer of the Indian Medical Service after 17 years' service for pension, in accordance with the provisions of Army Instructions, India, Nos. 442 and 448, dated the 29th June 1920.

(*d*) To all other officers (other than members of the Women's Branch of the Indian Educational Service) to whom these rules apply Rs $\frac{N}{26}$ × 7,500, subject to a maximum of Rs. 6,000 a year ; provided that any officer referred to in this clause who has earned an additional pension under Article 475A of the Civil Service Regulations, whether he has or has not completed the 28 years' qualifying service required by that Article, may at his option be granted in lieu of the pension specified in the said clause a pension calculated as follows, namely, Rs. $\frac{N}{26}$ × 6,000 subject to maximum of Rs. 6,000 a year *plus* any additional pension earned under Article 475A of the Civil Service Regulations, subject to an aggregate maximum of Rs. 8,500 a year.

(*e*) To members of the Women's Branch of the Indian Educational Service, Rs. $\frac{N}{22}$ × 5,000 subject to a maximum of Rs. 5,000 a year.

4. Any officer to whom the provisions of Articles 403, 404, and 404A of the Civil Service Regulations apply and who is permitted to retire under these rules shall be permitted to deduct from the divisor 26 and 22 in the fraction specified in clauses (*d*) and (*e*), respectively, of paragraph 3 of this schedule a number equal to the number of years which he would be entitled to deduct from his age if he were retiring on superannuation pension.

THIRD SCHEDULE (*See* Rule 23).

1.—(1) The rules contained in this Schedule apply only to pensioners drawing pensions directly or indirectly from Indian Treasuries.

(2) Pensioners residing in Colonies having an account-current with the Accountant General, Central Revenues, who draw their pensions from the local Treasuries, the amounts being subsequently adjusted in the books of the Accountant-General, Central Revenues, shall be treated for the purpose of these rules as drawing their pension indirectly from Indian Treasuries.

2. Subject to the conditions stated in these rules, a Local Government may sanction the commutation for a lump payment of a portion not exceeding one-third of the proportionate pension which has been or is about to be granted to any officer serving in its jurisdiction.

3. The incidence of the commutation payment shall in all cases follow that of the pension, and the commuted amo nt shall be made payable at the Treasury at which the pension is being or is to be drawn. If a pensioner who has obtained commutation of a portion of his pension transfers himself thereafter to another province, a note shall be made on the Pension Payment Order as to the amount of pension which has been commuted.

4. Application for commutation shall be made in Form A appended to these rules.

5.—(*a*) If on consideration of the facts stated in the application the Local Government decides to allow commutation, the applicant shall be required to produce a certificate as to his expectation of life, from a medical officer of standing not lower than that of a Civil Surgeon, District Medical Officer or Presidency Surgeon. The Local Government may further, at its discretion, require a second medical opinion or direct the applicant to appear before a Medical Board.

(*b*) The certifying Surgeon or Board shall subject the applicant to a strict medical examination, requiring him to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and shall report in the following form :—

I/We have carefully examined..................................and am/are of opinion that he is/not in good bodily health and has/has not the prospect of an average duration of life. I/We therefore, do/do not recommend compliance with his application to be allowed to capitalise a portion of his pension.

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following shall be added :—

" but as he is suffering from............his age, for purposes of commutation, should be taken to be......years."

(*c*) The applicant shall himself pay the medical officer's fee for examination except when a second medical opinion is required for the applicant is directed to appear before a Medical Board.

6. The lump sum payable on commutation shall be the amount certified by the Audit Officer to be admissible according to the table of present values appended to this Schedule. This amount may be intimated, at the discretion of the Local Government, to the applicant for definite acceptance or rejection, within specified period before final sanction to commutation issues.

7. Commutation, when sanctioned, shall take effect from a date, to be named in the order, which shall ordinarily be one month later than the date of the order; and all calculations shall be made with reference to that date. Payment of the commuted portion of the pension will cease from the date specified and the sum payable on commutation will be paid on that date or as soon afterwards as possible.

8 A commutation once applied for, sanctioned and given effect to, shall not be rescinded, that is to say, the portion of a pension commuted shall not be restored on refund of its capitalised value.

9. If a pensioner whose pension has been commuted dies on or after the date from which the commutation is to take effect under Rule 8, but before he receives the commutation value, this value shall be paid to his heirs.

10. In the case of a pensioner who is re-employed in Government service or in the service of a Local Fund, and who commutes a portion of his pension before or after such re-employment, the amount which the pensioner is entitled to draw under the rules in Chapter XXI of the Civil Service Regulations shall be the amount to which he would have been entitled under those rules had there been no commutation, less the amount commuted.

APPENDIX. (*See* Rule 4 of this Schedule.)

Postponed Sheriff's Sale Proclamation.

TO be peremptorily sold pursuant to the order of the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction, dated the 2nd day of September 1918, in execution case No. 63 of 1915 (Lala Manna Lal and others *versus* Goswami Nannilal and others) by the Sheriff of Calcutta in his sale room on the ground floor of the Court-house by public auction on Friday, the 29th day of February 1924, at the hour of 12 noon, the following property claimed by the decree-holder to be the property of the judgment debtor Goswami Nannilal Munnilal Mulchand *alias* Kannahyalal, Myssamut Shiboo and Radhakissen, the defendants in the above execution case.

All that the partly two and partly three-storied brick-built house with the land whereon the same is built containing about 7 cottahs more or less situate lying at and being premises No. 20, Cross Street, in holding No. 158 of Block No. XII in the Northern Division in the town of Calcutta bounded on the north by Cross Street, on the west by Nos 17, 18 and 19, Cross Street, on the south by the godown of Prosad Das Mullick, and on the east by Nos. 23 to 25, Cross Street, and 63 to 72-1, Khangraputty Street. In respect of the entire holding the sum of Re. 1-5-5 is payable as Government revenue.

So far as appears from the searches made in the office of the Registrar of Assurance at Calcutta from January 1905 to 1st September 1919 both inclusive it appears (1) that there is a mortgage on the premises Nos 16, 18, 20, 22 and 24, Cross Street, Calcutta, executed by the Official Receiver of the High Court and as such Receiver appointed in suit No. 580 of 1915 in favour of one Abhoye Charan Pal to secure the repayment of Rs. 12,000 advanced thereunder with interest at 9 per cent. per annum and costs and that such mortgage forms a first charge on the said premises, (2) that the said premises have been let out by the said Receiver to one Goswami Gobordhan Laljee for a term of three years from 1st October 1916 at the monthly rent of Rs. 750 inclusive of taxes by and under a lease, dated the 15th September 1916, (3) that Mulchand Lal Goswami on the 8th August 1917 mortgaged to one Madho Prosad Jallan his one-fourth share in *inter alia* Nos. 16, 18, 20, 22 and 24, Cross Street, to secure the repayment of Rs. 16,000 with interest at 12 per cent.

The following documents have been found as a result of searches for encumbrances made after the order for sale :—

1. Assignment of the said mortgage, dated 8th August 1917, from Madho Prosad Jallan to Surendra Narayan Dey, executed on the 11th October 1918.

2. Mortgage by Nanney Lal Goswami of his one-fourth share of 16, 18, 20, 22 and 24, Cross Street, in favour of Soshee Mukhi Dassi to secure the repayment of Rs. 5,000 with interest at 12 per cent. per annum and executed on the 14th March 1919.

3. Mortgage by Munnilal Goswami of his undivided one-fourth share of the said premises Nos. 16, 18, 20, 22 and 24, Cross Street, in favour of Gunendra Nath Mitter to secure the repayment of Rs. 14,000 with interest at 9 per cent. per annum executed on the 4th June 1919.

4. Mortgage by Radha Kissen Goswami of his undivided one-fourth share of the said premises Nos. 16, 18, 20, 22 and 24. Cross Street, in favour of Gunendra Nath Mitter to secure the repayment of Rs. 14,000 with interest at 9 per cent. per annum and executed on the 4th June 1919.

The sum for the recovery of which the sale has been ordered is Rs. 7,328-7-3 with interest on Rs. 7,326-7-3 at 6 per cent. per annum from the 11th day of October 1915 till realisation besides the cost of execution.

The conditions of sale may be seen at the office of the Sheriff of Calcutta on the ground floor of the High Court on any day before the sale and will be produced at the sale.

Sheriff's Sale Proclamation.

TO be peremptorily sold, pursuant to an order made by the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction and dated the 4th day of January 1923 in Suit No. 910 of 1922 (wherein Ahmed Dowji Motala is the plaintiff and Wahidunnessa Bibi is the defendant) in execution of the decree made in the said suit and dated the 13th June 1922, by the Sheriff of Calcutta in his sale-room on the ground floor of the Court-house by public auction, on Friday, the 29th day of February 1924, at the hour of 12 o'clock noon, the undermentioned property :—

All that 16 annas share of the defendant in all that piece or parcel of revenue-paying bustee land containing by estimation 3 cottahs 8 square feet, be the same a little more or less, situate, lying at and being premises No. 54, Taltola Lane, block No. 9-A, 103, holding No. 184, and annual Government revenue therefor being 7 annas 8 pies only and payable to Calcutta Collectorate, and butted and bounded on the north by premises No. 55, Taltola Lane, being the bustee land of Womesh Chandra Sen, on the east by the land belonging to Chand Mia being premises No. 46, Imdad Ali Lane, on the south by premises No 52, Taltola Lane, being the tenanted land of Bepin Behari Sen, on the west by partly 52, and partly 53, Taltola Lane

It appears from a search made in the office of the District Registrar of Assurance, Calcutta, from 1865 to 1923, that the above property along with certain other properties are subject to a mortgage created by Sheik Abdul Majid, Sheik Abdul Hamid, Gafuronnessa Bibi, Amina Khatum of their undivided 4 annas 4 gandas share for Rs 2,000 with interest thereon at Re. 1 per cent. per month in favour of one Sheik Mohabab Ali. This mortgage is dated 22nd June 1921.

(2) The above property is subject to a mortgage, dated 22nd December 1921, created by Wahidunnessa Bibi for Rs. 6,000 in favour of one Dowji Mohammed Motala with interest thereon at 12 per cent. per annum with quarterly rests. This mortgage stands cancelled by the decree of the 13th June 1922 in suit No. 910 of 1922, Ahmed Dowji Motala *versus* Wahidunnessa Bibi.

(3) By an agreement, dated the 22nd December 1921, Wahidunnessa Bibi agreed with one Ahmed Dowji Motala, the plaintiff in suit No. 910 of 1922, to convey a moiety of her interest in the said property and in other properties subject to the claim under the mortgage, dated the 22nd December 1921.

The amount for the recovery of which the sale has been ordered is Rs. 6,200 and the costs of the execution proceedings and the Sheriff's poundage and charges.

The conditions of sale may be seen at the office of the Sheriff of Calcutta before the sale and the same shall be produced and read at the time of sale.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 315L., dated the 26th January, 1924.—The following Bill was introduced in the Bengal Legislative Council on the 24th January, 1924, and is hereby published for general information, together with Statement of Objects and Reasons annexed thereto :—

THE CALCUTTA RENT (AMENDMENT) BILL, 1924.

A

BILL

further to amend the Calcutta Rent Act, 1920.

WHEREAS it is expedient further to amend the Calcutta Rent Act, 1920, in the manner hereinafter provided; Ben. Act III of 1920.

And whereas the previous sanction of the Governor General under sub-section (3) of section 80A of the Government of India Act, has been obtained to the passing of this Act; 5 & 6 Geo. V, c. 61; 6 & 7 Geo. V, c. 37; 9 & 10 Geo. V, c. 101.

It is hereby enacted as follows:—

Short title. **1.** This Act may be called the Calcutta Rent (Amendment) Act, 1924.

Amendment of section 1 of Ben. Act III of 1920.

2. In sub-section (4) of section 1 of the Calcutta Rent Act, 1920 (hereinafter referred to as the said Act) as amended by the Calcutta Rent (Amendment) Act, 1923, for the figures "1924" the figures "1927" shall be substituted.

Amendment of section 2 of Ben. Act III of 1920.

3. In sub-clause (i) of clause (f) of section 2 of the said Act, for the words "ten *per cent.*" the words "fifteen *per cent.*" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

As the condition of tenants in Calcutta continues unsatisfactory owing to the limited housing accommodation of the city; and following the precedent in the further continuance of the Rent Act in London, the Calcutta Rent Bill gives an extension to the existing Rent Act up to the year 1927, allowing adequate time for the building of additional premises, some of which are still in the course of construction, to house the increasing population of the city. Recognising the rights of landlords to some increase in the returns for their investments in house property in the city, a proportion of fifteen *per cent.* increase is allowed to the previous proportion of ten *per cent.* in the laying down of standard rent. The extension of the time provided for in this Bill will give sufficient opportunity for the formulation of definite action which may be taken on the resolutions of the Committee appointed to inquire into the housing conditions of Calcutta, which were recently published for information.

First Forecast of the Wheat Crop of Bengal, 1923-24.

[NOTE.—On an average of the five years ending 1921-22, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on, has, in the five years ending 1921-22, averaged (*a*) 44·3 and (*b*) 13·2 per cent, respectively.

Explanatory.—Four forecasts of the wheat crop are published. This forecast deals only with the area sown and the general condition of the crop in its early stages.

Acreage.—According to the estimates of the District Officers the total area sown amounts to 121,400 acres against 115,400 and 124,800 acres reported, respectively, in the corresponding and final forecasts of last year.

Character of the season.—The rainfall in September and October was suitable for preparatory tillage, and sowings commenced at the normal time. Slight showers in November helped the germination of the crop, but since then absence of rain has affected some districts including the important one of Malda, which covers about two-fifths of the area under the crop. The present condition is reported as generally fair.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Sugarcane Crop of Bengal, 1923-24.

[NOTE.—On an average of the five years ending 1921-22, the area under sugarcane in Bengal has represented some 8·2 per cent. of the total area under sugarcane in British India.]

Character of the season.—As noted in the second forecast, the season commenced under favourable conditions. Subsequently during the early period of growth, the crop suffered from drought over the greater part of the province, especially in the deltaic tracts. With the break of the monsoon prospects improved but the crop did not fully recover in many districts. On the whole the crop has been satisfactory in East Bengal and fair for the rest of the province.

Acreage.—The total area planted with sugarcane for the province is estimated at 207,900 acres this year against 200,600 acres last year.

Outturn.—From the Appendix I attached to the report, it will be seen that two districts (namely Rangpur and Chittagong Hill Tracts) report a normal crop, seven districts a crop varying from 92 to 88 per cent., and ten districts a crop between 83 and 75 per cent., and five districts return a crop between 68 and 67 per cent. Three districts report crops as low as between 47 to 58 per cent.

According to the above estimates, the average outturn of the crop for the province works out at 80 per cent. of the normal against 79 per cent. last year.

Taking 36½ maunds as the normal rate of cane-*gur* per acre, the gross outturn for the province is estimated at 223,000 tons this year against 212,500 tons last year.

Other sources of *Gur*.—The total quantity of *gur* likely to be obtained from date-palm juice and others is estimated at 119,300 tons this year against 131,900 tons last year.

The quantity of *gur* for the province from all sources is thus estimated at 342,300 tons this year against 344,400 tons last year.

Final Forecast of the Sugarcane Crop of Bengal, 1923-24.

District.	Estimated normal area under sugarcane.	Estimated area under sugarcane— Last year.	This year.	Estimated outturn as a percentage of the normal yield per unit of area. Last year.	This year.	Date by which the harvesting of the crop generally commenced this year, and whether that date was early, normal or late.	Remarks by District Officers.
1	2	3	4	5	6	7	8
	Acres.	Acres.	Acres.				
24-Parganas	4,600	2,400	1,400	58	58	November. Normal ...	The decrease as compared with that of the last year is due to want of rain at the time of planting as also to want of sufficient cuttings. The weather has not been favourable. Damage to the extent of 8 annas is reported from Basirhat subdivision.
Nadia	7,900	6,000	5,700	75	67	Beginning of January. Normal.	The weather conditions were at first favourable, but want of rain was felt from the latter part of May and retarded the growth of the plants. The outturn is expected to fall much below the normal for want of timely rainfall.
Murshidabad	5,500	3,200	3,200	67	50	Sadar and Jangipur. Normal. Elsewhere not yet begun.	Weather has not been favourable. Continued drought after planting stunted the growth of the crop; hence the outturn is below the normal.
Jessore	5,200	2,500	3,200	67	75	December. Normal ...	The increase of area is due to favourable weather at planting time. The effect of weather after the plantation has not been favourable for want of soil moisture.
Khulna	1,500	700	700	75	67	......	The weather has not been favourable and the outturn is below the normal owing to want of timely rainfall.
Burdwan	11,600	14,300	17,000	100	83	Not yet commenced ...	The increase in area is due to increase on the price of *gur*. The weather was favourable at planting time, but subsequent hot weather affected the young plants adversely. Since the middle of June the weather has been very favourable and the damage was made good to some extent.
Birbhum	9,800	9,000	9,000	83	83	Ditto ...	The weather has been fairly favourable. The outturn is below the normal owing to want of rainfall.
Bankura	9,700	11,000	9,000	67	83	Ditto ...	The weather was favourable at planting time, but subsequently since September the growth of the crop was retarded by drought. Damage was done to the crop in some places by drought and insect pests.
Midnapore	6,600	4,300	5,700	75	75	Ditto ...	The decrease in area compared with the previous estimates is due to revision. The weather has been fair.
Hooghly	8,200	3,900	3,700	67	67	Ditto ...	The weather was unfavourable for want of rain. Drought caused damage to the extent of eight annas crop in the Arambagh subdivision.
Howrah	5,200	4,600	3,900	38	47	Ditto ...	The weather has not been favourable. Damage was done by drought in the Uluberia subdivision.
Rajshahi	7,500	6,800	5,500	83	83	December. Normal ...	The decrease as compared with last year is due to want of rain at planting time. The effects of weather on the cultivation and growth of the crop have not altogether been favourable. About 2 annas damage is reported from Natore for want of rain.
Dinajpur	29,500	27,500	29,2[illegible]0	74	68	January. Normal ...	The weather was favourable at planting time, but the drought in July and August retarded the growth of the plants and caused the outturn to fall below the normal.
Jalpaiguri	6,000	5,200	5,100	83	92	Middle of October to December 1923.	The weather and its effects on the growth of the crop have been favourable. Excessive rainfall caused the outturn to fall somewhat below the normal.
Darjeeling	200	200	300	83	75	December. Normal ...	The increase in area is due to good rain at the beginning of the year. The weather has been fair.
Rangpur	11,900	14,200	21,200	100	100	First week of January. Normal.	The increase in area is due to seasonable weather and high price of *gur*. The weather was favourable.
Bogra	6,700	3,500	3,500	80	90	January. Early ...	The weather has been favourable.

Pabna	5,600	3,500	3,500	83	67	End of December. Normal.	The decrease in area as compared with the previous estimates is due to revision. The weather was not favourable at planting time and continued drought afterwards retarded the growth of the crop. About 4 annas crop was damaged by drought.
Malda	300	300	300	80	75	Second week of November. Normal.	The weather was not favourable at the planting time. The outturn is below the normal due to want of timely rainfall.
Dacca	21,100	21,500	20,000	80	88	July. Normal ...	The decrease in area as compared with that of the last year is due to increased cultivation of jute and that with the previous estimates is due to revision. The weather was not favourable at the planting time for want of timely rain. Since then the conditions have improved and the weather has been favourable.
Mymensingh	11,100	6,500	7,000	80	80	November and December. Normal.	The increase in area is due to the high price of *gur*. The weather was not favourable at the start but it has improved afterwards.
Faridpur	7,400	7,000	6,900	88	89	September. Normal...	The weather was not favourable at planting time and the growth of the crop was affected to some extent. Subsequently the condition was favourable.
Bakarganj	16,800	28,500	29,000	67	75	September. Early ...	The weather has on the whole been favourable, but the outturn is below the normal due to premature harvesting and to damage done by insect pests.
Chittagong	5,300	6,000	6,000	100	92	October to December. Normal.	The weather has been favourable. Some damage is reported to have been caused by insects in Cox's Bazar and by floods in Satkania.
Tippera	6,100	6,100	6,000	100	92	December. Normal ...	The weather was favourable. Slight damage was done to the crop for want of timely rainfall.
Noakhali	800	1,000	900	100	91	End of September. Normal.	The weather has been favourable. The outturn is somewhat below the normal due to unfavourable weather at the time of planting.

Election case No. 3 of 1923.

Maharaja Sir Manindra Chandra Nandy, K.C.I.E.

versus

Hon'ble Mr. Pravash Chandra Mitter, C.I.E.

REPORT.

This is an election petition under Rule 32 of the Bengal Electoral Rules and Regulations of 1923 presented by Maharaja Sir Manindra Chandra Nandy of Kassimbazar.

The facts as set out in his petition are that he was a member of the Council of State and on 7th October 1923 resigned his seat on the Council by a telegram and a letter addressed to His Excellency the Viceroy and Governor-General of India.

The telegram was received in Simla at 11-15 A.M. on 7th October and His Excellency's orders accepting his resignation were passed on the 10th.

The date fixed by Government for the presentation of the nomination papers of candidates for election to the Bengal Legislative Council was 8th October, and on that date the Maharaja delivered three nomination forms to Mr. Lindsay, the Commissioner of the Presidency Division, who was the Returning Officer for the Presidency Division Landholders' Constituency.

On 9th October the Maharaja sent another telegram to the Viceroy for communication of the acceptance of his resignation to the Returning Officer.

On 10th October his resignation was formally accepted by His Excellency and a notification being No. 225 of that date was published in the *Gazette of India* of 13th October.

On 11th October, the date fixed for the scrutiny of the nomination papers by the Returning Officer, an objection to the Maharaja's nomination was raised on behalf of the respondent Mr. Pravash Chandra Mitter that the Maharaja was not eligible for election on the date of filing the nomination papers, 8th October 1923, as his resignation had not been accepted by the Governor-General and he was still a member of the Council of State. The Returning Officer thereupon made the following endoresement upon the nomination paper :—

> "I must refuse the nomination of this candidate the Maharaja of Kassimbazar. Under section 93 of the Government of India Act the seat in the Council of State becomes vacant on the acceptance of the resignation of the member. The Maharaja wired his resignation on 7th instant and also sent a letter on that day. The only evidence of the acceptance of the resignation is a telegram from Simla, from the Secretary, Legislative Department, dated 10th instant. If this evidence is accepted, I must hold that the resignation takes effect from the 10th instant, and that on the 8th instant when the nomination papers were filed, the Maharaja was still a member of the Council of State. Accordingly at the time of his nomination, he was not eligible for election [*cf.* rule 5 (*1*) (*c*)] and so the provisions of rule 11 (*1*) were not complied with. The nomination is therefore refused under Regulation XXI (*i*) and (*iii*)."

As there was no other candidate, the Returning Officer proceeded to declare Mr. Mitter duly elected and his name was published in the *Calcutta Gazette* of 28th November 1923.

The facts as we have summarised them above are not in dispute and we have therefore found it unnecessary to frame any issues.

The main point for our determination is whether the question of the eligibility of the Maharaja for election is to be decided with reference to the date of the presentation of his nomination paper, 8th October, or to the date of scrutiny by the Returning Officer, 11th October.

Mr. Chaudhuri who has appeared on behalf of the Maharaja contends that his resignation of his office in the Council of State had been tendered on 7th October and was accepted by the Governor-General on 10th. Therefore at the time of the scrutiny on 11th the statutory bar contained in Rule 5 (*1*) (*c*) of the Electoral Rules of 1923 had been removed. The learned Council has referred to the regulations framed under Rule 15 of the rules with particular reference to Regulations XX and XXI. Regulation XX provides for the scrutiny of nominations in the presence of the parties or their agents while Regulation XXI provides for the examination of the nomination papers by the Returning Officer who "shall decide all objections which may be made to any nomination and may either on such objection or on his own motion, after such summary enquiry, if any, as he thinks necessary, refuse any nomination on any of the following grounds :—

(*i*) that the candidate is ineligible for election under rule 5 or rule 6, or

(*ii*) that there has been any failure to comply with any of the provisions of rule 11 or rule 12."

Learned Counsel says that what the Returning Officer has to see in regard to Rule 5 is whether the candidate is eligible for election. He has not to see whether he is eligible for nomination. The date of scrutiny is the date with reference to which the eligibility of the candidate for election is to be determined. Further under Rule 5 a person shall not be eligible for election as a member of the Council if he labours under certain disqualifications one of which is that he is a member of the Council or of any other legislative body constituted under the Act and has made oath or affirmation as such member. The Maharaja had admittedly made the oath as a member but it is argued that on the date of the scrutiny he had ceased to be a member of the Council of State and therefore, though he might possibly be said to be ineligible on the date on which the nomination paper was presented, the acceptance of his resignation on 10th October, the day before the scrutiny, removed the disqualification. By a parity of reasoning a person qualified on the date of nomination might be found to be disqualified on the date of scrutiny.

Learned Counsel further contends that in any case the mere tender of the resignation was in itself sufficient to vacate the seat as there is no rule under the Government of India Act under which the Governor-General is empowered to refuse a resignation. A member of an elected body stood on a footing different from a public officer who was required to observe certain formalities such as making over charge of his office.

Sir Benode Mitter who has appeared on behalf of the respondent contends that the mere fact of the resignation having been tendered does not of itself vacate the seat. Section 93 of the Government of India Act says that "a nominated or elected member of either chamber of the Indian Legislature may resign his office to the Governor-General . . . and on the acceptance of the resignation the office shall become vacant." The same provision is made in section 64 of the Government of India Act where the resignation must be "duly accepted". The power to accept resignation implies also the power to refuse it. It would follow therefore that a member whose resignation had not been accepted continues to be a member until its due acceptance by the Governor-General. The Maharaja thus continued to be a member of the Council of State till the acceptance of his resignation on the 10th October.

Learned Counsel further contends that the eligibility of a candidate depends on whether he was, as a fact, eligible on the date of the nomination. Election is a continuing process in which the nomination is the first step. The nomination is the foundation of a candidate's right to go to the poll and is an integral part of the election. Scrutiny is for the purpose of seeing that what was required to be done had been done. Rule 11 (*1*) says :—" Any person may be nominated as a candidate for election in any constituency for which he is eligible for election under these rules." Rule 11 (*3*) provides that a candidate must assent to the nomination and must at that particular point of time have the capacity to accept the nomination and under Rule 11 (*5*) he must also have the capacity of nominating election agents to act for him. The Maharaja, it is urged, had not the requisite capacity and was therefore ineligible at the time of the nomination. It is further argued that the date of the scrutiny of the nomination papers as laid down in Regulations XX and XXI is not the governing factor in considering the eligibility of the candidate. He must be eligible at the time of the nomination and if he has not the necessary qualifications then, he cannot acquire them between the date of the nomination and the date of the scrutiny.

We are of opinion that under the provisions of Rule 11 the date with reference to which the question of the eligibility of a candidate for election is to be determined is

the date fixed by Government for the nomination and if on that date a candidate is not eligible, his nomination paper must be refused. The object of the scrutiny by the Returning Officer is to see whether the nomination was valid on the date on which it was made. The nomination is an integral part of the election and it cannot be supposed that a person who is ineligible on the date of the nomination can, in the interval between the nomination and the scrutiny, acquire new rights or that the acquisition of such rights would be sufficient to do away with his pre-existing disqualification.

Various disqualifications which will render a candidate ineligible for election are given in Rule 5 (*1*). Rule 5 (*1*) (*c*) declares a person ineligible for election if he is a member of the Council or of any other legislative body constituted under the Act and has made oath or affirmation as such member. In the present case it is admitted that the Maharaja had made oath as a member of the Council of State. It is also conceded that his resignation was not accepted until 10th October though the date for the presentation of the nomination paper was fixed for 8th October. It is therefore plain that on 8th October the Maharaja was still a member of the Council of State and was therefore ineligible under Rule 11(*1*). The argument that the mere tender of his resignation automatically terminates his office does not seem to us to be well founded. If it had been so, the words used in sections 93 and 64 of the Government of India Act which require acceptance by the Governor-General of the resignation as a condition precedent to the vacating of the office would be mere surplusage.

We are of opinion therefore that the nomination paper of the Maharaja has been properly rejected by the Returning Officer and that Mr. Mitter, the returned candidate, has been duly elected.

We estimate the total amount of costs payable for the hearing at 40 gold mohurs and we recommend that that sum be paid by the Maharaja to Mr. Mitter.

NOTIFICATIONS.

No. 8I.—The 28th January 1924.—The following draft of revised rules and rates of tolls for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make in supersession of all previous notifications on the subject, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 20th March 1924, and any objections or suggestions received by the undersigned before that date will be considered :—

Draft Revised Rules and Rates of Tolls.

The rules shall apply to the following navigable channels which are included under the designation "Calcutta Canals and Tolly's Nala" and the "Sundarbans Steamer Route."

I. The Circular Canal comprising the still-water canals between the Dhapa and Chitpore Locks and the New Cut Canal from Ultadingi to Dhapa Lock, together with its junction with the river Hooghly and Orange Soorah at Dhapa.

II. The Central Lake Channel from its junction with the Circular Canal at the Dhapa Lock to its junction with the Bidyadhari at Bamunghatta.

III. The Nowbhanga khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhapa Lock.

IV. The Soorah from its junction with the Central Lake Channel below the Dhapa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhapa Inspector's residence.

V. Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari river at Samukpota.

VI. The Kristopore Canal extending from a point in the New Cut Canal, 1 mile 4,700 feet from the Chitpore Lock to a point where it joins the Bhangore khal at Kantatala.

VII. The outfall channel of the Thakurdhari sluice, 4,180 feet in length, extending from a point in village Thakurdhari near the 5th mile-post of the Kristopore Canal to the Thakurdhari sluice on the Paran Chaprasi's khal.

VIII. The Sundarbans Steamer Route as defined in notification No. 7I of the 22nd July 1922.

---

1. Every vessel on entering the Calcutta Canals or Tolly's Nala shall be liable to measurement for the purpose of ascertaining the tolls payable ; in case of any reasonable doubt arising, the persons appointed by the Governor in Council to collect tolls and officers to whom such persons are subordinate shall have authority to enter upon and again measure a vessel notwithstanding that it was measured on entering the canals.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes as below :—

Class I.—To include all vessels of the usual native types of build, including *saltees* and *hapars* (fish cages).

Class II.—To include all steamers, flats and barges, and other square built vessels.

The net tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V (B.C.) of 1864 and of these rules, be determined by the following measurements :—

Class I.—

A.—The product of one quarter the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches : the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D.—**Saltees.**—The product of one quarter of the inside length of the vessel measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.—

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I, shall be increased by one-half. For vessels of this class above 5,000 maunds measurement the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way-bills, the gross maundage of cargo shown by the way-bills, or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which toll will be charged :

Provided that firms or individuals, who wish to make use of this rule, must be approved by the Superintending Engineer of the Southern Circle, and that such approval may be withdrawn for any just cause.

3. Every vessel entering the canals shall be furnished with a ticket on which the name of the serang, manjee or other person in charge of the vessel, the date of entry, the maundage of the vessel, the cargo it contains, the amount of toll charged, and the number of days for which the ticket remains current, shall be entered.

4. All tolls are payable on demand and shall be paid at the toll station before a vessel is permitted to proceed : Provided that the Superintending Engineer of the Southern Circle may at his direction permit vessels belonging to individuals or firms of recognised standing to proceed without pre-payment, on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

5. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rule 2 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section IX of the Act.

6. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a sum of one rupee and annas eight. Provided that for tickets on which the total tollage is less than six rupees the fee to be charged for a duplicate shall be one quarter of the total tollage. The minimum fee will be eight annas per ticket.

7. A vessel which has been detained under these rules or under section IX of the Act may not be removed from the canals without the order of the collector of tolls until the toll due has been paid and a ticket obtained for presentation at the exit station. During such detention the manjee, owner or agent must make arrangements for the safety of the vessel and cargo.

8. All vessels, whether the property of Government or of private owners, are liable for toll except those specially exempted under any Government orders in force for the time being.

9. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the supervisor appointed by the Governor in Council under section XIII. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank. No vessel may be launched in the canal without the previous written permission of the supervisor.

10. At places where mooring posts have been provided by the supervisor, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the supervisor may direct and shall not be moored in any other manner.

11. The Superintending Engineer, Southern Circle, may fix the limit within which vessels are permitted to remain free of toll, and may also define the limits within which no loading or unloading shall be permitted.

12. No vessel whose extreme breadth including overhanging cargo exceeds 35 feet will be permitted to enter the locks at Chitpore or Dhapa : in the case of the Kulti and Bamunghatta Locks the maximum width allowable is 29 feet.

13. The supervisor may, by written notices to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the supervisor, and no vessel shall be made fast or be placed outside of vessels so secured. No vessel or raft shall be placed in such a position as to endanger the safety, or obstruct the passage, of other vessels. Every vessel shall at all times have some responsible person on board when the vessel is within the locked canals between toll stations or on Tolly's Nala.

15. Vessels passing through the canals shall keep in separate lines, in accordance with the rules in force as laid down by the Superintending Engineer, Southern Circle from time to time.

16. No person shall deposit goods of any description on the berms of the canals between the frontage roads or towpaths and the canals, except during the actual process of loading or unloading vessels, without the previous permission of the supervisor.

17. Iron built cargo boats, with outside angle irons projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle irons so as to prevent them from causing damage to the lock.

18. No fire or open or unprotected light of any description shall be used on vessels containing petroleum, jute, hay or straw while in the Calcutta Canals or Tolly's Nala ; and no fire or open or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals. No vessel which is obviously overloaded or unseaworthy will be permitted to proceed along any part of the canals until made safe to the satisfaction of the supervisor or his staff.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the supervisor and his subordinates shall offer every assistance in removing the same.

If three days after the occurrence of a wreck, it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the supervisor and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that when the wreck obstructs the fairway they shall take immediate steps to remove the same.

21. When a sunken vessel has been recovered, the supervisor shall cause notices to be posted at the locks, toll-offices, or other prominent places, calling on these concerned to pay to the collector of tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo ; should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section IX of the Act.

22. The purchaser of a vessel sold under the provisions of section IX of the Act shall have the right to take it out of the canals on the day of purchase, or within such time as may be allowed by the collector of tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered or when, any laden vessel has been seized under the provisions of the Act, or of these rules, the supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 23 shall be effected by a notice exhibited in his office, and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. Steamers are not allowed to tow flats or cargo boats in the Circular Canal, but may tow one flat or barge at a time astern in the New Cut Canal or Kristopore Canal within toll limits.

26. **Lights and signals.**—All vessels, whether travelling or moored in the Calcutta Canals or Tolly's Nala, must, between sunset and sunrise, carry a white light properly protected from the weather on the forepart of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the light prescribed above.

27. **Speed of vessels.**—Every vessel proceeding through the Calcutta Canals and Tolly's Nala must, between sunset and sunrise, limit her speed to three miles per hour.

28. For any contravention of rules 7, 11, 13, 14, 15, 16, 18, 19, 25, 26 and 27 the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 or Rs. 5 a day for any continuing infringement.

29. No boats will be allowed to remain in the entrance channels to the Dhapa and [illegible]pore Locks.

30. The canals may be closed once a year for effecting the necessary repairs to them on one month's notice of the intention so to close them being given ; but in the event of any sudden emergency the canals may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

NOTE 1.—Loaded vessels entering the Nala and again leaving by the station of entry will be charged the prescribed toll on entry according to canal measurement and when leaving will again pay tolls in accordance with canal measurement, if loaded. If empty they will be passed out free of any further charge. A boat returning with the same cargo will be assessed a second time on leaving the Nala.

NOTE 2.—Empty vessels entering "to load" and again leaving by the station of entry will pay toll on entry according to the usual line of immersion, and no further toll will be payable on leaving, provided the draft of the vessel does not exceed the usual line of immersion as previously determined. If there is an excess, toll will be payable on the additional maundage at the prescribed rate.

NOTE 3.—Through vessels entering at Kidderpore and leaving at Russa or *vice versa* will be passed out at the terminal station free, provided the maundage on leaving according to canal measurement does not exceed that on entry; if there is an excess, the additional maundage will be charged for at the prescribed rate.

NOTE 4.—The tollage rates for items 2, 3 and 4 are for the single trip only.

NOTE 5.—The tollage charged for items 5, 6, 7 and 8 includes the return journey; *saltees* over 100 maunds will pay the tolls prescribed under item 1.

NOTE 6.—Loaded vessels entering the canal at Chitpore and again leaving *via* Chitpore will be charged the prescribed toll on entry according to canal measurement, and when leaving will again pay toll in accordance with canal measurement, if loaded. If empty, they will be passed out free of any further charge. A vessel returning with the same cargo will be assessed a second time on leaving the canal.

NOTE 7.—Empty vessels entering at Chitpore "to load" and again leaving *via* Chitpore will pay toll on entry according to the usual line of immersion and no further toll will be payable on leaving, provided the draft of the vessel does not exceed the usual line of immersion as previously determined. If there is an excess, toll will be payable on the additional maundage at the prescribed rate.

NOTE 8.—Through vessels entering at Chitpore and leaving at Dhapa or Kristopore or *vice versa* will be passed out at the terminal station free, provided the maundage on leaving, according to canal measurement does not exceed that on entry: if there is an excess, the additional maundage will be charged for at the prescribed rate.

NOTE 9.—The tollage rates for items 3, 4 and 5 are for the single trip only.

NOTE 10.—Vessels entering at Dhapa and Kristopore will be passed out free at the station of entry, provided the maundage does not exceed that when entering; if there is an excess, the additional maundage will be charged for at the prescribed rate.

NOTE 11.—(1) Monthly tickets are, at the option of the payers, issued to boats carrying passengers, grass or perishable articles going to the Orphangunj Bazar or proceeding outside the Dhapa Lock. The cost of these tickets is at six times the ordinary toll as calculated by the above rates if the tickets are issued at the supervisor's office, and at ten times the ordinary toll as calculated by the above rates if the tickets are issued at the toll stations at Dhapa or Kidderpore.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristopore Canals. These tickets will not entitle the boats to pass through the Dhapa or Chitpore Lock, but they will be allowed to pass the Kristopore toll-station.

NOTE 12.—*Demurrage.*—Every vessel, raft or float, which has paid toll, shall be allowed three days for passing through the Circular, New Cut and Kristopore Canals and two days for Tolly's Nala between Russa and Kidderpore, and three days for the reach outside Dhapa Lock, the days of entering and leaving being both included. In addition to these periods, they may, without further payment, remain in the canals for the additional undermentioned periods, that is to say—

Vessels—Two days for the first hundred maunds and one day for every hundred maunds above the first hundred maunds.

Floats.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Rafts.—Two days for any number of bamboos not exceeding five hundred and one day for every additional five hundred.

Every vessel, raft or float remaining in any part of the aforesaid canals longer than the period allowed under the foregoing rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll payable under the schedules above, provided that the demurrage charged shall in no case exceed Rs. 7-8 per diem.

(Open *dinghies* accompanying large boats are entitled to the same demurrage allowance of time as the parent boats.)

NOTE 13.—Steamers or flats passing through the Lower Sundarbans channels must pay tolls at the rate of Rs. 20 each per single trip.

NOTE 14.—*Additional toll.*—All boats, steamers and flats, after passing out of the Dhapa Lock must proceed outside the toll limit at Bamunghatta within 48 hours; otherwise a fresh toll will be levied in accordance with the rules in force.

NOTE 15.—(1) During the period of closure of Tolly's Nala at Samukpotta, vessels laden with firewood will be permitted to proceed from the Bidyadhari or Bhangore khal to Tolly's Nala and back through the Circular, New Cut and Kiderpore Canals *viâ* Kidderpore on payment of three rupees per hundred maunds by canal measurement. Vessels plying under this concession will not be permitted to unload their cargo except in Tolly's Nala and must return empty. Infringement of this rule will render such vessels liable to the ordinary tollage in force.

(2) Vessels laden with cargo other than firewood will be allowed a similar concession for journeys mentioned in the foregoing rule on payment of Rs. 2-12 per hundred maunds. On the return voyage only they may load in the Hooghly or any of the canals including Tolly's Nala and will pay in accordance with the following schedule :—

(a) If vessels accomplish the return trip empty, no further toll will be levied.

(b) If vessels leave Tolly's Nala with a load not exceeding that on entry and proceed out at Dhapa or Kristopore without taking in extra cargo on the Hooghly or in the Calcutta Canals, no further toll will be levied.

(c) Vessels leaving Tolly's Nala with a load exceeding that on entry will be charged for the additional cargo at Rs. 4 per hundred maunds.

(d) Vessels picking up cargo in the Hooghly or in the Calcutta Canals will pay the ordinary schedule tolls on all cargo thus loaded.

NOTE 16.—Tolls will be levied at the toll offices at Russa and Kidderpore on Tolly's Nala and at Chitpore, Kristopore, Dhapa and Bantolla on the Circular Canals.

To all concerned.

Please take notice that the above-mentioned petition will be heard by the Commissioners on the 21st February 1924, at 11-30 o'clock, in the Court room of the District Judge, at Alipore, district 24-Parganas.

Given under my hand and the seal of the Court of the District Judge.

G. N. ROY, *President.*

TO HIS EXCELLENCY THE RIGHT HON'BLE VICTOR ALEXANDER GEORGE ROBERT BULWER-LYTTON, EARL OF LYTTON, P.C., G.C.I.E., GOVERNOR OF BENGAL.

In the matter of a petition under section 31, Part VII, Bengal Electoral Rules and Regulations, 1923,

and

In the matter of Khan Bahadur Abdus Salam ... *Petitioner*

versus

Maulvi Rufiuddin Ahmed of Jessore town ... *Respondent No. 1.*

and

The Returning Officer (District Magistrate), of Jessore *Respondent No. 2.*

The humble petition of Khan Bahadur Abdus Salam, of 27, Elliot Lane, in the town of Calcutta,

MOST RESPECTFULLY SHEWETH—

(1) That your petitioner and Maulvi Rafiuddin Ahmed, respondent No. 1 abovenamed, were two candidates for the North Jessore Muhammadan constituency during the last general election for electing members to the Bengal Legislative Council.

(2) That the ballot papers containing the votes of different electors of the abovenamed constituency were counted on the 30th November 1923 at Jessore by the Returning Officer of Jessore in the presence of the petitioner and the other candidate.

(3) That 76 ballot papers in which votes were recorded in favour of the petitioner were improperly rejected or excluded from the count by the Returning Officer, as some presiding or polling officers palpably through mistake had marked them with the official secret seal, said to be indicative of the Legislative Assembly, instead of with the official secret seal indicative of the Bengal Legislative Council. Such rejection or exclusion from count, according to petitioner's belief, is not warranted by a liberal interpretation of the meaning or spirit or Electoral Rule '7, clauses (*a*) to (*c*), nor justified by considerations of justice or equity.

(4) That the petitioner was not a candidate at all for election to the Legislative Assembly, but was a candidate for the Bengal Legislative Council only. The 76 ballot papers issued were for recording votes on the 19th or 22nd November last for election to the Bengal Legislative Council, and the names of the petitioner and respondent No. 1 were printed in the said ballot papers as candidates. Further, according to petitioner's information, the ballot papers issued for the Bengal Legislative Council are different in colour from those issued for the Legislative Assembly.

(5) That according to petitioner's information, no election of Muhammadan candidate for the Legislative Assembly from the North Jessore Muhammadan constituency took place on the dates (19th or 22nd November) in which the aforesaid 76 votes were recorded in petitioner's favour for the Bengal Legislative Council, and further, according to petitioner's information, no polling of votes at all took place on any date in respect of any Muhammadan candidate for the Legislative Assembly from the North Jessore Muhammadan constituency at the last general election, as the successful Muhammadan candidate for the Legislative Assembly from the Burdwan and Presidency Divisions was declared elected without contest at the scrutiny of nomination papers on a prior date.

(6) That according to petitioner's information, the voters who came to the polling stations on the said date (19th or 22nd November) and recorded votes in favour of the petitioner on the 76 ballot papers, were electors for the Bengal Legislative Council, and voted for election to the said Council, as can be ascertained by reference to the said ballot papers, their counterfoils, and electoral rolls kept and numbered by presiding or polling officers under the electoral rules.

(7) That in view of the above circumstances, it would appear obvious that the official secret seal said to be indicative of the Legislative Assembly instead of the secret seal indicative of the Bengal Legislative Council was put on the said 76 ballot papers palpably through mistake or carelessness of some presiding or polling officers.

(8) That under the circumstances the Returning Officer improperly rejected or excluded those 76 ballot papers from count, and counted the remaining votes, and declared the respondent No. 1 duly elected on the basis of the irregular counting as mentioned above.

(9) That in case the said 76 ballot papers were included in the count, the votes recorded in favour of the petitioner, according to petitioner's information, would be more than those recorded in favour of respondent No. 1, Maulvi Rafiuddin Ahmed, and the petitioner would be entitled under section 14 (clause 7) to a declaration that he was duly elected.

(10) That the deposit of Rs. 1,000 is herewith tendered in Government currency note.

(11) That as the case relates to inspection of ballot papers and counterfoils and election rolls kept by polling or presiding officers, which according to petitioner's information are now in the custody of the Secretary, Bengal Legislative Council, and will rest mainly on the report to be taken from the Returning Officer, it would be convenient and less expensive to the petitioner, if the enquiry is held at Alipore, especially as the respondent No. 1 would be in Calcutta shortly to attend the Bengal Legislative Council sessions.

Wherefore petitioner prays—

(1) That all the ballot boxes of the North Jessore Muhammadan constituency for the Bengal Legislative Council should be sent for from the Secretary for the Bengal Legislative Council with their contents, in charge of a responsible officer.

(2) That the report of the Returning Officer, Jessore, in respect of the above 76 ballot papers should be called for, together with any other correspondence that might have passed between him and the Government on the subject.

(3) That the 76 ballot papers improperly rejected or excluded from count by the Returning Officer should be inspected by the Commissioners together with their counterfoils and electoral rolls and be now regarded as good votes recorded in favour of the petitioner, and there should be a recount of votes recorded for both the candidates including the 76 ballot papers improperly rejected or excluded from count, in which event the petitioner would have 38 more votes than the respondent No. 1.

(4) That the election of Maulvi Rafiuddin Ahmed, respondent No. 1, should, under the circumstances, be declared by the Commissioners void and set aside under section 44, clause (c) and the petitioner should under section 34 be declared by the Commissioners to be duly elected to the Bengal Legislative Council.

And your petitioner, as in duty bound, shall ever pray.

(Sd.) ABDUS SALAM.

CALCUTTA, *the 14th January 1924.*

ENCLOSURE.—Copy of Return under Regulation XLIX received from Returning Officer, Jessore.

VERIFICATION.

The facts mentioned in paragraphs 1, 2 and 10 of the petition are true to my knowledge, and the facts mentioned in paragraphs 3, 4, 5, 6, 7, 8, 9 and 11 are true to my information and belief.

In the matter of the election of a member of the Bengal Legislative Council from the 24-Parganas Municipal (Muhammadan) constituency of the said Council

and

In the matter of Nawab Mirza Shujaat Ali Beg Khan Bahadur (of 8-1, Chowringhee Lane, Calcutta) ... *Petitioner*

(2) J. H. Lindsay, Esq., I.C.S., District Magistrate, 24-Parganas, Returning Officer of the above constituency ... ...
} *Respondents.*

The humble petition of Nawab Mirza Shujaat Ali Beg Khan Bahadur, formerly of 36, Theatre Road, at present of 8-1, Chowringhee Lane, Calcutta,

MOST RESPECTFULLY SHEWETH—

1. That your Excellency's petitioner was a candidate for election to the Bengal Legislative Council from the 24-Parganas Municipal (Muhammadan) constituency, of which the Magistrate of 24-Parganas, Respondent No. 2 abovenamed, was the Returning Officer and your petitioner claims to have had a right to be returned at the said election,

2. That your Excellency's petitioner was duly nominated as a candidate, and on scrutiny his nomination was found to be in order.

3. That your Excellency's petitioner thereafter contested at the polls on the appointed date, the Respondent No. 1 abovenamed, Moulvi Mahboobul Huq, being the only other candidate.

4. That after the close of the poll the Returning Officer appointed the 1st December 1923, 8 A.M., for the scrutiny and counting of votes at his office in the Magistrate's Chamber in the Alipore Criminal Court, and on receipt of notice to that effect your Excellency's petitioner duly attended the said scrutiny and counting.

5. That your petitioner's said rival, Respondent No. 1 abovenamed, along with a representative of his, also attended the said scrutiny and counting of votes.

6. That at the scrutiny, on an examination of the ballot papers taken out from the ballot boxes opened by the Returning Officer, a number of ballot papers of a non-Muhammadan constituency were discovered, and those were all rejected by the Returning Officer.

7. That thereafter after completing the counting of votes, as he then supposed, the Returning Officer declared the said Respondent No. 1, Maulvi Mahboobul Huq, to be elected as having obtained the largest number of votes.

8. That your Excellency's petitioner then left the place, but after a short interval received a message from the Returning Officer that through mistake one ballot box had been left unopened at the counting and its contents not counted, and your petitioner's presence was therefore again required at once by the Returning Officer at his Chamber to enable him to complete the counting with the ballot papers of the said unopened box.

9. That your petitioner accordingly went back at once to the office of the Returning Officer, and the contents of the said unopened ballot box which was of the Baduria Municipality were counted in his presence as well as in the presence of the said representative of Respondent No. 1.

10. That the result of the said counting showed a majority of votes in favour of your Excellency's petitioner and not of his opponent, as had appeared on the previous count.

11. That the Returning Officer did not, however, thereupon declare your petitioner as duly elected, as your petitioner submits he was bound to do and should have done, the previous declaration in favour of the other candidate which was made on an admittedly incomplete counting not being a valid declaration at all.

12. That your petitioner understands that the Returning Officer reported the whole matter to Government for instructions, without making any formal report as to the result of the election under rule 14 (9) of the Bengal Electoral Rules.

13. That your petitioner submits that your petitioner obtained the largest number of votes and was the person duly elected and should have been declared and returned as such.

14. That your petitioner finds that the name of the Respondent No. 1 has been published in the *Calcutta Gazette* of the 26th December 1923, as that of the elected candidate, although your petitioner had obtained the largest number of votes and was hence duly elected by majority of votes.

15. That your petitioner submits that the result of the election has been materially affected by the said action of the Returning Officer and your petitioner has been seriously prejudiced.

16. That your petitioner therefore begs to file this election petition under Part VII of the Bengal Electoral Rules and begs to deposit herewith the sum of Rs. 1,000 as security for costs as required by Rule 35.

Your Excellency's petitioner prays in these circumstances that it be determined that the said Respondent No. 1 Moulvi Mahboobul Huq was not duly elected and his election and return be set aside and it be declared that your petitioner was duly elected and ought to have been returned and he be so returned, and your petitioner further prays for the costs of this application.

And your petitioner as in duty bound shall ever pray.

NAWAB MIRZA SHUJAAT ALI BEG KHAN BAHADUR,
Petitioner.

Dated the 3rd January 1924.

VERIFICATION.

I, NAWAB MIRZA SHUJAAT ALI BEG KHAN BAHADUR, the petitioner abovenamed, do hereby declare and verify that the statements contained in the foregoing paragraphs of this petition are true to my knowledge. Signed this verification at No. 8-1, Chowringhee Lane, Calcutta, on 3rd day of January 1924.

NOTIFICATION.

ESTABLISHMENTS.

Delhi, the 21st January 1924.

No. F.-4—24.—The following regulations made by the Secretary of State for India in Council for the probation of candidates selected for the Indian Civil Service competitive examination, are published for general information. They supersede the regulations published with the Home Department notification No. F.-494 (Ests.), dated the 16th May 1922.

EXAMINATIONS FOR THE INDIAN CIVIL SERVICE.

Regulations made under section 97 (1) and (2) of the Government of India Act for the probation in the United Kingdom and the further examination of Selected candidates for the Indian Civil Service recruited by Competitive Examinations held in the United Kingdom or in India.

****The following regulations made by the Secretary of State for India in Council are liable to alteration from year to year.*

(1) Candidates selected at the Open Competition held in London will be required to remain in the United Kingdom on probation for one or two years as may be decided by the Secretary of State for India in Council.

(2) Candidates selected at the Competitive Examination held in India will be required to proceed to the United Kingdom on probation for a period of two years.

ONE-YEAR PROBATIONERS.

(3) One-year probationers will, at the end of the year of probation, undergo an examination called the Final Examination. The compulsory subjects and the marks allotted to them are as follows† :—

	Marks.		Marks.
1. Indian Penal Code ...	200	5. The principal vernacular language of the province to which the candidate is assigned ...	600
2. Code of Criminal Procedure	200	6. Riding ...	200
3. The Indian Evidence Act ...	200		
4. Indian History ...	400		

An Indian assigned to Madras whose mother-tongue is one of the two principal vernacular languages of the province must offer the other for examination. An Indian assigned elsewhere whose mother-tongue is the principal vernacular language of the province to which he is assigned must substitute British History in place of the vernacular language ; in such cases 600 marks will be allotted to British History.

(4) One-year probationers may, in addition, offer in the Final Examination one of the following optional subjects :—

	Marks.
Hindu and Muhammadan Law	400
A Classical Language allowed under Regulation 9	400

No candidate who offered Sanskrit or Arabic at the Open Competition may offer the same language at the Final Examination.

TWO-YEAR PROBATIONERS.

(5) Two-year probationers will, during their period of probation, undergo two examinations, the Intermediate Examination at the end of the first year and the Final Examination at the end of the second year.

(6) The subjects of the Intermediate Examination and the marks allotted to them are as follows, all the subjects being compulsory†.:—

	Marks.		Marks.
1. The principal vernacular language of the province to which the candidate is assigned ...	400	4. Law of Evidence and Criminal Law ...	200
2. Phonetics ...	200	5. Indian History ...	200
3. Jurisprudence ...	200	6. Notes of Cases ...	200
		7. Economics ...	200

† Instructions, showing the extent of the Examination, will be issued to selected Candidates as soon as possible after the result of the competition is declared.

An Indian assigned to Madras whose mother-tongue is one of the two principal vernacular languages of the province must offer the other for examination. An Indian assigned elsewhere whose mother-tongue is the principal vernacular of the province to which he is assigned must substitute British History in place of the vernacular language and Phonetics (subjects 1 and 2); in such cases 600 marks will be allotted to British History.

(7) The compulsory subjects of the Final Examination and the marks allotted to them are :—

	Marks.		Marks.
1. The vernacular ...	600	5. Notes of Cases ...	400
2. Indian Penal Code ...	200	6. Indian History ...	400
3. Code of Criminal Procedure	200	7. Economics ...	400
4. Indian Evidence Act ...	200	8. Riding ...	200

An Indian assigned to Madras whose mother-tongue is one of the two principal vernaculars of the province must offer the other for examination. An Indian assigned elsewhere whose mother-tongue is the principal vernacular language of his province must substitute European History in place of the vernacular language; in such cases 600 marks will be allotted to European History.

(8) In addition a probationer may offer as an optional subject at the Final Examination either a classical language allowed under rule 9 or Hindu and Mohamedan Law. To the optional subject 400 marks are allotted.

ONE YEAR AND TWO-YEAR PROBATIONERS.

(9) The principal vernaculars prescribed and the optional classical languages allowed for the various provinces are as follows :—

Burma ...	Burmese ...	Pali.
Bihar and Orissa ...	Hindi ...	Arabic or Persian or Sanskrit.
Central Provinces ...	Hindi ...	Sanskrit.
Assam ...	Bengali .	Sanskrit.

(10) Candidates who at the Final Examination in riding satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of any duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed.

Candidates who fall short of this adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their local Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government.

A candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

Selected candidates will also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

(11) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

(12) The Civil Service Commissioners will prepare lists of the candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations.

(13) The selected candidates whose performance in the compulsory subjects of the prescribed Examinations, namely, the Final Examination for one-year men and the Intermediate and Final Examinations for two-year men, is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character, and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided that they shall comply with the regulations in force, at the time, for that service.

(14) If any Candidate is prevented by sickness or any other adequate cause from attending the Final Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or may be excused the Intermediate Examination and allowed to appear for the Final Examination in regular course.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements:—

(i) *Selected candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(ii) *Except in the case of persons continuing to receive Scholarship allowances of equal or greater amounts from the Government of India an allowance of £300 a year, or, in the case of Selected Candidates possessing an Indian domicile, an allowance of £350 a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.*

In the case of Selected Candidates on probation for one year the allowance will be payable in four equal instalments on the following dates respectively:—December 24th after his selection, March 25th, June 25th and after signature of Covenant on appointment to the Service.

In the case of Selected Candidates on probation for two years the allowance will be payable in eight equal instalments, the first on the December 24th after selection, the second to the seventh on the six following quarter days and the eighth after signature of Covenant on appointment to the Service.

The payment of the various instalments of the allowance except the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the Secretary of State through the Civil Service Commissioners of a certificate that the candidate has fulfilled up to date the requirements of the authorities and shown satisfactory conduct at the approved institution.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N.B.—*The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1924, with a view to a possible reduction with effect from the instalment payable in December 1925.*

(iii) *A 1st Class passage to India will be engaged for Selected Candidates with a view to their proceeding to India during the November following their Final Examination.*

(iv) *Each candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all monies he may have received from the Secretary of State for India in the event of:—*

(1) *his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or*

(2) *his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.*

(v) *All candidates obtaining certificates will be also required to enter into covenants by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.*

(vi) *The seniority in the I.C.S. will be determined by the results of the examinations taken and the reports on law cases submitted during the course of probation.*

(vii) *Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the candidate.*

(viii) "*Overseas pay*" *will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examinations held in London in 1925 and subsequent years.*

Delhi, the 24th January 1924.

RESOLUTION.

In the letter of the 25th June 1923, which is annexed to this Resolution, the Government of India consulted local Governments and High Courts upon certain aspects of the administration of civil justice in India and the steps which should be taken to remedy them. The Government of India suggested that a Committee should be appointed to consider the whole question, and the replies received, which are also annexed to this Resolution, indicate a general consensus of opinion in favour of this suggestion.

2. The aspects in question are the delays in the disposal of civil suits, appeals and execution proceedings, and the difficulties experienced by litigants in obtaining adequate satisfaction for the decrees awarded by the Courts in their favour. The Government of India suggested that the course of litigation was still subject to such delays as tend to

cause some lack of confidence in the administration of justice in India, and must inevitably create an obstacle to the commercial and industrial development of India. They consider that this provisional opinion is fully endorsed in the correspondence now published. Certain provisions of the substantive and adjective law of the land which contribute to the existing unsatisfactory position are discussed by the authorities who have given their opinions in the annexed correspondence. The Government of India recognise that the position may be due in part to circumstances prevailing in India which cannot be wholly remedied by modifications of the law. They believe, however, that there can be no doubt of the serious nature of the problem, and that it is incumbent on the executive Government to endeavour to find a remedy for the existing state of affairs.

3. The Governor-General in Council has accordingly decided to appoint a committee :—

To enquire into the operation and effects of the substantive and adjective law, whether enacted or otherwise, followed by the Courts in India in the disposal of civil suits, appeals, applications for revision and other civil litigation (including the execution of decrees and orders), with a view to ascertaining and reporting whether any and what changes and improvements should be made so as to provide for the more speedy, economical and satisfactory despatch of the business transacted in the Courts and for the more speedy, economical and satisfactory execution of the processes issued by the Courts.

The Committee will not enquire into the strength of the judicial establishments maintained in each province.

4. The Hon'ble Mr. Justice George Claus Rankin, Barrister-at-Law, Puisne Judge of the High Court of Judicature at Fort William in Bengal, has consented to serve as Chairman of the Committee.

The following have agreed to serve as members :—

The Hon'ble Mr. Justice Louis Stuart, C.I.E., I.C.S., Puisne Judge of the High Court of Judicature at Allahabad.

Dr. Francis Xavier DeSouza, I.C.S., Barrister-at-Law, District and Sessions Judge in the Bombay Presidency.

Diwan Bahadur Sir Tirumalai Desika Achariyar Avargal, Kt., Vakil, Trichinopoly.

Mr. C. V. Krishnaswami Ayyar, Subordinate Judge in the Madras Presidency, will be the Secretary of the Committee.

5. The Committee will assemble at Calcutta on the 4th February 1924, and will visit such other places in India as may be arranged by the Chairman. In each province visited the Chairman will have power to co-opt as members of the Committee such practising lawyers as may be prepared to serve on the Committee whilst it is conducting its enquiries in that province, and such other officers as the local Government may depute for the purpose. The Chairman will also have power to co-opt as members of the Committee such practising lawyers or officers, as he may consider desirable, when the Committee is considering its report.

6. The Committee will conduct its enquiries in public but any part of its proceedings may be conducted *in camera* if the Chairman considers such a course desirable in the public interest. Persons who desire to be called as witnesses should apply in writing to the Secretary to the Civil Justice Committee, Camp, giving their full names and addresses together with a brief memorandum of the points in regard to which they desire to give evidence.

7. The Committee will report to the Government of India.

ORDER.—Ordered that a copy of the above Resolution and of its annexures should be published in the Supplement to the *Gazette of India* and communicated to all local Governments and Administrations and the High Court of Calcutta for information. Also that a copy be forwarded to the Secretary of the Committee for information.

H. TONKINSON,
Joint Secretary to the Government of India.

No. F.-159-1922-Judl., dated Simla, the 25th-28th June 1923.

From—C. W. GWYNNE, ESQ., O. B. E., Officiating Joint Secretary to the Government of India, Home Department,

To—All Local Governments.

SUBJECT :—*Delay in the disposal of suits and appeals.*

I am directed to address you in regard to certain aspects of the administration of Civil Justice which have lately engaged the renewed attention of the Government of

India, namely, the delay in the disposal of suits and appeals and the unsatisfactory results obtained in the process of the execution of decrees. The representations which the Government of India have received on this subject do not suggest that efforts have been lacking to expedite the course of civil justice, nor that, if a comparison were made with the figures of the duration of suits in previous periods, it would necessarily indicate a deterioration of the position. They nevertheless suggest that the course of litigation is still, in spite of all efforts made to expedite it, subject to such delays as tend to cause some lack of confidence in our administration of justice, and must inevitably create an obstacle to the commercial and industrial development of India. This latter consideration indeed is one which adds great importance to the matter.

2. The main figures regarding the duration both of regular suits and appeals in the High Courts and subordinate courts throughout India are given in the attached statement. They are not in all cases complete and do not offer an accurate basis of comparison between the courts of different provinces. Nor indeed has the statement been compiled with the object of instituting any such comparison; for it need hardly be said that the circumstances of provinces differ so widely both as regards the strength of their judicial establishments, the nature of the litigation, and the character of the legal practitioners on whose capacity the despatch of civil litigation must largely depend, that any attempt to institute comparisons would be as infructuous as it is undesirable. But it is not open to questions that the figures demonstrate that in many cases there is very serious delay in the disposal of suits; nor can it be said that such delay is confined to the operation of the courts in their appellate jurisdiction. As regards the execution of decrees it has been found impossible to prepare any statement in a compendious form which will show the results attained. It is clear, however, that there are substantial facts to support the common criticism that litigants are unable to gain adequate satisfaction for the decrees passed in their favour. Thus taking the figures reported by provinces in 1921 (and these again are selected purely for purpose of illustration and not for comparison) it will be found that the Bengal mufassil courts returned execution proceedings as infructuous in no less than 245,344 cases, the percentages of totally infructuous cases in some districts being as high as 71 and 63 per cent. In the same year the mufassil courts of Madras (except village courts) obtained satisfaction in full in only 16·56 per cent. of the application for execution, and satisfaction in part in 7·19 per cent. while the number of wholly infructuous applications was 239,421. The courts subordinate to the Allahabad High Court dealt with 141,639 applications for execution of decrees, and of these 57,711 were totally infructuous; those subordinate to the Lahore High Court dealt with 174,566 applications of which 83,902 were returned as totally infructuous; out of 139,742 applications before the courts in the districts of the Central Provinces and Berar 66,286 were returned as infructuous.

3. It will of course be understood that while referring to representations made on this subject, and in detailing figures which would seem to go far to justify them, the Government of India do not intend thereby to cast any slur, or even suggest any criticism on the judicial officers engaged in the administration of civil justice or on the High Courts under whose control they discharge their duties. Indeed, such provisional conclusions as the Government of India have been able to form on the subject, seem to point to the fact that if the present state of administration, both in regard to the disposal of suits and the execution of decrees, offers field for criticism, the reason is to be found in factors of general application which for the most part are beyond the control of the civil judiciary. It would perhaps serve little purpose to refer in detail here to previous correspondence (which dates from as far back as 1873) between the Government of India and the local Governments on the various aspects of this question. In the course of this correspondence, attention has at different times been directed to general or particular modifications in the Civil Law or the procedure of the Courts calculated to expedite the course of litigation whether in the Indian courts themselves or in the course of appeals to the Privy Council. Substantial improvements have from time to time been effected in both respects, and at the same time local Governments themselves have faced the necessity for making considerable increases in their judicial establishment both in the High and subordinate courts. The Government of India feel therefore that if any improvement is to be now effected, it can only be as the result of a review of the whole question in its widest aspects. They are aware that the peculiar circumstances of India make it exceptionally difficult to secure expedition in many types of civil litigation. In some provinces the disposal of suits relating to land involve a lengthy consideration of the bearing of customary laws which have not up to the present been codified or even crystallised in a definite or unified form. In other provinces the state of the local law, as for instance that relating to impartible estates, is itself responsible for the great delay which characterizes this class of cases. Throughout India the fact that the courts have to depend on the services of an inferior and sometimes unreliable ministerial agency leads to great delays in the service of notice and the execution of decrees. A social system which involves in some cases the necessity of considering the claims of members of joint families and in others those of numerous collaterals and reversioners tends in itself to complicate litigation by introducing as parties to suits a far larger number of litigants than would be usual in other countries. In many of the mufassil courts the capacity and experience of practitioners is not such as to ensure either that precision in the drawing of pleadings or economy in the examination of parties and witnesses which is essential to the despach of business. While, however, these factors must inevitably present

obstacles to the expedition of civil litigation in India, the Government of India believe that a thorough investigation of other factors arising primarily in the procedure dictated by the law or followed by the Courts, would yield important results. It has been for instance suggested that the law of limitation is susceptible of further improvement particularly in respect of the opportunities which it furnishes for prolonging execution proceedings, that the allowing of appeals and revisional applications against interlocutory orders is generally productive only of loss of time, that a definite enactment is required against champerty, that rules are required for the registration of addresses in order to avoid delay in the serving of notices, that the procedure for substitution of heirs of deceased parties requires reconsideration, and that the practice in regard to the issue of orders staying execution, of allowing applications for transfer and of making and subsequently setting aside *ex parte* orders and decrees should be modified with a view to curtailing the facilities available for deliberately delaying the course of justice. Among minor matters again it is suggested that much delay could be avoided by a careful revision of the system of translating and printing the records in appeal cases. At present much unnecessary work is done under both heads.

4. The Government of India recognise that the administration of civil justice is now a Provincial subject, but the question under reference is one of wide and general importance on which uniform action is desirable. The immediate proposal which they have in view is the appointment of a committee to consider the whole question ; and they would desire if possible to associate with this enquiry a Judge from England having experience of the steps taken in England in recent years to expedite the course of civil litigation. It is in regard to the advisability of appointing such a committee, and the scope of its enquiry if appointed that I am directed to request an expression of opinion of the Madras etc. Government. The Government of India wish to make it clear that this enquiry would not deal with considerations connected with the strength of the judicial establishment, for they have no desire that measures should be suggested which would involve an increase of expenditure on local Governments. They look primarily to such modifications of the law and procedure as would in themselves lessen the burden now placed on that establishment, while allowing of the greater expedition of civil litigation ; and would, without placing fresh charges on the local Governments, afford some remedy for a state of affairs which seems to appear to call for remedy at the hands of Government.

Mr. Gwynne's letter No. F.-159-1922-Judl., dated the 25th June 1923—Delay in the disposal of suits and appeals.

In continuation of this Government's telegram dated the 13th September 1923 on the above subject I am directed to forward copies of the opinions of the Honourable the Judges of the High Court of Judicature, Madras. His Excellency the Governor in Council has already expressed himself in favour of the appointment of a Committee. He welcomes the association with it of a really eminent Judge from England who may be an expert well versed in methods adopted in England in recent years to expedite the course of civil litigation.

2. As regards the scope of its enquiry, His Excellency the Governor in Council generally agrees with the lines indicated in paragraph 3 of the letter under reply Though he is unable to agree with every one of the step referred to in the above paragraph as some of the evils indicated there are more rampant in Bengal and the United Provinces than in the Madras Presidency, he accepts as expedient most of the possible improvements contemplated there. One of the most obvious methods of speeding up the administration of justice is by a further increase, though it may be temporary, in the judicial establishment and a speedy recognition of the need for a thorough legal grounding in the case of persons administering justice. But these matters are obviously beyond the scope of enquiry of the proposed Committee. I am directed to suggest that an examination may be made of the laws of procedure and limitation for the purpose firstly, of insistence on the succinct raising of clear-cut issues, secondly of the encouragement of expedients like the administration of interrogatories, the obtaining of admissions of fact and a freer use of the rights of discovery which will tend ultimately to economy in the matter of the examination of witnesses, thirdly of the scrutiny of the whole system of execution of decrees and the rights of appeal and revision in respect of matters arising in execution under provisions similar to section 47 of the Code of Civil Procedure and generally speaking of a review of the position regarding second appeals and petitions by way of revision and the stay of proceedings or execution pending such second appeals or petitions. In particular the Government considers that the scope of the rights of second appeal and revision should be carefully examined with a view to curtailment in comparatively insignificant or interlocutory matters.

3. I am directed to add that inasmuch as the Committee is constituted for all India this Government trusts that no part of the expenses thereof shall be charged to the Government of Madras.

MINUTES.

THE HONOURABLE MR. JUSTICE SPENCER :—The only thing that strikes me is the Government of India's observations about infructuous applications for execution I think I pointed out that many applications for execution are put in merely for the purpose of keeping decrees alive. From the fact that so many applications are infructuous it does not follow that many decree-holders never get any satisfaction for the decrees passed in their favour.

THE HONOURABLE MR. JUSTICE COUTTS TROTTER :—If anything can be done by all means, but I am not hopeful. Two large causes of delay are the dilatory habits of the litigants themselves, and the inability of the subordinate judiciary to harden their hearts and refuse adjournments. They have been adjured and circularised about it time and again, but the bar is too strong for them. I don't see how a commission can deal with these things. The others are the shortage of Courts and the great latitude of appeal and revision. The local Governments all say that they have no money for the former object; and to cut down appeals, though, I think myself it would be salutory, would evoke an outcry.

THE HONOURABLE MR. JUSTICE PHILLIPS :—I doubt whether a commission will be able to effect any improvement. Many causes of the delay are known to us, but the trouble remains, for those causes connot be removed in a day. If we had complete co-operation between the Court, the Bar and the litigants work would progress speedily, but so long as human nature (more especially human nature in this country) remains the same, progress will be very slow. The Oriental is, by nature, dilatory, and this reacts on judicial work as on everything else.

A great deal might be done by a drastic alteration or curtailment of rights of appeal and revision, and possibly recommendations to that effect from a strong and independent Commission would be accepted more willingly than if the recommendations were made by the judiciary of a hated bureaucracy.

I don't think shortage of Courts is one of the main reasons for delay, for I have always found that the starting of a new Court in a new locality at once increased the number of institutions in that locality.

THE HONOURABLE MR. JUSTICE KOMARASWAMI SASTRI :—So far as Madras is concerned I think the rules on the Original Side and Small Cause Court make ample provision for quick disposals. The Original Side rules specially provide for commercial suits. I do not think there is any complaint from any of the Chambers of Commerce or the Merchants.

The trouble arises in execution and delays are due mostly to the law governing Hindus and Muhammadans. So long as the law of the Hindu joint family, the law as to benami transactions exist, it is difficult to see how execution of decrees cannot be delayed when the decree-holder wants to proceed against family properties. The very large area unconnected by railways within it, renders service difficult, and the ease with which a person can go from one Presidency to another adds to the difficulties.

I doubt if a Commission will be of any use. Conditions are different in each Presidency. I also doubt if a Judge from England will be of much use, as it is impossible for him to acquire any knowledge of local conditions.

I don't think any very great change in the law which would prevent delays can be effected under existing conditions. We may, in the desire to help the decree-holder, go to the other extreme and affect prejudicially the interests of the other members of his family who have independent rights.

THE HONOURABLE MR. JUSTICE KRISHNAN :—I agree that some effort must be made to reduce the inordinate delay that now takes place in the disposal of cases. A strong Committee of experienced Judges and others in this country presided over by an English Judge will, I think, be able to do something towards it. I am more hopeful than Coutts Trotter J. in the matter. I am in favour of such a Committee being appointed.

THE HONOURABLE MR. JUSTICE RAMESAM :—To a certain extent, I agree with the remarks of Trotter and Phillips JJ. So long as Indian human nature remains what it is, all attempts will be futile. Time only can work the necessary change. The alternative is between delay on the one hand and hard-heartedness (with injustice) on the other. I will tolerate the former and go on.

THE HONOURABLE MR. JUSTICE ODGERS :—I agree with the observations of Coutts Trotter J. I cannot see what good a Commission with an English Judge at the head of it is going to do. The Judge will be quite new to conditions here, and that device whereby a suit can practically be reopened and retried—Execution—with all its manifold delays will be totally unfamiliar to him. There is much in Ramesam J.'s remarks though Subordinate Courts could do a great deal by allowing fewer adjournments.

THE HONOURABLE MR. JUSTICE DEVADOSS :—A strong committee comprised of Members familiar with the conditions in India presided over by an experienced Judge from England is sure to make valuable suggestions for simplifying the procedure in civil cases. A good deal of time is wasted owing to the cumbrous procedure now governing civil actions. One main cause of delay is the habit of procrastination so common in India. The value of time is not appreciated by the common people. Another cause of delay is due to anxiety to show disposals. All easy suits are disposed of, and tough and intricate cases are adjourned from time to time, and the litigants get the idea that their cases won't be heard, and they are reluctant to spend money on processes. If clients are fairly certain that their cases would be heard on the days to which they are posted, they would do their best to be ready. The adjournment sheets of every court show how many time cases were adjourned because the Court had no time. I do not agree with Courts Trotter J. that adjournments should be refused in all cases. Such a procedure would make Judges mere machines and it is best to have tardy justice than speedy injustice. The procedure in execution should be simplified. As observed by the late Sir V. Bashyam Aiyangar a plaintiff's troubles arise only after he obtains a decree in his favour. Courts do not pay sufficient attention to execution proceedings. They are anxious to dispose of cases and they dismiss execution applications for very insufficient reasons. A great deal of saving of time can be effected by simplifying the procedure in execution. Instead of lamenting over the delay and folding one's hands and saying 'it is kismet' it is worth while trying to see whether matters could not be improved. I am in favour of a Commission of experienced persons familiar with the conditions in this country going into this matter fully.

THE HONOURABLE MR. JUSTICE VENKATASUBBA RAO :—The delay in the disposal of suits and appeals is quite often inordinate and does little credit to the administration of justice. The Government of India, however, are very clear on the point that measures should not be suggested which would involve increase of expenditure ; in other words, the Government of India exclude altogether considerations connected with the increase of Courts or judges. In the circumstances I am not very hopeful that useful suggestions will be forthcoming which will lead to the desired result. I am, however, not against the appointment of a Committee. The question of association with the enquiry of a Judge from England is given some prominence, and this, in my opinion, detracts from the value of the proposed Committee. By all means let there be one or more of such Judges on the Committee ; their help and advice may be valuable. But the deliberations must be guided by a Judge of Indian experience, preferably by an Indian Judge who is conversant with the habits of the people, their modes of thought and so forth. In the letter of the Government of India some modifications of law and procedure are indicated ; some, if not, many of the modifications suggested may not commend themselves to all alike. But it would be premature to discuss them now as the Committee

that is proposed will have to consider these and other suggestions and the opinions from the several parts of the country will be invited by it. I, therefore, offer no remarks on any particular modifications indicated in the Government of India's letter.

THE HONOURABLE MR. JUSTICE WALLACE :—I dare say that a practical Commission which can devote its whole time to investigating causes of delay and remedies will be useful. We are not called upon at present to consider or suggest remedies. Whatever conclusion the Commission comes to at least the administration will be able to say that the matter has not been neglected. I would support its appointment.

THE HONOURABLE MR. JUSTICE WALLER :—I agree that one cannot eliminate human nature. But improvements in law and procedure are necessary and feasible and they are not likely to be introduced, unless they are supported by the authority of a strong and representative Commission. I think that such a Commission should be appointed.

THE HONOURABLE THE CHIEF JUSTICE :—I am strongly in favour of the proposed commission. Delay occurs at different stages owing to different causes. First in the interlocutory stages of a suit and secondly after a case is ready for trial that is waiting for a hearing. This is a most serious matter in the mufassal but not serious in the Original Side in Madras. The reason is mainly to be found in that in Madras Judges sit continuously trying cases and if necessary help is available by putting on another Judge to assist, while in the mufassal there seems to be constant interruptions for sessions work and for appellate work. What is required is continuous sittings and a regular list of cases which will definitely be taken in their order when reached. Thirdly delay in appeal from one inferior court to another caused partly for the same reasons but mainly because the Judges have more to do than they can cope with. I believe some system of relief judges without additional courts or staff would prove an effective and in expressive remedy. Fourthly delays on the appellate side of the High Court partly in printing and translation but mainly because there are not sufficient judges. It may be possible materially to reduce the appellate work by abolishing civil revisions and some criminal revision which are anachronism and by permitting small cases to be heard by one Judge. Lastly in execution—Here the delay is very serious and I doubt if a remedy can be found and the main cause is that practically all executions have to take the form of bringing landed property to sale as it is seldom that available personal property can be found. The inhabitants of India do not possess available assets such as furniture, shares and books debts, and then the land is so much covered by mortgage, is so often joint property, and so often held benami by some one other than the true owners, that delay is certain and seems almost inevitable.

All these are subjects for examination by a strong commission but I venture to doubt whether any English Judge would be a suitable member of the commission. I know of none who would not have to spend some time learning the ways of this country nor can I bring to mind one who meets the other requirements suggested. Perhaps a Master of the Supreme Court could be of assistance either as a witness or as a member of the commission.

SUBJECT :—*Delay in disposal of suits and appeals.*

With reference to your letter No. F.-159-1922-Judl., dated the 25th June 1923, on the subject noted above, I am directed to forward herewith copies of minutes recorded by the Honourable the Chief Justice and Judges of the High Court, Bombay, and also of the Court of the Judicial Commissoner of Sind, and to state that the Governor in Council agrees that the enquiry proposed by the Government of India is desirable and indeed necessary. I am to draw attention to the form of reference to the proposed Committee suggested by Fawcett J. and to say that it seems *prima facie* suitable.

Minute recorded by B. C. Kennedy, Esquire, I.C.S., Judicial Commissioner of Sind.

With reference to the questions referred by Government of India, my opinion is as follows :—

I have considerable doubts whether it will be possible to accelerate the course of justice in civil matters in India. The admitted unreasonable delay and expense is due to a variety of causes most of which are not capable of being removed.

One of the principal causes is the character of the people and especially their preference for postponing decisions rather than accelerating them. It is very difficult for the Courts to surmount this tendency. It would be possible for the Courts to do so only if they act in a manner which will be considered by the people to be harsh and to amount to denial of justice. In any case, the spasmodic attempts on the part of the Judges in the

mofussil to compel the litigants to conduct their cases promptly are checked either in revision or appeal by superior Courts and it is not likely that this tendency will diminish in the near future.

Another reason for the delay is our method of procedure and the system of administering justice in India. At present the contest is one between parties only and the tribunal is merely an arbiter in the struggle. As long as this is so and as long as the litigants are inclined to delays, it is not likely that acceleration in the disposal of the work will be obtained. And I presume it is not intended to revolutionize the system of administering justice.

After, however, making allowance for these circumstances, there is certainly a residuum of unnecessary delays due to defects in procedure. It might well be the case if the Commission is appointed, it might find some method to do away with these. In my opinion, it will be of little use to import a jurist whose experience is limited to England, because as I have said, it is extremely necessary that the local circumstances and the character of the people should be taken into consideration if the administration of justice is not to work harshly. Under our system as at present constituted the wealthy and influential man has already considerable advantages over the poor and friendless and any reform of the procedure must not further handicap those who are accustomed to look to Government for protection. It will be well therefore if the presiding member of this Commission was a person who is well versed in Indian *conditions* and in English *procedure* and such a person will probably be more easily found amongst the rank of English Barristers who have practised in the mofussil and in High Courts in India or from Barrister Judges of the High Courts, in either case such Barristers having practised at Home.

It is I take it not proposed to do anything more at this stage than to suggest a few considerations as to points in law the amendment of which might lead to acceleration of disposal. I therefore confine myself merely to such points.

One of the important questions is as regards legal representatives. If it is possible by some way to devise legislation by which onus could be thrown on the legal representative of the deceased party himself to come forward to request the Court to put him on the record, and if it be laid down that if the legal representative were aware of the proceedings and did not so come forward, he would nevertheless be bound by any decree or order in the suit, a very great cause of delays will be eliminated.

The same applies in the case of minors, as also the members of the joint Hindu family and undivided co-shares in a Muhammadan estate. It need hardly be said that a very careful drafting of any legislation on these lines would be necessary to prevent injustice. But there is no doubt, in my mind, that much can be done to accelerate matters by such legislation.

As regards the question of Champerty, I am not convinced that it will be advisable to prevent this altogether because at present it is only by champertous bargains that poor men have any opportunity for getting their rights. It might well however be considered to what extent champertous bargains should be checked.

It might also be considered whether it will not be possible to extend the principle of Order 37, Civil Procedure Code, to cases other than those under the Negotiable Instruments Act.

Although I am reluctant to cut down the right of appeal (for certainly it does exercise a desirable check over the subordinate judiciary) yet it must be remembered that only about 7 per cent. of the appeals filed are successful. It cannot therefore be denied that there is great excess in appealing and it might be worth considering whether this tendency to appeal should not be checked either by requiring a certificate of a Judge before the appeal is allowed to be filed, or by inflicting a penalty in the case of frivolous appeals in the form of penal costs on the unsuccessful party, and by requiring a deposit in full of the decretal amount or equivalent thereof before the appeal was allowed.

It is for consideration whether there might not be compulsory registration of names of partners.

The question of execution is extremely difficult and I am not at present prepared to make any recommendation likely to lead to diminution of time now taken in reaping fruits of decree.

I agree generally with the views of the Judicial Commissioner and have nothing to add.

E. RAYMOND.

2nd August 1923.

Minute recorded by G. D. Madgavkar, Esq., I.C.S., Additional Judicial Commissioner of Sind.

Government might *before* appointing a committee invite suggestions from selected bodies and individuals such as Chambers of Commerce, Merchants' Associations, Bar

Associations, Traders' Associations, Zamindars' Associations, Raiyats' Associations, if any, so as to define where the delays are at present most felt; and the aggrieved bodies might, as far as possible, suggest remedies. In many matters such as those outlined by the Government of India, *e.g.*, limitation, the right of appeal, etc, the question is one of pure expediency and the legislature has to face a choice of evils, and the interests concerned might first define their position in the matter.

Apart from this, I agree generally with the minute of the Judicial Commissioner.

G. D. MADGAVKAR.

2nd August 1923.

Minute recorded by A. H. S. Aston, Esq., Bar. at-Law, Additional Judicial Commissioner of Sind.

With reference to the letter No. F.-159—1922-Judl. of the Government of India, dated the 25th June 1923, I am of opinion that the appointment of a Committee to consider the question of the delay in the disposal of suits and appeals is desirable.

2. With regard to the scope of its enquiry I would not restrict its enquiry to civil suits and appeals for much delay frequently occurs in the disposal of criminal cases also in this country and the proposed Committee would be able, I think, without additional labour, to make practical suggestions for the removal of the delay in the disposal of criminal cases, as well as of civil suits and appeals.

3. With regard to the personnel, it seems to me essential that there should be on the Committee not only a Judge from England, having experience of the steps taken in England in recent years to expedite the course of Civil litigation, but also Judges, who have had personal experience of the manner in which suits and appeals are disposed of both in England and in this country. I would include on the Committee two business men nominated respectively by the European and Indian Chambers of Commerce and if the terms of reference are to cover an enquiry into the delays in Criminal cases, I would include on the Committee, if possible, a retired Stipendiary Magistrate from London. I would not include Barristers or Pleaders, but rather leave it to the Committee to examine them in the course of the enquiry.

4. With regard to the question of practical suggestions, I think much could be done to reduce the Law's delays in this country.

A great cause of delay in the disposal of civil suits is the difficulty experienced in ascertaining the names of partners in firms carrying on business, the names of members of joint families, and the names and addresses of legal representatives of deceased persons. If this difficulty were obviated by a system of registration a great cause of delay would be overcome. Then I think that in addition to the curtailment of the right of appeal and revision, definite powers should be conferred, enabling Courts to deal with cases, where the parties protract suits in an unreasonable manner. The inherent powers of the Court to check the abuse of its own process are insufficient. Legislation is I think needed in the direction of giving Courts summary powers where suits are unreasonably protected by the parties or at any rate in the direction of allowing the Courts to fix a reasonable time for the conclusion of the examination or cross-examination of a witness.

Provision should be made, in my opinion, for the taxation of costs in criminal cases and, I am in favour of amending the Court Fees Act with a view to the introduction of a sliding scale of Court-fees based on the actual time taken by each party in the disposal of suits. This would provide an automatic check rendering it pecuniarily advantageous to a party not to lengthen suits and proceedings unduly.

(Sd.) A. H. S. ASTON.

10th August 1923.

Minute recorded by Rupchand Bilaram, Esq., B.A., LL.B., Additional Judicial Commissioner of Sind.

I agree generally with the views of the Judicial Commissioner, and I may further add as follows :—

Disposal of civil suits can be expedited to some extent by framing rules under section 128, C. P. C., clauses (*a*) and (*f*).

There is often great delay in serving summons outside the jurisdiction of the Court, and simple suits remain undisposed of for a number of months, for want of service on the defendant.

Suits for rent and for ejectment and suits for recovery of debts or liquidated demands arising out of contract could with certain limitations be tried summarily by Subordinate Judges, and by Judges having Small Cause Court jurisdiction.

Steps should be taken to consolidate the Law of Arbitration at an early date.

In 1907 the Select Committee made the following remarks in their statement of objects and reasons on the Bill to amend the Civil Procedure Code :—

> "We have determined therefore to leave the arbitration clauses much as they are in the present code, but we have placed them in a schedule in the hope that at no distant date they may be transposed into a comprehensive Arbitration Act."

This hope has not been realised during the last 16 years.

The provisions of the Indian Arbitration Act (which was rushed through) are in themselves very faulty.

Where the provisions of the Indian Arbitration Act apply it is not open to the parties to file a reference in Court before the award is made, and to benefit by the advantages attendant on the filing of the reference in Court (such as avoiding unnecessary litigation and costs in proving the validity of the reference after the award has been made or being compelled to prove the validity of such a reference in the Court where the award proceedings have been transferred, for enforcing the award). Under the latest ruling of the Privy Council reported in 50 Calcutta p. 1, it is open to a party objecting to an award on the ground of want of jurisdiction, to institute a regular suit to set aside the award. The result of this ruling is increase of litigation and delay in the recovery of the amount awarded. If A at Karachi obtains an award against B at a small village in the Punjab and gets the award proceedings transferred to Lahore for execution, it is open to B to file a suit at such village for setting aside the award alleging that the arbitrator had no jurisdiction to decide the disputes and by the issue of commission to Karachi, cause unnecessary delay and annoyance to A in the recovery of his just claim; and to obtain a trial of the point in issue not where the claimant would wish it, but where the debtor wishes it.

In Indian Law Reporter 45 Bombay, 245, 265 and in several other decisions including the decisions of our Court the desirability of consolidating the provisions of the Civil Procedure Code and the Arbitration Act at an early date has been pointed out.

I agree with the note made by Mr. Madgavkar, Additional Judicial Commissioner, that before a Committee is appointed opinions and suggestions from responsible bodies like the different Chambers of Commerce and Bar Associations should be invited. I think the presiding member of the Commission should be an experienced Judge and preferably a Judge who has practised as a lawyer, in the moffusil and in High Courts in India.

8th August 1923.

Minute recorded by the Honourable Mr. Justice Fawcett on Delay in the disposal of suits and appeals.

I think a Committee of the kind suggested might make many useful proposals for amendments in the present law, which favours dilatory tactics and gives an opening for dishonest concealment of property by judgment-debtors.

(Sd.) C. FAWCETT.

31st July 1923.

In amplification of my minute of 31st July last, I have the following remarks to offer.

First as to the utility or otherwise of the proposed Committee. It is said that the causes of delay are beyond the power of any Committee to remedy, and that they are inherent in the human material with which we have to deal. I do not deny that the human element, and other circumstances surrounding litigation in this country, do (as the Government of India remark) "make it exceptionally difficult to secure expedition in many types of litigation," and (I would add) also present serious obstacles to the due execution of decrees, the other matter dealt with in the Government of India letter. But is it true that no improvement can be effected by alterations of the existing procedure regulating civil litigation and the execution of decrees such as are contemplated by the Government of India ? Surely it is true that (as stated in their letter) "substantial improvements have from time to time been effected" by "modifications in the Civil Law or the procedure of the Courts calculated to expedite the course of litigation." I do not say such improvements have gone very far towards reducing the delay in the disposal of suits and appeals, but they have for instance limited the right of appeal which was previously much more extensive, and so tended to reduce such delay in many cases. But, if they have not gone very far, is that a sufficient ground for saying that it is useless to consider whether any further improvements can be effected ? That is an *ultra* pessimistic view which will not I hope be adopted by the Judges of this

Court. On the contrary I think we should welcome this proposal, which holds out a prospect of due consideration of the difficulties of the situation and of such suggestions as may be offered for their amelioration.

2. As regards the scope of the Committee's enquiry, if appointed, I would suggest that the precedent of the Judicature Commission appointed in England in 1867 might be followed, with, of course, suitable modification. This is the Commission whose report led to the enactment of the Judicature Acts, which did so much to remove the delays and obstructions in the administration of justice owing to the two systems of judicature previously in force: and it is a precedent of good omen to follow. The reference to the proposed Committee will of course have to be in wider terms, but the phraseology there employed can probably be largely followed. I have not the full terms of the Reference to that Royal Commission before me, but following the summary given in Vol. 12 of the Encyclopædia of the laws of England, at page 48, I suggest the following reference to the Committee, as a draft to work on :—

To inquire into the operation and effect of the procedure enacted by law or otherwise followed by the Courts in India in the disposal of suits, appeals, applications for revision and other civil litigation (including the execution of decrees and orders), *with a view to ascertaining* and reporting *whether any and what changes and improvements could be made so as to provide for the more speedy, economical, and satisfactory despatch of the judicial business* (including execution proceedings) *transacted in such Courts* and for the more speedy, economical and satisfactory execution of processes issued by such Courts.

N.B.—Words *italicised* follow the wording of the Summary I have referred to above.

3. As illustrations I would outline some suggestions which might come within the scope of the proposed inquiry in addition to those mentioned in paragraph 3 of the Government of India letter :—

(1) Provisions aimed at securing a better and more general compliance with the ordinary rule in England that when once a trial has commenced it should continue *de die in diem* until completed ;

(2) simplifying or clarifying the rules as to joinder of parties, *e.g.*, by enacting that the Manager of a joint Hindu family may sufficiently represent the family in regard to monetary transactions of the family, and providing for representation of parties having similar interests by one of such parties, after notice to the others ;

(3) making compulsory the filing of affidavit or documents in all contested suits ;

(4) extending the powers of Court to order security for costs, *e.g.*, in a case where the Court is satisfied that a defendant is vexatiously or unnecessarily attempting to prolong the litigation ;

(5) empowering the Court in a similar case or in a case where it is of opinion that the defence is put in for the purpose only of gaining time, to require the defendant to deposit in Court, or give security for, the amount claimed ;

(6) extending the cases and Courts in which the summary procedure of Order 37 Civil Procedure Code, can be employed.

(7) requiring as a condition of the exercise of the right of appeal that the appellant, if a money decree has been passed against him, pays into Court, or furnishes security for, the whole of the amount decreed against him unless the appellate Court otherwise directs.

(Sd.) C. FAWCETT.

5th August 1923.

Minute recorded by the Honourable the Chief Justice on Delay in the disposal of suits and appeals.

I am thankful to Fawcett J. for having amplified his minute.

I am in general agreement with him.

I think we should welcome any effort directed to reduce the delay that occurs in civil litigation at present.

While I admit the difficulty of achieving this result I see no good reason to despair ; nor do I think that it is not possible to adapt the procedure more to the genius and condition of the people without impairing the efficiency of the present system.

In addition to the specific suggestions made, we may refer generally to the points—(or to some of them)—mentioned in section 128 of Code of Civil Procedure as tending more or less to reduce the delay. For instance there should be no objection to try the procedure by way of originating summons in the District towns.

I would also suggest the desirability of having a small local committee for this Presidency to go into this question in detail and to prepare the ground for the work of the proposed committee, if the Government of India decide to appoint one.

(Sd.) L. A. SHAH.

13th August 1923.

Minute recorded by the Honourable Mr. Justice Marten on Delay in the disposal of suits and appeals.

I agree with Fawcett J. that we should welcome the appointment of a committee, and that the terms of reference should follow those of the English Judicature Commission of 1867 with suitable modifications.

I also agree with the C. J. as to the desirability of a small preliminary local committee.

As regards subjects, delay in execution is most important, and I draw attention to the minute in 1900 of the then C. J. on the greater delay in mofussil executions as compared with the High Court. I should also like to bring forward suggestions to cut down pleadings, and to simplify service of process, etc. Fawcett's J. happy reference to the Judicature Commission reminds one that the Judicature Act abolished the old Chancery Bill of Complaint, and substituted the modern writ and statement of claim. Our present plaint is in effect the obsolete Bill of Complaint. May we not abolish it in our High Court? We could also suggest proper originating summonses (without plaints), and ditto Motions, and also extend the summary suits procedure? I would also suggest service by Solicitors instead of Sheriff; the elimination of admission of plaints; and the shortening of formal Decrees and orders, and the provision of lodgment and payment schedules for dealing with funds to be paid into or out of Court, and also for fewer *ex parte* orders and injunctions.

Minute recorded by the Honourable Mr. Justice Pratt on Delay in the disposal of suits and appeals.

On reconsideration I also think the Committee may do some good. For instance the mofussil law of limitation as to execution of decrees compels the judgment creditor to make frequent application which he has no intention of enforcing.

SUBJECT:—*Delay in the disposal of suits and appeals.*

I am directed to refer to Mr. Gwynne's letter No. F.-159-1922 Judicial, dated the 25th June 1923, on the above subject. The Government of India propose to appoint a Committee to consider the question of delay in the disposal of suits and the execution of decrees and ask for the views of this Government as to the advisability of appointing such a Committee and the scope of its enquiry if appointed.

2. In reply, I am to say that the Governor in Council cordially welcomes the proposal of the Government of India and fully agrees in the view that the course of litigation, in spite of every effort to expedite it, is still subject to such serious delays as to cause some lack of confidence in the administration of justice and to create an obstacle to the commercial and industrial development of India. This, however, has rightly been held not to cast any reflection against the judicial officers engaged in the administration of civil justice or the High Courts under whose control they discharge their duties.

The proposals of the Government of India refer only to the administration of civil justice. His Excellency in Council thinks that the question of delays with regard to the administration of criminal justice might also be taken into consideration, and would therefore suggest that the terms of reference of the Committee should be wide enough to enable it to go into the question as to the nature of amendments required in the entire system of administration of justice *civil as well as criminal* with a view to make it more expeditious, less costly and better calculated to command the confidence of the people by making it more suitable to their customs, habits and outlook in life.

No. 1367-J., dated the 31st August 1923.

From—L. S. WHITE, ESQ., I.C.S., M.L.C., Deputy Secretary to the Government of the United Provinces, Judicial (Civil) Department,

To—The Secretary to the Government of India, Home Department.

I am directed to refer to your letter No. F.-159-1922-Judl., dated the 25th-28th June 1923, on the subject of delay in the disposal of suits and appeals and the proposal to appoint a committee to inquire into the question.

2. The High Court and Judicial Commissioner have been consulted and I am directed to enclose for the information of the Government of India copies of the letters which have been received from them. The Governor in Council welcomes the proposal to appoint a committee. The mischief is undoubtedly serious and if in some measure a remedy can be found, the gain is well worth the effort.

3. As regards the scope of the enquiry the Governor in Council agrees with the view expressed by Mr. Justice Daniels that the committee should be given as free a hand as possible in making its recommendations and does not consider it advisable to attempt to limit its terms of reference too closely. The subjects enumerated at the end of paragraph 3 of the Home Department letter should certainly form the subject of enquiry by the committee, but it is suggested that the committee should be empowered to inquire into any other matters which may be suspected of contributing to delay. In this connection I am to draw attention to the views expressed by Mr. Dalal, who thinks that judicial officers themselves are in some measure responsible for dalay, mainly on account of the absence of any special training.

No. 2554-180 of 1923, dated the 30th July 1923.

From—The Registrar, High Court of Judicature at Allahabad,

To—The Deputy Secretary to the Government of the United Provinces, Judicial (Civil) Department.

With reference to your letter No. 850-VII—233, dated the 11th July 1923, I am directed to forward the following opinions of the Hon'ble Judges of this Court in the matter of delay in the disposal of suits and appeals :—

DANIELS, J.—I think we should agree as to the advisability of a Committee, and that it should be given as free a hand as possible in making recommendations. Its scope should include the matters mentioned at top of page 3 of the G. G. O. and any others on which it considered that the present practice could be improved.

RYVES, LINDSAY, WALSH, JJ. and the HON'BLE ACTING CHIEE JUSTICE agree with the opinion recorded by Daniel, J.

KANHAIYA LAL, J.—The question of the Law's delays as applied to the disposal of Civil and Rent or Revenue suits, appeals, and execution proceedings, is largely connected with the habits of procrastination of the litigating parties, the personnel and constitution of the courts, the strength of the staff, the number of working days available, excluding the vacation and holidays, and at times to the tactics, or want of capacity or inexperience of the legal practitioners engaged. A commission to examine the causes of delay and advise as to the modifications needed in the existing laws and procedure, including any fresh legislation required, and to suggest any modifications in the constitution of the courts, whether created by acts of Parliament, Letters Patent, or otherwise, would therefore be welcome. The disposal of criminal and rent or revenue suits might be included.

Letter No. 1988-XIV—502, dated the 27th July 1923.

From—B. J. DALAL, ESQ., I.C.S., Judicial Commissioner of Oudh,

To—The Deputy Secretary to the Government of the United Provinces, Judicial (Civil) Debartment.

With reference to your letter No. 850-VII—283, dated the 11th July 1923, I have the honour to say that my opinion is asked :—

(1) as to the advisability of appointing a Committee to suggest means to remedy the delay in the disposal of suits and appeals and the unsatisfactory results obtained in the process of the execution of decrees, and

(2) the scope of the inquiry of such a Committee, if appointed.

In my opinion such an inquiry as is proposed will be very useful. Even if it does nothing more, it will be able to collect information from the different provinces and pick out suitable rules for universal application. India is no doubt vast and the conditions of different provinces are wholly unlike. At the same time, I have always felt that we work too much in separate and independent compartments, and one province, if properly informed, may learn much of use from another province. All through my service I have taken considerable interest in the rules of Court and was specially selected in 1910 to revise the rules of the High Court at Allahabad both those relating to the subordinates Courts and those of the High Court itself. I have, however, no knowledge of difficulties arising in other provinces and the methods by which they may have been met. Such a knowledge may possibly elucidate several difficulties of the legal administration of this province and suggest means which have not struck us of speedy method of procedure.

The letter of the Government of India has explored in considerable detail directions in which inquiry should be led. In my opinion two points have been missed out (1) the mentality of the Indian and (2) the education of the Indian Judicial Officers. Dilatoriness does not strike us as it would others. Recently I spoke on the subject to a learned colleague of mine, an Indian like myself, and his opinion was that there was no dilatoriness and that the work was being killed in Courts by hurry. The writing of long and elaborate judgments viewing a question from every point of view, whether it be necessary in that particular litigation or not and the quoting of authorities for every opinion, however well established, is an old tradition of Indian Law Courts and does not date from the commencement of the British Courts. In a recent case I had before me judgments, delivered by the Nawabi Courts in Oudh prior to the occupation, covered 10 to 15 foolscap printed pages in the printed record. Unless you convince Indian Judicial Officers that their ways and methods are dilatory I do not expect any quickening up of litigation.

I think that inquiry should be made as to the possibility of training Judicial Officers. They get no training of any sort or kind and every one goes his own way. One remembers how as a civilian officer in the first year of service the Collector and District Magistrate used to take the new arrival in hand and point out the way he should work. I have always felt that European officers and Indian officers of my service had a considerable advantage by such training over officers of the provincial service. Nobody takes in hand a Munsif when he first joins service. It must be remembered that when he joins he has had little, if any, practice and that judicial officers are not selected in India as in England out of practitioners who have made their names. At the Bar there is no system of a senior permitting juniors to work with him. The principle of practice adopted at the Bar has been, in my opinion, every one not only for himself but against every one else. This crude and untrained officer has no method of work, and in the nature of things he starts with the handicap of ignorance as compared to his Munsarim and Reader as regards routine of Courts. It is very rarely that he picks up courage to shake himself free and dominate those officials. A Munsif who has previously served in the ministerial department of a Judge's office always shows his superiority in the method of work. It has, however, been ordered now that no one, even though he may possess the necessary qualifications, can be appoined a Munsif from the ministerial staff. In my opinion this order is highly prejudicial to the efficiency of the service. If the Committee take up this matter for consideration, some means may be devised for the training of newly joined officers. I have been a District Judge now for 24 years and there are only three Judges' posts which I have missed out under the Allahabad High Court. My long experience in all these many districts has confirmed me in my opinion that delay in judicial work is mainly due to want of method among the Indian judicial officers. In this connection I append extracts from what I said in the Annual Report of the Allahabad District Court for the year 1920 and in a speech which I delivered at the Provincial Judicial Conference this year.

The Committee will do very useful service if it considered and made recommendations regarding the printing of law reports. I believe that Mr. Justice Coutts Trotter when he first came to the Madras High Court took up the matter and expressed his distress as any same lawyer would at the multiplicity of these reports. The High Courts themselves refer to every report printed without any authority, so the Subordinate Courts cannot be expected to take a different line. The reporting of

every word of a Judge, of wisdom or otherwise, has become a nuisance in my opinion. I quite expect to read soon in one of the reports the expletives of a Judge as he put his foot unsuspectingly in a tub of hot water. This mass of reporting puts a terrible strain on Courts of law. A Judge even of the highest Court is after all human and is not at his best at every moment of his duty. Every Court has to essay the task of reconciling different opinions of different Judges and even in the smallest matter the judgment lengthens out. This vast publicity leads to emulation among Judges to lay down principles of law where no such necessity arises in a particular case. There is Act XVIII of 1875 which definitely lays down in section 3 that no Court shall be bound to hear cited or shall receive or treat as an authority binding on it the report of any case decided by any of the High Courts other than a report published under the authority of any Local Government. As I have noted above High Courts pay no attention to this salutary provision of law and the Committee may be able to recommend the passing of some definite orders to prohibit unauthorised law reporting. The test of my complaint is easily made. One has to compare the judgments of the Honourable Privy Council which takes note only of its own previous judgments and on rare occasion of those reported in Indian Law Reports with those of the Indian High Courts. Such a comparison will reveal how their Lordships of the Privy Council in 2 or 3 pages or even in a few lines bowl over or affirm most lengthy pronouncements of the Indian High Courts.

I hope it is understood that facts are not so bad as one would imagine from the statement appended to the letter of the Government of India. A statement of the average duration of cases is often deceptive. The decision of a few very old cases makes the average duration mount up though the majority of cases may have been decided in reasonable time. It is the case of the "dram of evil which all the noble substance often doubt to his own scandal." For instance if 10 cases have taken 6 months each to decide and one case has taken 5 years the average will be shown as 11 months though 10 out of 11 cases were decided within a reasonable time. There is delay and avoidable delay no doubt but a statement of average duration makes things look darker than they are.

Extract from the Annual Report for the year 1920.

**** The institutions in the Court of Small Causes Allahabad and in the Courts of the two Subordinate Judges have fallen, yet the pending file in both the Courts of the Subordinate Judges is higher. I consider this to be due to an entire want of system in the trial of cases. As a rule I take up a few original suits of the Court of the Subordinate Judge for trial in order to see how work is carried on in that Court. Since I came here I had unfortunately not been able to do so till this month, when I discovered that the procedure prior to actual trial was extremely unsatisfactory. Issues were already framed in the suit which I took up on the date fixed for its hearing, and I discovered that another suit intimately connected with it and relating to the same property and in which also issues had been drawn up was fixed for hearing on another date. On the documents tendered by parties there was no note as to whether they were admitted or not by the opposite party. A suit is not properly gripped before the oral evidence commences. I have often told Subordinate Judges that fifteen minutes spent by them at the time of framing issues would save them five days later on in the proceedings. I have pointed out the defects to the Local Subordinate Judge who is newly appointed and I am in hopes that his outturn of work will be larger this year than that of his predecessors last year.

B. J. DALAL, I.C.S.,
Judicial Commissioner of Oudh.

Extract of speech made by B. J. Dalal, Esq., I.C.S., Judicial Commissioner of Oudh, to the Provincial Judicial Service in April 1923.

****Avoid the fault of dilatoriness otherwise there is a danger of civil justice being brought into ridicule and disrepute. It is not so much the duration of a case that harasses the public as the constant postponements. Within the small sphere of a Judge's jurisdiction I have been able to quicken up work by prevailing on my fellow workers to study their own delay statements. The idea is that these statements are made for superior Courts and some judicial officers leave it to their Munsarims to sign them. As my great exampler Sir George Knox used to say they are really devised to help the Courts to which they relate. Such a statement should be always before a judicial officer to remind him of the cases which have been delayed most and where the witnesses have come oftenest to Court without being heard. By fixing dates of hearing yourself and an intelligent provision in doing so much of the present complaint can be removed**** I do not suggest that we work short hours or are lazy but my belief is that we can do better by system and method. In Oudh, taluqdari cases ruin the business of many Courts but even taking them out, some of the suits are prolonged far longer than they should. Possibly the parties are not blameless and use devices to prolong litigation. In consultation we may be able to discover them and prevent them prevailing as they do at present. Our hard work is

universally recognised. Still I for one am not satisfied that we have done all we can to quicken up proceedings**** I shall repeat a few suggestions based on experience :—

(1) Have the delay statements always with you,
(2) Fix dates of hearing yourself,
(3) Try and fix only as much work as you can do in one day,
(4) Take pleaders into your confidence and consult them freely as to the time required for examination of witnesses of arguments,
(5) Pass interim orders yourself and do not leave them to the Office : the certifying of sufficiency or otherwise of service is frequently left to the Office contrary to statute,
(6) Grip the facts and do not permit any one to travel away from them,
(7) Do not leave details of procedure to the end of the trial such as the admission of documents and so forth.

SUBJECT—*Delay in the disposal of suits and appeals.*

In answer to Mr. Gwynne's letter No. F.-159-1922-Juld., dated the 25th June 1923, on the above subject, I am directed to say that owing to the vacation of the High Court the Governor in Council regrets that it will not be possible to give a considered reply till the beginning of November next. But subject to a possible change of view on receipt of the opinion of the High Court he is provisionally of opinion that a Committee might suitably be appointed as suggested in Mr. Gwynne's letter and that the scope of the enquiry might be as indicated in paragraph 3 of that letter.

SUBJECT—*Delay in the disposal of suits and appeals.*

In continuation of my letter No. 3795 S. Judl., dated the 22nd September 1923, on the above subject, I am directed to say that the Governor in Council has now received the opinion of the Hon'ble Judges of the High Court of Judicature at Lahore and agrees with them that a Committee might suitably be appointed to consider the whole question. A copy of the letter of the Registrar, High Court, is forwarded for the information of the Government of India.

SUBJECT :—*Delay in the disposal of suits and appeals.*

I am directed to refer to your letter No. F.-159-1922-Judl., dated the 25th-28th June 1923, inviting the opinion of this Government on the advisability of appointing a Committee to consider the steps to be taken to expedite the cause of civil litigation and the scope of its enquiry if appointed.

2. In reply I am to say that the Governor in Council welcomes the proposed appointment of a Committee with an experienced Judge from England as one of its members to consider the whole question. The Hon'ble Judges of the High Court of Judicature at Rangoon were consulted in the matter and a copy of their reply containing a note by the Hon'ble the Chief Justice is enclosed for the information of the Government of India. I am to say that the Governor in Council agrees generally with the views expressed by the Hon'ble the Chief Justice.

SUBJECT :—*Delay in the disposal of suits and appeals.*

In reply to Mr. Nanavati's letter No. 167-W.-23, dated the 19th July 1923, I am directed to submit herewith a copy of the Hon'ble the Chief Justice's note, dated the 27th August 1923.

The Hon'ble the Chief Justice's note, dated the 27th August 1923.

As to the wisdom of appointing such a Committee the Hon'ble Judges are nearly equally divided in opinion. While no doubt it may be urged that the causes of delay and the failure to execute decrees are fairly well known and that a Committee would involve very large expenditure the matter does not rest there. Details of procedure might be dealt with by the Local Legislatures and closer supervision may be left to the High Courts concerned. Much can be done to speed up the disposal at all stages of suits. So far this province is concerned the figures given for 1921 show that Burma is considerably in advance of the other Provinces and later figures show a continued improvement in durations. But no one can deny that much still remains to be done. It is not, however, in respect of such matters that the Committee is proposed and the matter to be considered is not one of detail but of substantial changes in the general law applicable to all parts of the Indian Empire. The very grave issues involved need to be tackled in a comprehensive and thorough manner and feeble attempts to improve matters by small changes here and there are to be deprecated. In my opinion if any substantial improvement is to be made and retained it can only be by a complete and searching overhaul of our laws and procedure in the direction of simplifying the trial of suits and in the direction of limiting the time in which the aid of the Courts at all stages may be invoked. To do this means to deal with laws that apply to all parts of the Indian Empire alike and before this can be done the effects must be weighed from the point of view of each and every one of the Provinces. This could not be done effectively by calling for opinions and extracting from them the lines along which advance might be possible. It can only be done with any hope of a thorough and complete examination of the problems involved by a Committee such as is proposed. I do not consider that the expense should be weighed. There is no doubt of the risk to the industrial and commercial development of India and there is the encouragement afforded to a naturally litigious people to their grave detriment. It leads to injustice and places the poor at the mercy of the rich. In my opinion a Committee is clearly called for.

As to the scope of the enquiry it should I think be directed to the simplification of our procedure law for the hearing of suits and the execution of decrees. It may not be possible to do much in respect of the former but the latter matter needs drastic simplification. If suits are filed against persons who have no visible property it is hardly a matter for surprise that a large proportion of decrees obtained are infructuous. In Burma however a large number of judgment-debtors are natives of India who merely disappear into their own country and cannot be traced or made to pay without a greater amount of expense and trouble than the decree-holders are prepared to face. The enquiry might consider what can be done to ensure prompt help from Courts in India in such circumstances.

Our Law is very generous in the matter of appeals and this is perhaps necessary owing to the poor quality of the general run of subordinate Courts, but there are many appeals of various kinds allowed from interlocutory orders and preliminary decrees which result in great delays and which are often filed merely to cause delay and expense.

The question of the period of limitation allowed also needs consideration. There is no necessity for long periods and even if they cannot be reduced the energetic litigant might be rewarded for promptness by charging him a lower Court fee if he takes action without delay.

The question of Codification of Personal Laws is one needing very full consideration. There is no doubt that much time is spent in litigation involving questions of a personal law that would be saved if that law was codified. In most cases the parties are entirely ignorant of the provisions of their personal law and in Burma at any rate that law is in

a large measure judge-made law. The subject is highly controversial and attempts to codify have generally been opposed and have finally been given up. A full consideration of the subject by this Committee would collect all that could be urged on one side or the other and might enable this very beneficial reform to be accomplished.

The question of limiting the number of legal practitioners of the lower grades at any rate might be considered. That they are a source of litigation is undoubted and they do not assist the Courts but are in a large measure responsible for the length of durations.

In my opinion the appointment of such a Committee would have every prospect of obtaining very valuable results.

SUBJECT :—*Delay in the disposal of suits and of appeals.*

I am directed to refer to Mr. Gwynne's letter No. F.-159-1922, dated the 25th June 1923, on the above subject, and to say that the Governor in Council has consulted the Hon'ble Judges of the Patna High Court. Four out of the six Judges who have expressed an opinion, as well as the majority of the District Judges, are in favour of the appointment of a committee to consider the whole question, as contemplated in paragraph 4 of the letter referred to above. Copies of the opinions of the Hon'ble Judges are enclosed for the information of the Government of India, and I am to invite special reference to the views expressed by the Hon'ble Chief Justice and Mr. Justice Mullick.

2. The Governor in Council is strongly in favour of the proposed enquiry by a committee, and of associating in it a Judge of English experience who would carry weight. In the opinion of His Excellency in Council it should be an expert enquiry, and it would be fatal to give it a political bias. The scope of the enquiry should be to investigate the causes of delay in the disposal of suits and appeals by the Indian Courts, and to suggest such amendments of the law as may be considered necessary and practicable for the speedier disposal of civil litigation.

3. The notes of the Hon'ble Chief Justice and Mr. Justice Mullick discuss various important aspects of the problem. There is, however, one other point, which in the opinion of the Governor in Council is relevant, viz., the degree of latitude that is too often allowed to the bar in protracting proceedings. In the courts of original jurisdiction the cross examination of witnesses is not infrequently carried to undue length. Some presiding officers, either from an adequate appreciation of the rules of evidence, or from a misplaced desire to give the parties every opportunity to present their case, or sometimes, it may be, from an incapacity to exercise a proper control over the conduct of the proceedings, permit much irrelevant evidence to appear on the record. Not only is the trial of the suit protracted thereby, but the necessity of perusing a mass of evidence with a view to the exclusion of much that is irrelevant leads to a waste of time in the appellate court. The tendency to permit undue length of argument, from which the Governor in Council is constrained to observe even the highest courts in India are not altogether free, may be indicated as another possible cause of the delay in the despatch of civil justice. This question is a somewhat difficult and delicate one, dependent as it is both on the temperament of the presiding officer and on the fact that brevity and conciseness in argument have not been cultivated in the Indian courts to the extent that they have been in the courts of Great Britain. But the Governor in Council cannot but feel that much improvement might be effected in this direction if the High Courts, by precept and example and by upholding officers in subordinate courts who may endeavour to check undue prolixity at the bar, indicated their determination to deal with this aspect of the problem.

OPINION.

The Government of India want our suggestions to "such modifications of the law and procedure as would in themselves lessen the burden now placed on that (existing) establishment, while allowing of the greater expedition of civil litigation; and would, without placing fresh charges on the local Governments, afford some remedy at the hands of Government," for "they have no desire that measures should be suggested which would involve an increase of expenditure on local Governments."

This was exactly the standpoint from which I scrutinized the working of the subordinate Courts in the province during my inspection thereof to

which I brought to bear my personal experience while at the Bar and as a member of the public. In my minutes of inspection I recorded the following :—

> "The duration of cases from the date of institution to the date of disposal has been much reduced from what used to be in the former days and there is a chance of further reduction by improving the system of the trial of suits and execution proceedings, without any increase in the number of officers. It must be noted here that the officers have been devoting their full time and attention to the work,"

and I embodied in the minutes my suggestion for the improvement of the system after having consulted the various Judicial Officers, the Members of the Bar and the litigant public. A consideration of these suggestions was kept pending till the General Rules and Circular Orders of the Patna High Court were published which has since been done but they do not go far enough : *vide* sections 27 to 29 of the Civil Procedure Code and the rules grouped under Order V and Order XXIX, rule 2 and Order XXX, rule 3. For detailed suggestions I would refer to Collection No. XLIX, file No. 13 of 1921. Further experience has confirmed my belief in the suggestions made by me and I would refer to them here briefly.

I have perused the report of the Assistant Registrar of the High Court upon the system of service of processes of the Courts, such as summonses, notices, etc., which accords with my views.

It is now admitted on all hands that the service of processes or notices by means of identifiers supplied by the parties has proved to be most unsatisfactory and has led to serious frauds and forgeries. The cases where processes are received and receipts given are hardly 2 per cent. The system is responsible for this low percentage of *bonâ fide* service, and the Courts have ceased to have any confidence in such service, and they are now resorting to service by post which also is not satisfactory.

The identifiers supplied by the parties are often as much ignorant of the person or property to be served on as the serving peon himself and therefore the parties make terms with the peon. The affidavits filed by the identifiers are often false, and it is notorious that big estates have professional identifiers who never go to the spot but simply swear affidavits. It often transpires that the persons said to have been served were dead at the time of service.

This unsatisfactory method of service gives rise to a number of miscellaneous proceedings and even suits for setting aside decrees, executions, sales, etc., which not only cause harassment to the parties but also immense loss of time of the Courts.

A good and reliable service will give timely information to the parties and to the Courts of the death of a party and then substitution would be readily made.

It is therefore necessary to have local agencies for the service of Court processes. The Dafadars, Chaukidars and Panches or the village administration which is now brought into being (Act III of 1892, sections 5, 6, and 7) may be usefully utilized for this purpose. The Local Government may make necessary rules under section 96 (*2*) (*k*) of the Act. I do not believe in honorary work of this kind. The parties at present spend a good deal on service of processes and they will not grudge paying fees along with the processes filed by them, for remunerating the village Officers for serving processes. They will be paid through the Courts concerned. The scale of fees may be fixed in consultation with the Local Government.

The affidavit of the serving peon will then be accepted as sufficient proof of the service until it is challenged. The General Rules and Circular Orders will have to be amended accordingly. The local Officers will certainly know the person and the property required to be served and there will be no danger of wrong service. They will also report the fact of the death of a party on the back of process and also the name of his heir. The parties concerned will be informed of this fact through their pleaders and they will then take necessary steps for substitution. Very often a party living at a distant place does not know the name of the heir of the deceased and he depends on local agencies for such information which he will now readily get, and he will thus be saved the necessity of applying several times for time to make enquiries.

The serving peon will now necessarily have to go to the village and will have the service verified by the local agency on the process and therefore there will not be any more fraudulent return of service, without going to the locality. There will then also be certainty of service upon minors and pardahnashin ladies.

The village officers are under the control of Government and can be dealt with in cases of misconduct. Therefore there is a good check, whereas the identifiers of the parties are under no such check.

The advantages of the system suggested would be :—

(1) The substitutions in place of deceased parties will readily take place' and the abatement of cases for want of substitution will be stopped as well as the subsequent elaborate proceedings to set aside abatements which take up so much time of the original as well as the appellate Courts.

(2) The genuine and prompt service of processes would put a stop to institution of suits and proceedings for setting aside *ex-parte* decrees and execution proceedings.

(3) The notices under Order XXI, rules 22 and 66 having been served properly, there would be no longer proceedings to set aside execution sales.

(4) The judgment-debtors now feeling that they would not be able to falsely dispute the service of processes will see that the sale proclamations are properly served and bidders attend the sales so that their properties might fetch proper value.

(5) The lower percentage of successful execution will then rise and the executions will then be not infructuous as they are now, and the decree-holders will be able to reap the benefit of their decrees except in genuine cases of poverty of the judgment-debtor.

In my minutes of inspection I have shown the enormously large percentage of infructuous execution and, as pointed out in the Government of India's letter under consideration, this naturally causes lack of confidence in the administration of justice and, as I said in my minutes, "It is incumbent upon a Court to see that its decree is respected and is properly executed."

Another suggestion which will tend to improve the execution of decrees is the strict compliance with rules 2 to 4 of Order XXI, rule 66 of interogating and examining judgment-debtors in order to find out information regarding their properties and means to pay up the decretal amount. This is done very seldom. These rules were newly added in the Code of 1898, but they are very rarely taken advantage of by the parties or the Courts, and recently I tried them and found them to serve the purpose for which they were intended and the executions were expeditious and successful.

In my estimate one-third of the time of the subordinate courts will be saved if the aforesaid suggestions are adopted. There will also be a saving of time of the lower appellate Courts and of the High Court which is now occupied in disposing of appeals and motions arising out of matters referred to above.

The time thus saved can be utilized in the proportionate reduction of duration of litigation in the Courts, as observed by me in my minutes of inspection. Then there will also be much confidence reposed in the administration of justice.

The strict observance of rule 2, Order XII will also save time. This rule is with respect to calling upon the adversary to admit the documents filed by the opposite party, particularly the undisputed documents, and it empowers the Courts to impose cost of proving such documents upon the party which unnecessarily refuges to admit such documents regardless of the result of the suit. The rule is not generally observed, with the result that the opponent generally puts the party seeking to use the documents to unnecessary trouble and expense in proving the documents by witnesses. Apart from the harassment to the party concerned it causes unnecessary waste of time of the court which can be saved for reducing the duration of cases. The same remark applies to the provisions regarding interrogatories.

Another important matter relates to commissions to examine witnesses. The commissioner has no power to disallow questions, and has generally no control over time. This causes enormous waste of time of the Courts in going through the unnecessary and irrelevant evidence when the depositions taken down by the commissioner are put in evidence. Something can be done in this direction also.

In many matters the service of processes may be effected upon pleaders after the appearance of parties, and this will also save time. The service upon pleaders should by rules be made binding upon the parties.

The preparation of cause lists, the mode of fixing dates for hearing and notification of those dates on the Notice Board which have recently been introduced in the subordinate courts, have caused enormous saving of time and has reduced the corruption in the ministerial offices of the Subordinate Courts. The suggestions that I have made will also be wholesome in this direction.

Regard being had to the peculiar customs and the social system of the country and want of trained legal advisers referred to in the Government of India's letter under reply, I could only think of the above suggestions which would reduce the durations of cases and inspire confidence in the administration of justice, without entailing any additional cost, and I do not think there is any room for improving the law of Limitation or for curtailing the right of appeals and revisional applications for reducing the duration of cases.

The above suggestions will obviate the necessity of the registration of addresses suggested in the Government of India's letter for the purpose of service of notices inasmuch as the local agencies for service suggested above will know the addresses; but there is no harm in having this additional precaution.

I do not think any committee is needed for enquiry into the matter. I am therefore not in favour of such committee far less of associating a Judge from England into the enquiry, inasmuch as the conditions of this country are very much dissimilar to those of England.

JWALA PRASAD.

Opinion of the Hon'ble Judges.

HON'BLE THE CHIEF JUSTICE.—One of the main causes of delay in the disposition of Civil suits is undoubtedly due to the joint family system prevailing amongst Hindus under which every member of the joint family holds an interest in the joint property. The majority of cases which arise in this province, and probably in other parts of India where the Mitakshara Law prevails, involve claims to property of this nature. This necessitates the introduction of a multiplicity of parties to the suit many of whom are minors and must be sued through guardians who have to be appointed for the purpose. Apart altogether from the initial difficulty of effecting service on so many parties, mortality during the pendency of the suit makes necessary the substitution of the legal representatives of deceased parties. It is not uncommon to find over a hundred defendants impleaded in suits of this nature. There are seldom less than a dozen. Further it frequently happens that the plaintiffs suing parties in another village receive no intimation of the death of one or other of the defendants and the suit abates before substitution can be made. In such cases it becomes necessary to apply to set aside the abatement before substitution can be made and generally disputes arise which have to be determined as to whether the circumstances warrant the Court in setting aside the abatement. Notice has to be served upon the surviving parties and time is spent in disposing of such applications before the suit or appeal can proceed. Again in all mortgage suits, which are numerous, in respect to joint family property, as new members are born into the family, it becomes necessary to add them as parties. Their birth is frequently unknown to the opposite side and questions often arise during the appellate stage as to whether decrees obtained in the absence of parties interested in the equity of redemption are not entirely infructuous. An instance of this class of defect arose before me recently in the case of Hari Prashad Singh *v.* Surendra Mohan Singh (I. L. R. 1 Patna 506 at page 519). This is merely an instance of many similar cases. I think these questions required careful consideration. No doubt it is a fundamental rule of all civilized system of jurisprudence that those who are not bound by the decree. At the same time I think the rules of representation might be advantageously modified in this country. I should be inclined to introduce a rule that in all suits relating to claims to joint family property the managing member of the family should, ordinarily, be entitled to sue or be liable to be sued in a representative capacity. It sometimes happens, however, especially in cases where alienations of family property by the managing member are questioned, that other members principally minors, have adverse interests. In such cases some procedure would have to be provided to permit them to apply to the Court to be made parties, but I should not allow more than one such party to represent the interests of a class. I merely suggest this as a possible remedy for an existing evil but I think much of the delay and much of the time occupied by the Court might be avoided by devising rules with proper safeguards along the lines indicated.

Another cause of delay, but one which I am afraid it is difficult to deal with by legislation, arises from the slipshod manner in which the preparation and conduct of the case in its initial stages is carried out by the legal practitioners in the mufassil. It is the exception rather than the rule to find pleadings skilfully drafted. Much irrelevant matter is usually introduced, and not infrequently important averments of pleas are either omitted or introduced in an ambiguous form. What would be the work of a Solicitor in England is here carried out by pleaders whose training and qualifications for this work leaves must to be desired. It often happens that important points of law are not taken until the case comes on appeal to the High Court. If the point requires evidence to support it, it is generally found that the evidence upon the point which had not been emphasised is either lacking or of a very unsatisfactory and chance nature and the case is either decided on the ground of onus of proof or has to be remanded to the lower Court for findings on fresh issues. It is not easy to see how the defects and delays arising from this cause can be effectually dealt with by amending the procedure. The root of the evil is deeper.

Another frequent cause of delay is the fact that the pleader in most cases has the greatest difficulty in obtaining funds from his client to pay the necessary court fees and expenses incidental to a trial or appeal. The court fees payable under the Court Fees Act at the commencement of a trial or appeal are for the most part *ad valorem* fees proportionate to the value of the subject matter of the suit or appeal which must be valued for the purpose of jurisdiction and payment of court fees in the plaint or memorandum of appeal. As it is unusual to file appeals until the last day of the limitation period, and as the fees paid are frequently deficient, applications for extension of time to pay the deficit occupy a disproportionate amount of the Court's time, Even the talbana of a few rupees in most cases payable for issuing notices is almost invariably left unpaid at the appointed time. The case has then to come before the Court for orders and apart altogether from the additional time occupied by the Court in disposing of such applications the case itself is delayed in the hearing. The pleader will not pay such fees and debit his client as a solicitor would in England and the client will not part with his money until it is extracted from him by repeated applications. Although considerable latitude is allowed many cases are struck off for default of prosecution owing to non-payment of fees. Applications are then made for restitution usually on the ground that the client was ill or did not receive his pleader's letter requesting payment of fees or on some other plausible excuse. The Court has power to extend the time for performing

such acts but if the rules were made more stringent in this respect I believe that much time would be saved. It would also be a salutary rule to enforce payment of talbana for service of notice on defendants or respondents at the time when the plaint or memorandum of appeal is filed. The sums necessary for this purpose are in most cases small and no injustice would be done if the deposit of these sums was required when the suit or appeal is instituted.

Another source of delay arises from the system of serving notice of process. All notices which have to be served personally are served by the court peons. In many cases either through inability to find the person to be served, or by reason of the necessary formalities not having been complied with by the peon, the service cannot be made or is defective. The peon as a rule does not personally know the party to be served. An identifier has to be provided by the party serving and must be ready to attend on the peon when he proceeds to effect service. If he does not turn up at the appointed time the notice is returned unserved and the process has to be gone through again and a fresh fee deposited. Such cases are, in my opinion, far too frequent. Personal service is often very difficult to effect in this country and defendants naturally attempt to avoid it. I find that the views of Judges whom I have consulted as to the remedy for this matter are divergent as to the best means of obtaining an effective and speedy service. Many of them consider that if some form of substituted service in lieu of personal service were generally permitted the remedy would be worse than the disease. There are undoubtedly cases where the venality of the peon, a low salaried official, is taken advantage of to make a false return and no service is effected at all. The defendant remains in ignorance and the suit is decreed *ex parte*. Invariably in such cases the suit is reopened either under Order 9, rule 13 or by a fresh suit to set aside the decree. The present rules for effecting service are contained in Order 5 of the Civil Procedure Code. Rules 10 to 20 of that Order require consideration. Under those rules each defendant must be served, and, where it is practicable, service must be made personally on the defendant or his agent empowered to accept service. By rule 15 where a defendant cannot be found service may be made on any adult member of his family residing with him. This is frequently done where the defendant can be found but does not happen to be on the spot. By rule 17 service may be effected by fixing a copy of the summons on the door of the house of the defendant provided the serving officer cannot find him after using due and reasonable diligence for that purpose. Frequently this mode of service is adopted where no diligence is used at all. Rule 20 provides for substituted service by order of the Court where the defendant is purposely avoiding service but this mode of procedure is seldom resorted to. That which is provided under rule 17 is more frequently adopted in such cases. These somewhat elastic rules based largely upon the English procedure give rise to frequent disputes as to the validity of the service. Where service is denied the serving peon is usually called as a witness. If he has acted under rule 17 he frequently fails when called as a witness to establish that he made any real attempt to effect personal service. The decree is set aside and the case begins all over again. On the other hand I am confident that in many cases where the defendant has been effectively served he purposely fails to appear and, after an *ex parte* decree is passed against him, applies to set it aside under Order 9, rule 13 of the Code hoping to be able to prove some defect or irregularity in the service. Even he has no defence he puts off the evil day for a time and hopes to exhaust his opponent's resources. Applications under this rule are much too frequent, in my opinion, and point to a serious defect in the system of procedure. I think it should be possible to devise some means of substituted service which might be permitted in all cases as an alternative to personal service and I think that this might be done in a manner which would practically insure that the person to be served in fact received notice if living in the village where the service was effected. It might possibly be done through the headman of the village in cases arising in the mufassil and by posting a copy of the notice in a conspicuous place, a book being kept for recording such service. Or again it might be effected by service at the residence of the party and by attaching a copy to the door or other conspicuous part of the house but whatever the process adopted I think it should be uniform and rigid allowing the minimum of opportunity for contesting its validity. I am well aware that there may be objections to this form of procedure but if some uniform method of service were adopted which would give the defendant every opportunity of obtaining notice I think it would soon become effective and avoid much controversy and delay.

Another matter which I cannot help thinking in many cases lengthens and adds to the expenses of the trial is the system prevailing of issuing commissions to examine witnesses when they might without much inconvenience attend the trial. Order 16, rule 19 exempts witnesses residing outside the local limits of the trial Court's jurisdiction and 200 miles or more from the court house from personal attendance at Court even where there is railway communication. I consider that the limit might be extended.

Another matter cognate to the question under consideration arises from the procedure adopted in many cases by Munsiffs and Subordinate Judges in the trial of suits. It has been the practice after the pleadings are closed to fix a future day, say, a couple of months hence, for the attendance of the parties with their witnesses for trial, irrespective altogether of the state of the file of the Court and whether there is any chance of the trial coming on on the day fixed. As a rule when the day arrives there is no chance of hearing the case in question and it is adjourned again for another day some weeks or months later. Frequently the parties and their pleaders relying upon the probability of

the case not being taken have not got their witnesses present and adjournments are again granted. It not infrequently happens that one or other of the parties takes advantage of this system, collects his witnesses knowing that the other side will not be ready and oppose any adjournment. Many cases are disposed of in such circumstances in the absence of the witnesses on one side or the other. In the Court over which I preside we have done our best to avoid this defect in the system by issuing instructions to the subordinate Courts not to fix a day for the hearing of the suit without consulting the list of pending cases and endeavouring to fix a day upon which it will not be necessary to adjourn the case to a later date. Considerable improvement has been effected in this manner but I think that the rules in this respect require reconsideration. I have no statistics, but from my experience I believe I should be well within the mark in stating that at least half the cases which come before the High Court on appeal are determined partly or entirely on question of practice and procedure. Such a state of affairs is regrettable and calls for enquiry.

Obtaining satisfaction of decrees by execution no doubt gives rise to considerable difficulty in this country. In the majority of cases in the mufassil the mode of execution is by attachment and sale of immoveable property and this frequently gives rise to conflicting claims between persons interested, or claiming to be interested, in the property attached. Charges of fraud in publishing or conducting the sale and applications to set aside the sale on that ground under Order 21, rule 90 are extremely frequent. I am afraid many frauds are perpetrated but charges of this nature are also constantly made without justification. Legislation can hardly be expected to cure either the fraud or the habit of making false charges. The benami system in vogue in India assists fraudulent debtors in disposing of their property when litigation is pending in order to avoid execution, but protection is already given against fraudulent alienations in order to defect creditors by section 53 of the Transfer of Property Act of 1882 and, where the property is the subject of the suit, by the rule relating to transfer *pendente lite*. Many applications for execution are infructuous because they are merely instituted to save limitation and give a fresh starting point of 3 years under Article 182 of the Limitation Act. This frequently happens where a decreeholder can find no property of the judgment-debtor against which he can enforce execution, but wishes to keep alive his right. There may therefore be several applications within the 12 years allowed by section 48 of the Civil Procedure Code which are never intended to be proceeded with. The returns showing the percentage of infructuous pplications do not therefore accurately represent the percentage of suits in which execution of decrees has entirely failed. There may be several applications for execution of a decree within the limitation period of 12 years some of which give no result and some of which result in part satisfaction although in the end the decree is entirely satisfied. The difficulty of obtaining satisfaction in execution is, I imagine, largely due to the difficulty of finding property against which to execute. The vast majority of the population appear to have a constitutional disinclination to liquidate their debts until compelled by legal process to do so. Their moveable property is as a rule small and in so far as it consists of money is easily concealed. Accordingly it is the immoveable property which is most frequently the subject of execution. I have some doubt whether legislation in the circumstances can do much to avoid the existing defects and delays. Possibly some delay might be avoided by demanding security for the decretal amount from the judgment-debtor in cases where objection to execution or to the sale of property attached in execution is taken. A rigid rule to this effect might work injustice in cases where the judgment-debtor is unable to provide security but in the case of persons of means it might have a salutary effect.

I consider that a Commission if appointed to deliberate and report upon the causes of delay existing might do some good. I should advise that it should contain at least one member who had an intimate knowledge of village life in India and of the work of disposal of cases in the subordinate Courts.
